**Raw Deal** Steven Hill,2015-10-20 What's going to happen to my job? That's what an increasing number of anxious Americans are asking themselves. The US workforce, which has been one of the most productive and wealthiest in the world, is undergoing an alarming transformation. Increasing numbers of workers find themselves on shaky ground, turned into freelancers, temps and contractors. Even many full-time and professional jobs are experiencing this precarious shift. Within a decade, a near-majority of the 145 million employed Americans will be impacted. Add to that the steamroller of automation, robots and artificial intelligence already replacing millions of workers and projected to obsolesce millions more, and the jobs picture starts looking grim. Now a weird yet historic mash-up of Silicon Valley technology and Wall Street greed is thrusting upon us the latest economic fraud: the so-called sharing economy, with companies like Uber, Airbnb and TaskRabbit allegedly liberating workers to become independent and their own CEOs, hiring themselves out for ever-smaller jobs and wages while the companies profit. But this share the crumbs economy is just the tip of a looming iceberg that the middle class is drifting toward. Raw Deal: How the Uber Economy and Runaway Capitalism Are Screwing American Workers,by veteran journalist Steven Hill, is an exposé that challenges conventional thinking, and the hype celebrating this new economy, by showing why the vision of the techno sapien leaders and their Ayn Rand libertarianism is a dead end. In Raw Deal, Steven Hill proposes pragmatic policy solutions to transform the US

economy and its safety net and social contract, launching a new kind of deal to restore power back into the hands of American workers.

*Digital Justice* Ethan Katsh,Orna Rabinovich-Einy,2017-03-09 Improving access to justice has been an ongoing process, and on-demand justice should be a natural part of our increasingly on-demand society. What can we do for example when Facebook blocks our account, we're harassed on Twitter, discover that our credit report contains errors, or receive a negative review on Airbnb? How do we effectively resolve these and other such issues? Digital Justice introduces the reader to new technological tools to resolve and prevent disputes bringing dispute resolution to cyberspace, where those who would never look to a court for assistance can find help for instance via a smartphone. The authors focus particular attention on five areas that have seen great innovation as well as large volumes of disputes: ecommerce, healthcare, social media, labor, and the courts. As conflicts escalate with the increase in innovation, the authors emphasize the need for new dispute resolution processes and new ways to avoid disputes, something that has been ignored by those seeking to improve access to justice in the past.

Rapidly expanding technologies and communications are enabling more countries to become borderless within a global economic community of creative destruction competitors on a global stage and 24 hour global clock. There is a convergence of five powerful forces BIG data captured and retrieved by virtualization digital storage, mobile computing, expanded use of social media, cloud computing, and SaaS applications as businesses move closer to achieving the possibilities of the new gig economy, where all five forces are mature, implemented, and truly integrated rather than precariously bolted on. How the Great Spirit Shaped My Life Tommy S. W. Wong,2022-10-14 In spirituality, there is a theory that a Great Spirit hovers around us. It sees what we are doing. It guides us and protects us. It also creates opportunities for us to meet the “right” people and participate in the “right” events so that we grow spiritually. Is this theory true? I don’t know. I’m an ordinary human being without any spiritual power. However, by looking at the events that happened in my present incarnation for the past 70 years, I believe that there were many occasions in which the Great Spirit was active in my life. In this book, in nine chapters, I share the people and events which I believe the Great Spirit has used to shape my life and moved me in directions that I had never dreamt of. The chapters are: (1) On my parents, (2) On my studies, (3) On my working life as an engineer and on my wife, (4) On my working life as an academic, (5) On my sporting achievements, (6) On my working life as an editor and a consultant, (7) On my working life as an author and a speaker, (8) On my life mission and other life stories, and (9) On the Great Spirit. After living this life for seven decades and believing that it has been shaped by the Great Spirit, I like to say that it’s been a truly blessed life – a life that is filled with meaning and fulfillment! I hope this sharing enables you to be more aware of the Great Spirit in your life and you too will see your life as blessed, meaningful, and fulfilling. May the Great Spirit be with you!
