Lost at Sea Bryan Lee O'Malley,2014-01-22 Raleigh doesn't have a soul. A cat stole it - at least that's what she tells people - at least that's what she would tell people if she told people anything. How did such a shy teenage girl end up in a car with three of her hooligan classmates on a cross-country road trip? Being forced to interact with kids her own age is a new and alarming proposition for Raleigh, but maybe it's just what she needs - or maybe it can help her find what she needs - or maybe it can help her to realize that what she needs has been with her all along. This special hardcover edition of Bryan Lee O'Malley's classic coming-of-age graphic novel includes previously uncollected shorts and extra bonus material.

The Widow Wave Jay W. Jacobs,2014-08-19 Will anyone ever know what happened to the Aloha, a sport fishing boat that vanished with all onboard in the Pacific off San Francisco's coast? 'Knowing' is a complex, inexact business. There's real truth and then there's courtroom truth; a jury's verdict may or may not approach what actually happened. Nor can someone reading about such an event—one that had no witnesses or hard evidence to explain it—be sure where the truth lies. But trials, judges, and juries are what we use in our legal system to find truth. The Widow Wave explores this alternate reality. It is a fascinating true-life mystery and lawyer procedural rolled into one. Jay Jacobs offers no facile answers—and he's not the flawless protagonist typically starring in such dramas. He lets us see how such a big wrongful death case really unfolds, in a true story that reads like a novel. Will the jury find the truth? Will the reader? An intelligently told true story of honor, integrity and justice. The Widow Wave reminded me of The Perfect Storm, played out in a taut courtroom thriller. Jay Jacobs masterfully weaves the harrowing tale of the last voyage of the Aloha, and courtroom battle that followed. A great read. — Robert Dugoni, New York Times Bestselling Author of My Sister's Grave A compelling story of a modern day maritime tragedy that beautifully discusses the vital importance of advances in observational technologies, forecasts and communications in avoiding future loss of life at sea. Jacobs skillfully weaves together the legal, scientific and maritime narratives to enthrall and educate the reader. — Julie Thomas, Scripps Institution of Oceanography, Manager of the Institute of Geo and Planetary Physics Trial lawyer Jay Jacobs, in a unique, personally revealing memoir, defends a widow and her deceased husband's honor in an intimate first person account of how the civil trial process unfolds.... The reader will learn about the strategies, shoals, and embroilments of a real life, vigorously contested trial with its many emotional upheavals. — Justice James Marchiano (ret.), formerly Presiding Justice, California Court of Appeals, First Appellate District Jacobs' vivid prose pulls you into a compelling drama, deftly transporting you from the courtroom to the storm-tossed Pacific and back to the courtroom again. The book reads like a well-wrought detective novel. — Daniel James Brown, New York Times Bestselling Author of The Boys in the Boat

Gurps Mass Combat David L. Pulver,2017-10-19 There Will Be War! Whether you're trying to stop the Dark Lord's invading army, lead a Ranger company against the Axis in WWII, or command your own crack mercenary regiment in a far-flung star empire, you're likely to get into battles that are far too big to resolve with ordinary GURPS combat. GURPS Mass Combat is the answer! It presents a powerful abstract system that lets you resolve land, sea, and air battles at any tech level. Features include: Rules for logistics, movement, reconnaissance, and many other things that matter to a military force even when no enemy is in sight. Integral treatment of air superiority, amphibious assaults, airborne troops, sieges, and everything else that's important when the enemy is in sight. Round-by-round resolution that puts the commander in control, letting him choose his strategies and instantly see the results of his skill and cunning. Equal attention to the aftermath of battle: pursuit, casualties, looting, recovering losses, and more. Everything is fast and easy to use in play, thanks to extensive examples, quick-reference tables, and ready-to-go stats for the strength, weaponry, and mobility of numerous unit types. It's all generic, too, covering realistic, fantastic, and superscience troops at every tech level, and providing

guidelines for customizing their quality, special training, and equipment. And it never loses sight of the fact that GURPS is a roleplaying game - every hero gets a chance to shine, and the rules emphasize what the PCs do and what happens to them. GURPS Mass Combat requires only the GURPS Basic Set, Fourth Edition.
