Five-Star Apps Glenn Fleishman, 2010-11-02 It can be a concierge, camera, flashlight, game console, magazine, photo editor, panorama maker, note taker, travel planner, radio, bookstore, night-sky guide, GPS, music player, music maker, and plenty more...if only you could figure out which of the 250,000 (and counting) apps to put on your iPhone or iPad or iPod touch. Author Glenn Fleishman set out to discover how to use your device to find a movie, read a book, retrieve a distant file, make a phone call, play a strategy game—to accomplish a host of useful, and sometimes completely unuseful, tasks. Glenn sifted through and road tested thousands of apps to find the nearly 200 programs that fit his criteria for interesting, entertaining, useful—and essential—five-star apps. His clear-eyed selections will surprise and charm you and help you complete tasks, have fun, be creative, and learn something. Want to read a book or PDF or follow your Twitter, RSS, or Facebook feeds? You'll find the perfect app for the job. Ready to find the best action, word, and strategy games—so good, you may never put down your iPhone? We know the ones. Yearning for Thai food in an unfamiliar neighborhood or looking to reserve a table at a local restaurant? This book points

you to the perfect apps. Need to track the delivery status of a package or turn your device into a barcode reader? Start reading and start scanning. Want to watch a movie—either from the studios or of your own creation? Glenn can direct you to the perfect app. Plus essential apps that will stream music, make you more productive, keep track of files, and much, much more.

110 Amazing Apps for Education Rane

Anderson,2012-02-01 Here's an easy-to-use, quick reference guide for apps that supplement student learning. It gives suggestions for how teachers can implement each app in the classroom and for how parents can use the apps at home to extend their child's learning. Best iPad Apps Peter Meyers,2010-12-08 What really wows iPad fans is when their touchscreen does what's impossible on other gadgets: the finger-painting app that turns a cross-country flight into a moving art class, the mini music studio (two-dozen instruments strong, each with motion-induced warble effects), and the portable fireworks display that you sculpt by swiping. Problem is, with tens of thousands of apps available for your iPad, who knows what to download? You can try to sort through a gazillion customer reviews with a mix of 5- and 1-star ratings, but that's a

head-hurting time-waster. The stakes are getting higher, too: instead of freebies and 99-cent trinkets, the price of iPad apps is steadily creeping up and beyond their iPhone predecessors. Best iPad Apps guides you to the hidden treasures in the App Store's crowded aisles. Author Peter Meyers stress-tested thousands of options to put together this irresistible, page-turner of a catalog. Inside these pages, you'll find apps as magical as the iPad itself. Flip through the book for app suggestions, or head directly to one of several categories we've loaded up with best of selections to help you: Get work done Manipulate photos Make movies Create comics Browse the Web better Take notes Outline ideas Track your health Explore the world No matter how you use your iPad, Best iPad Apps will help you find the real gems among the rubble -- so you make the most of your glossy gadget.
