Drew Mendelson

*A Shepherd to Fools* Drew Mendelson, 2021-08-12 *A Shepherd to Fools* is the second of Drew Mendelson's trilogy of Vietnam War novels that began with *Song Ba To* and will conclude with *Poke the Dragon*. *Shepherd*: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, *A Shepherd to Fools* tells the harrowing tale of a covert Hatchet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatchet Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the "worst of the worst" of the war's clandestine weapons.

*Music and the Crises of the Modern Subject* Michael L. Klein, 2015-07-06 Departing from the traditional German school of music theorists, Michael Klein injects a unique French critical theory perspective into the framework of music and meaning. Using primarily Lacanian notions of the

symptom, that unnamable jouissance located in the unconscious, and the registers of subjectivity (the Imaginary, the Symbolic Order, and the Real), Klein explores how we understand music as both an artistic form created by the subject and an artistic expression of a culture that imposes its history on this modern subject. By creatively navigating from critical theory to music, film, fiction, and back to music, Klein distills the kinds of meaning that we have been missing when we perform, listen to, think about, and write about music without the insights of Lacan and others into formulations of modern subjectivity.

*Beethoven String Quartet No. 4* Ludwig Van Beethoven, Mark Schuster, 2009-02-18 Beethoven's String Quartet No. 4 (Opus 18, No. 4), is part of the set of 6 quartets that Beethoven wrote between 1798 and 1800. This is the Performer's Edition of the quartet, with clean print and easy to read markings designed for the performer. This version is a pocket score, sized at approximately half a standard sheet of paper for easy transport and use for performing musicians and students.

**Mary Wells** Peter Benjaminson, 2012-11-01 Complete with never-before-revealed details about the sex, violence, and drugs in her life, this biography reveals the incredibly turbulent life of Motown artist Mary Wells. Based in part on four hours of previously unreleased and unpublicized deathbed interviews with Wells, this account delves deeply into her rapid rise and long fall as a recording artist, her spectacular romantic and family life, the violent incidents in which she was a participant, and her abuse of drugs. From

tumultuous affairs, including one with R&B superstar Jackie Wilson, to a courageous battle with throat cancer that climaxed in her gutsiest performance, this history draws upon years of interviews with Wells's friends, lovers, and husband to tell the whole story of a woman whose songs crossed the color line and whose voice captivated the Beatles.

*The Tale of Cloran Hastings* Brandon

Dennis,2012-11-01 A wave of water in the shape of a clawed hand crashes onto the deck of Wavegrazer. The wheel spins violently; the ship lurches and Cloran's men are flung into the sea. As the masts break and the sky goes black, one name flutters across Cloran's lips. Adaire... Cloran has spent his life at sea and is set to retire. He hopes to marry his long-suffering fiancée Adaire, but his hopes are dashed when King Bozin sends him on one final journey to the far-flung icy island city of Miotes. This time, however, the Sea is jealous of Cloran, and will never give him up to Adiare freely. Alas, Cloran has no choice, and accepts the mission begrudgingly. One final journey, he tells himself. No matter what happens, it will be his last. Join Cloran, First Mate Lenny, Greaves, Darrell, Turner, Mallory, Richards and Jenkins as they navigate Wavegrazer through icy channels, floating castles, magical islands inhabited with faerie women and deadly reefs patrolled by the evil man-killing crab, Krackaman.

**Silence** John Cage,2010-10-20 John Cage is the outstanding composer of avant-garde music today. The Saturday Review said of him: "Cage possesses

one of the rarest qualities of the true creator- that of an original mind- and whether that originality pleases, irritates, amuses or outrages is irrelevant." "He refuses to sermonize or pontificate. What John Cage offers is more refreshing, more spirited, much more fun-a kind of carefree skinny-dipping in the infinite. It's what's happening now." -The American Record Guide "There is no such thing as an empty space or an empty time. There is always something to see, something to hear. In fact, try as we may to make a silence, we cannot. Sounds occur whether intended or not; the psychological turning in direction of those not intended seems at first to be a giving up of everything that belongs to humanity. But one must see that humanity and nature, not separate, are in this world together, that nothing was lost when everything was given away."

**The End of the World** Don Hertzfeldt, 2019-10-01

From the imagination of legendary animator and two-time Oscar nominee Don Hertzfeldt comes a hilarious fever-dream vision of the apocalypse, now available in wide release for the first time since the rare original edition sold out. Created during sleepless nights while he worked on his animated films, *The End of the World* was

illustrated entirely on Post-It notes over the course of several years, slowly taking shape from all the deleted scenes, bad dreams, and abandoned ideas that were too strange to make it to the big screen, including essential early material that was later developed into the animated classic *World of Tomorrow*. Hertzfeldt's visually striking work transcends its unusual nature and taps into the deeply human, universal themes of mortality, identity, memory, loss, and parenthood . . . with the occasional monstrous biting eel descending from the sky.

Not to be able to communicate with them, to hear them learn, grow, and express themselves verbally. How fortunate, how blessed I am. This overwhelmed me. I can talk to my children, I can respond to their needs and comfort them when they tell me they are

unwell. I can tell them stories and hear them tell theirs." Kate Winslet Imagine what it would be like not to be able to communicate with those we love. For many individuals living with nonverbal autism and their families, this is their everyday reality. The Golden Hat is an intimate response to this reality created by Kate Winslet, Margret Ericsdottir, and her son Keli, who has nonverbal autism. Kate and Margret's stories, their personal email correspondence, and Keli's poetry give us a profound insight into the world of those living with autism. Kate has shared this story with some of the world's most famous people, posing the question: "What is important to you to express?" Their responses are a collection of intimate self-portraits and unique quotes.
