Tales from the Slot Floor, Volume 1: Casino Slot Managers in Their Own Words David G. Schwartz,2018-06-22 Slot machines are the backbone of most casinos. They earn the most money and determine the physical layout of the casino floor. The management of slot machines, which includes overseeing employees, selecting machines, designing the playing space, resolving customer disputes, and conducting analyses to improve operations, is a challenging field whose complexity has grown as the machines themselves have become more sophisticated. To better document the current issues in slot management--and the change the field has seen over the past four decades--the University of Nevada, Las Vegas Center for Gaming Research conducted an oral history project. Those interviewed were at all stages of their careers. Drawn from these interviews, *Tales from the Slot Floor* features slot managers

discussing several of the most important issues in today's casino world, including: the optimal layout of a slot floor; the qualities demonstrated by both good and bad managers; what customers want from their visits to the casino; the vendor/casino relationship; appealing to millennials; and what the future holds. In addition, those with long careers share their views on the changes they have seen, and all subjects offer their advice to those embarking on a career in slot management. For those interested in becoming slot managers, or those just curious about how casinos work, *Tales from the Slot Floor* gives you the inside story of slot operations, from those who do it.

Gambling and the Law I. Nelson Rose, 1986 Discussions in this book include taking gambling losses and expenses off your taxes, how to avoid paying gambling debts, what to do if you feel you are cheated, whether a home poker game is legal, what to do if you are arrested, your rights in a casino, can counting cards be legal, how to keep from being blacklisted by casinos, getting a gambling license, reducing taxes if you win big in the lottery and more.

Tales from the Pit David G. Schwartz, 2016 Dealing in a casino presents challenges and rewards not seen in many workplaces. With hundreds of thousands of dollars at stake every minute, table games pits are high-stress workplaces. Managing a workforce of dealers and attending to the needs of players brings stresses of its own. In 2015, the University of Nevada, Las

Vegas's Center for Gaming Research received a grant from the UNLV University Libraries Advisory Board that enabled it to undertake an oral history project intended to capture the stories of table games managers, including both those currently working in the field and those who have retired. Drawn from these interviews, *Tales from the Pit* provides an overview of how the interviewees felt about a variety of topics, ranging from their experiences breaking in as new dealers to their transitions to management and the changes the industry has seen over their careers. The current and former managers speak candidly about the owners, bosses, dealers, and players who made each day challenging. This book illuminates the past several decades of casino history through the words of those who lived and made it.

Dealer Wins Jon Konrath, 2004-10-01 From the high-roller suites in the Stardust Casino to the beat-up \$39 rooms of the Circus Circus, this book unveils the trip reports of Konrath's stays in Sin City, written from an outsider's view with cynical wit and amazing detail. Articles also cover the movies shot in Las Vegas, the sins of passion enjoyed in the city, and the things you should and should not do if you plan a visit to the City of Lights. Includes over 120 photos.

So opens *Born to Lose*, Bill Lee's self-told story of gambling addiction, set in San Francisco's Chinatown and

steeped in a culture where it is not unheard of for gamblers (Lee's grandfather included) to lose their children to a bet.
