White Fang (with Audio & Text) Jack London, 2021-06-03

White Fang is a novel by Jack London, published in 1906. The story details White Fang's journey to domestication in Yukon Territory and the Northwest Territories during the 1890s Klondike Gold Rush. It is a companion novel (and a thematic mirror) to London's best-known work, *The Call of the Wild* (1903). Much of *White Fang* is written from the viewpoint of the wolf-dog, enabling London to explore how animals view their world and how they view humans. *White Fang* examines the violent world of wild animals and the equally violent world of humans. The book also explores complex themes including morality and redemption. As early as 1925, the story was adapted to film, and it has since seen several more cinematic adaptations.

The Call of the Wild & White Fang Jack London, 2014-02-25

Jack London's two most beloved tales of survival in Alaska were inspired by his experiences in the Yukon during the Klondike Gold Rush. Both novels grippingly dramatize the harshness of the natural world and what lies beneath the thin veneer of human civilization. The canine hero of *The Call of the Wild* is Buck, a pampered pet in California who is stolen and forced to be a sled dog in the Alaskan wilderness. There he suffers from the brutal extremes of nature and equally brutal treatment by a series of masters, until he learns to heed his long-buried instincts and turn

his back on civilization. White Fang charts the reverse journey, as a fierce wolf-dog hybrid born in the wild is eventually tamed. White Fang is adopted as a cub by a band of Indians, but when their dogs reject him he grows up violent, defensive, and dangerous. Traded to a man who stages fights, he is forced to face dogs, wolves, and lynxes in gruesome battles to the death, until he is rescued by a gold miner who sets out to earn his trust.

White Fang Jack London, 2015-03-06 Dark spruce forest frowned on either side the frozen waterway. The trees had been stripped by a recent wind of their white covering of frost, and they seemed to lean towards each other, black and ominous, in the fading light. A vast silence reigned over the land. The land itself was a desolation, lifeless, without movement, so lone and cold that the spirit of it was not even that of sadness. There was a hint in it of laughter, but of a laughter more terrible than any sadness—a laughter that was mirthless as the smile of the sphinx, a laughter cold as the frost and partaking of the grimness of infallibility. It was the masterful and incommunicable wisdom of eternity laughing at the futility of life and the effort of life. It was the Wild, the savage, frozen-hearted Northland Wild.

Jack London's Best Novels Jack London, 2013-12-24 Jack

London was an American writer and social activist. Much of his works were set during the Klondike Gold Rush. London's most popular works are *The Call of the Wild*, *White Fang*, and *The Sea-Wolf*. *White Fang* is a story of a wild wolfdog that becomes domesticated. It serves as a companion novel to *The Call of the Wild* which is about a domesticated dog who learns to survive in the wild. *The Sea-Wolf* is about a literary critic who survives a crash in the ocean only to become a crew member under the brutal sea captain Wolf Larsen.

White Fang: Large Print Jack London, 2018-02-08 *White Fang* is the grim, savage story of the wolf dog *White Fang*, who is taught to kill for their pleasure - and a story of one man's redeeming insight into the killer's true nature. This story is terrifying. The parable of man's corrupting depravity and natural nobility is sadly true for today. Jack London is an extraordinarily talented writer. _We are delighted to publish this classic book as part of our extensive Classic Library collection. John Griffith London (born John Griffith Chaney; January 12, 1876 - November 22, 1916) was an American novelist, journalist, and social activist. A pioneer in the world of commercial magazine fiction, he was one of the first writers to become a worldwide celebrity and earn a large fortune from writing. He was also an innovator in the genre that would later become known as science fiction. His most famous works include *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories *To Build a Fire*, *An Odyssey of the North*, and *Love of Life*. He also wrote about the South Pacific in stories such as *The Pearls of Parlay* and *The Heathen*, and of the San Francisco Bay

area in *The Sea Wolf*. London was part of the radical literary group The Crowd in San Francisco and a passionate advocate of unionization, socialism, and the rights of workers. He wrote several powerful works dealing with these topics, such as his dystopian novel *The Iron Heel*, his non-fiction exposé *The People of the Abyss*, and *The War of the Classes*.
