Voice-over Translation Eliana Franco, Anna Matamala, Pilar Orero, 2010 This book presents the first study of voice-over from a wide approach, including not only academic issues but also a description of the practice of voice-over around the globe. The authors define the concept of voice-over in Film Studies and Translation Studies and clarify the relationship between voice-over and other audiovisual transfer modes. They also describe the translation process in voice-over both for production and postproduction, for fiction and non-fiction. The book also features course models on voice-over which can be used as a source of inspiration by trainers willing to include this transfer mode in their courses. A global survey on voice-over in which both practitioners and academics express their opinions and a commented bibliography on voice-over complete this study. Each chapter includes exercises which both lecturers and students can find useful.

Through field experiments after long research in laboratories, S2S systems are being well-developed and now ready to utilized in daily life. The book will end with one of the next focus of S2S will be technology of simultaneous interpretation for lecture, broadcast news and so on.

As a child in Spain, Puri always knew her passion for chocolate was inherited from her father. But it's not until his death that she learns of something else she's inherited—a cocoa estate in Vinces, Ecuador, a town nicknamed "París Chiquito." Eager to claim her birthright and filled with hope for a new life after the devastation of World War I, she and her husband Cristóbal set out across the Atlantic Ocean. But it soon becomes clear someone is angered by Puri's claim to the estate... When a mercenary sent to murder her aboard the ship accidentally kills Cristóbal instead, Puri dons her husband's clothes and assumes his identity, hoping to stay safe while she searches for the truth of her father's legacy in Ecuador. Though freed from the rules that women are expected to follow, Puri confronts other challenges at the estate—newfound siblings, hidden affairs, and her father's dark secrets. Then there are the dangers awakened by her attraction to an enigmatic man as she tries to learn the identity of an enemy who is still at large, threatening the future she is determined to claim...
