**The Works of Thomas Jefferson Volume 10** Jefferson, Thomas,1904-01-01 Federal Edition

*The Papers of Thomas Jefferson, Volume 10* Thomas Jefferson,2018-06-05 The description for this book, *The Papers of Thomas Jefferson, Volume 10: June 1786 to December 1786*, will be forthcoming.

*The Papers of Thomas Jefferson: Retirement Series, Volume 10* Thomas Jefferson,2018-06-05 The 558 documents in this volume cover the period from 1 May 1816 to 18 January 1817. During this time, Jefferson expects political upheaval in Great Britain, welcomes the imminent presidential transition from James Madison to James Monroe, and privately suggests substantial amendments to Virginia's constitution. Jefferson occasionally gives legal advice, including an opinion on whether perjury can be committed before a grand jury. He turns down a request to sell Natural Bridge, calculates the latitude of Poplar Forest and Willis's Mountain, receives a large shipment of foreign books, exchanges the last of a series of letters with Pierre Samuel Du Pont de Nemours, and is appointed a visitor of Central College. As before, sojourners flock to Monticello. The Baron de Montlezun and Francis Hall provide informative accounts of Jefferson's home, way of life, and thoughts on many subjects. Jefferson attempts to bring Destutt de Tracy's *Treatise on Political Economy* into print, offers biographical information for Delaplaine's *Repository*, and recommends revisions to a forthcoming biography of Patrick Henry. Jefferson and Francis Adrian Van der Kemp trade letters about Jesus's life and teachings, and after the ailing Charles Thomson circulates the mistaken idea that Jefferson has converted to Christianity, correspondents question him about his spiritual beliefs.

*The Papers of Thomas Jefferson: Retirement Series, Volume 10* Thomas Jefferson,2004 The Retirement Series documents Jefferson's written legacy between his return to private life on 4 March 1809 and his death on 4 July 1826. During this period Jefferson founded the University of Virginia and

sold his extraordinary library to the nation, but his greatest legacy from these years is the astonishing depth and breadth of his correspondence with statesmen, inventors, scientists, philosophers, and ordinary citizens on topics spanning virtually every field of human endeavor.--From publisher description.

The Papers of Thomas Jefferson, Volume 44 Thomas Jefferson, 2019-12-10 Aaron Burr fells Alexander Hamilton in a duel in July, but Jefferson, caring little for either adversary or for disruptive partisan warfare, gives the event only limited notice. He contends with the problem of filling the offices necessary for the establishment of Orleans Territory on October 1. He is constrained by his lack of knowledge about potential officeholders. Meanwhile, a delegation with a memorial from disgruntled Louisianians travels to Washington. In August, the U.S. Mediterranean squadron bombards Tripoli. The United States has uneasy relationships around its periphery. Jefferson compiles information on British aggressions in American ports and waters, and drafts a bill to allow federal judges and state governors to call on military assistance when British commanders spurn civil authority. Another bill seeks to prevent merchant ships from arming for trade with Haiti. Contested claims to West Florida, access to the Gulf of Mexico, tensions along the Texas-Louisiana boundary, and unresolved maritime claims exacerbate relations with Spain. Jefferson continues his policy of pushing Native American nations to give up their lands east of the Mississippi River. Yellow fever has devastating effects in New Orleans. Abigail Adams terminates the brief revival of their correspondence, musing that Affection still lingers in the Bosom, even after esteem has taken its flight. In November, Jefferson delivers his annual message to Congress. He also commences systematic records to manage his guest lists for official dinners.

The Papers of Thomas Jefferson, Volume 40 Thomas Jefferson, 2018-06-05 This volume opens on 4

March 1803, the first day of Jefferson's third year as president. Still shaken by the closing of the right of deposit at New Orleans, he confronts the potential political consequences of a cession of Louisiana to France that might result in a denial of American access to the Mississippi. But he resists pressures to seize New Orleans by force, urging patience instead. The cabinet determines in April that all possible procrastinations should be used in dealing with France, but that discussions with Great Britain move forward as well. In Paris, a treaty for the cession of the Louisiana Territory to the United States is signed, and in May the right of deposit is restored. On 3 July, word reaches Jefferson in Washington of the agreement that France has sold the entire Territory for \$15 million. The glorious news, which may be the most momentous that Jefferson receives while president, appears in the National Intelligencer the following day. Having received congressional approval to send an expedition to locate a continental route to the Pacific, Jefferson drafts instructions and a cipher for Meriwether Lewis and arranges for the needed instruments. Following through on a promise to a friend to give his views of Christianity, Jefferson puts his religious creed on paper, a Syllabus of the morals of Jesus and the comparative merits of Christianity. He intends it only for a few trusted friends.

**The Papers of Thomas Jefferson, Volume 42** Thomas Jefferson, 2018-06-05 Confessing that he may be acting with more boldness than wisdom, Jefferson in November 1803 drafts a bill to create Orleans Territory, which he entrusts to John Breckinridge for introduction in the Senate. The administration sends stock certificates to France in payment for Louisiana. Relieved that affairs in the Mediterranean have improved with the evaporation of a threat of war with Morocco, the president does not know yet that Tripoli has captured the frigate Philadelphia with its officers and crew. He deals with never-ending issues of appointment to office and quarreling in his own party, while hearing that some Federalists are as Bitter as wormwood. He shares seeds of the Venus flytrap with Elizabeth

Leathes Merry, the British minister's wife. She and her husband, however, create a diplomatic storm over seating arrangements at dinner parties. Having reached St. Louis, Meriwether Lewis reports on the progress of the western expedition. Congress passes the Twelfth Amendment, which will provide for the separate election of president and vice president. In detailed notes made after Aaron Burr calls on him in January, Jefferson records his long-standing distrust of the New Yorker. Less than a month later, a congressional caucus nominates Jefferson for a second term, with George Clinton to replace Burr as vice president. Jefferson makes his first trials of the double penned writing box called the polygraph.

**The Papers of Thomas Jefferson, Volume 10** Thomas Jefferson, 1954-12 The description for this book, *The Papers of Thomas Jefferson, Volume 10: June 1786 to December 1786*, will be forthcoming.

*The Papers of Thomas Jefferson, Volume 25* Thomas Jefferson, 2018-06-05 The dramatic escalation in the conflict between Thomas Jefferson and Alexander Hamilton to determine the future course of the new American nation is the main theme of this volume. Under pressure from other Republicans, Jefferson decides to continue as Secretary of State instead of retiring to Monticello at the end of President Washington's first term. At the same time he begins to play a more active role as a Republican party leader, involving himself secretly in a major effort by House Republicans to have Hamilton dismissed from office by censuring his management of public finances. France's declaration of war on Great Britain and the Netherlands leads Jefferson into a serious conflict with Hamilton over how to protect American neutrality in the face of the widening European war. After persuading Washington to preserve the treaties of alliance and commerce with France, Jefferson must then confront the first in a series of French violations of American neutrality that will sorely test the

relationship between the two republics. Testifying to the catholicity of Jefferson's interests, this volume also deals with his efforts to promote a voyage of western exploration by the noted French botanist Andr Michaux, his observation of the first manned balloon flight in America by the celebrated French aeronaut Jean Pierre Blanchard, and his concern for expediting work on the new national capital.

**The Papers of Thomas Jefferson, Retirement Series, Volume 5** Thomas Jefferson, 2018-06-05 Volume Five of the definitive edition of Thomas Jefferson's papers from the end of his presidency until his death includes 592 documents from 1 May 1812 to 10 March 1813. America declares war on Great Britain on 18 June 1812. Jefferson counsels domestic reconciliation while suggesting that America recruit British incendiaries to burn London if British ships attack American cities. He passes on to President James Madison a long and discouraging letter from Isaac A. Coles describing American military bungling in the Niagara Campaign. An unofficial proposal that Jefferson return to public life as secretary of state does not gain the retired statesman's support. Jefferson receives many requests for governmental patronage, responds insightfully to a colorful assortment of authors and inventors, is mildly diverted by a fraudulent perpetual-motion machine, and spends considerable time on legal troubles. A dispute with David Michie over land in Albemarle County nearly leads to a duel between Michie and Jefferson's agent. A conflict with Samuel Scott over property in Campbell County further vexes Jefferson, who prepares an extensively researched answer to Scott's complaint. Despite the conflict, Jefferson graciously writes a letter of introduction for Scott's son. Jefferson remains accessible to the public, receives anonymous letters urging him to convert to Christianity, and settles a wager for one correspondent who asks if Jefferson ever met the British king. Jefferson gloomily observes that the hand of age is upon me and complains that his faculties are failing. He still has thirteen years to live.

*The Papers of Jefferson Davis* Jefferson Davis, 1999-12-01 Kenneth H. Williams, Associate Editor Peggy L. Dillard, Editorial Associate The autumn of 1863 was a trying time for Jefferson Davis. Even as he expressed unwavering confidence about the eventual success of the Confederate movement, he had to realize that mounting economic problems, low morale, and rotating army leadership were threatening the welfare of the new nation. Less than a year after the October 1863 Confederate victory at Chickamauga, the South relinquished Atlanta to Sherman. During the tumultuous eleven months chronicled in Volume 10, Davis retained his fervor for southern nationalism as he struggled furiously to command a war and maintain a government. As the letters contained here illustrate, he soldiered bravely on.
