**Network of Bones** Sean Morey, 2019-04-02 Both a far-removed place of refuge for the fringe of society and a high-status vacation destination, the Keys remain a legendary yet fragile place, still threatened by a human-made disaster, the 2010 Deepwater Horizon oil spill. Likewise, Key West, Florida, can be many things to many people, evoking laidback Margaritaville for some and Ernest Hemingway for others. In this mixture of memoir, travel writing, philosophical reflection, natural and cultural history, and meditation on language, Sean Morey wrestles with the varied and often contradictory nature of his hometown. Morey turns a sharp eye inward, teasing out the layers of natural and cultural developments that have shaped the Keys for both millions of years and the past few decades. He asks: What does it take for humans to accept our impact on Earth and, more importantly, what will move humans to take action to reverse adverse impacts? The answer, Morey posits, lies in imaginative thinking—in building connections between locations and individual interests and backgrounds to create a foundation for widespread ecological ethics. In *Network of Bones*, Morey guides readers through different images of Key West and connects them to global environmental issues, including overfishing, rising sea levels, and polluted oceans. Morey's writing stimulates memory and invites engagement with the world as he shows us how learning about one place—no matter how specific and eccentric that place might be—can teach us about all other places. It's just a matter of imagination. The author's proceeds from the sale of this book will benefit Coastal Conservation Association Florida.

**Earthwalks for Body and Spirit** James Endredy, 2002-03-01 A workbook of simple walking exercises to quiet the mind, expand consciousness, and rediscover our sacred relationship with Earth. • Foreword by Victor Sanchez, author of *The Teachings of Don Carlos*. • Includes 45 walking techniques that were developed from the author's work with Huichol Indians of western Mexico. • Explores the power of moving meditation for achieving new levels of spiritual awareness through connecting with elements of the natural world. • Includes group and individual exercises. In *Earthwalks for Body and Spirit*, a workbook of 45 simple walking exercises, author and workshop leader James Endredy shows us how the act of walking can be a catalyst for personal transformation by teaching us to develop our attention, quiet the mind, expand our consciousness, and rediscover our sacred relationship with Earth. Each of the exercises, many of which are based on the author's work with the traditional indigenous practices of the Huichol Indians of western Mexico, offers step-by-step instructions and comments that will help you to gain the most from the walk. Additionally, the author focuses each group of exercises on a different aspect of transformation?there are walks of attention and awareness; group connection; connection to the *niekias* (powers) of Sun, Water, Wind, Fire, and Mother Earth; connection to the energies of animals, trees, and places of power; and finally, as a way of honoring both your new understanding of Self and your deepened relationship with Earth, walks of offering and vision.

**A Family's Bond** Leroy Jackson, 2020-02-21 Family means everything to these five brothers. Fortunately they have two. That has its advantages as well as disadvantages. Loyalty, Money and Respect are just as important to these brothers. They will have to weather many storms and their loyalty will be tested. Will the Jones family stand united or will they fall?

**Death's Sting** Ewen Southby-Tailyour, 2017-02-06 Based on the author's 32 years as a Royal Marines officer in numerous war zones, including leading the amphibious assault in the Falklands War, *Death's Sting* tells this fictional tale of international intrigue, murder, love and revenge. The Balkans War of the 1990s is the setting, with 200,000 Serbs about to be ethnically cleansed despite United Nations attempts to prevent the slaughter, rape and destruction of their 500-year homeland. During a Serbian artillery attack Matea Markovic and her young son are saved by James Laidlaw, ex-Royal Navy officer and European Community monitor, but he soon realises that there are even greater evil forces at play. Colonel Ante Slavic of the Croatian army is determined to prevent James from discovering the truth of his murderous campaign and is prepared to kill anyone who stands in his way, including Matea and her son. With American Special Forces and the Secret Services of France, Germany, Greece and Britain all in theatre James is forced to fight on many fronts. James, Matea and her son are in danger once again when the indicted war criminal Slavic, on the run from justice, pursues them to the rugged south Cornish coast where the outcome, and who is destined for a watery grave, are far from certain. While the author's expertise and experience is demonstrated throughout, readers will have to decide for themselves how close to the truth *Death's Sting* really is.

**Deep State** Chris Hauty, 2020-01-07 "Deep State is a propulsive, page-turning, compelling, fragmentation grenade of a debut thriller." —C.J. Box, #1 New York Times bestselling author of *Wolf Pack* and *The Bitterroots* "The plot...rings eerily true...will keep you turning the pages well into the night." —Jack Carr, former Navy SEAL and acclaimed author of *The Terminal List* and *True Believer* In this white-knuckled, timely, and whip-smart debut thriller, a deadly plot against the president's life emerges from the shadows of the Deep State. Recently elected President Richard Monroe—populist, controversial, and divisive—is at the center of an increasingly polarized Washington, DC. Never has the partisan drama been so tense or the paranoia so rampant. In the midst of contentious political turf wars, the White House chief of staff is found dead in his house. A tenacious intern discovers a single, ominous clue that suggests he died from something other than natural causes, and that a wide-ranging conspiracy is running beneath the surface of everyday events: powerful government figures are scheming to undermine the rule of law—and democracy itself. Allies are exposed as enemies, once-dependable authorities fall under suspicion, and no one seems to be who they say they are. The unthinkable is happening. The Deep State is real. Who will die to keep its secrets and who will kill to uncover the truth?

**Redemption in Brooklyn** Eddy Mastellone, 2022-06-17 After being sentenced to life in prison, Eddy had an encounter with God in a jail cell in Brooklyn. As the story unfolds his faith grows to the point that he does not believe he will be in prison long. After a year he is released. Restoring his life from a gang member and a drug addict, God also healed him of a blood disease due to intravenous drug use. As he became a certified addiction counselor/mental health professional he began working in a mental health facility, and the lessons he has learned are laid out in this memoir for the addict and the addict's family. Various kinds of fears which shape our beliefs and how we feel about a particular race or nationality or even ourselves are hardwired into our brains--this memoir addresses those fears in an introspective personal way, and by example a way to overcome them.

**The Enemy** Charlie Higson, 2013-01-02 In the wake of a devastating disease, everyone

sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over???the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, *The Enemy* is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

Connected Nicholas A. Christakis, James H. Fowler, 2009-09-28 Celebrated scientists Nicholas Christakis and James Fowler explain the amazing power of social networks and our profound influence on one another's lives. Your colleague's husband's sister can make you fat, even if you don't know her. A happy neighbor has more impact on your happiness than a happy spouse. These startling revelations of how much we truly influence one another are revealed in the studies of Dr. Christakis and Fowler, which have repeatedly made front-page news nationwide. In *Connected*, the authors explain why emotions are contagious, how health behaviors spread, why the rich get richer, even how we find and choose our partners. Intriguing and entertaining, *Connected* overturns the notion of the individual and provides a revolutionary paradigm-that social networks influence our ideas, emotions, health, relationships, behavior, politics, and much more. It will change the way we think about every aspect of our lives.

**1,260 Days** Craig Conte, 2012-08 1,260 Days is a journey to a foreign land, a detour called a shortcut in a cab. It's riding on a night train in a warm sweat as you hear the choo choo chuggen down the tracks. It's a vision in a restless dream, a nightmare with a bloody scene, a demon putting thoughts into your head. 1,260 Days is about the man in black. It's about a work shift. It's about a suicidal note. It's the unheard music. It's a forty-day fast. It's a severed artery. It's an itchy rash. 1,260 Days is a holy book. It's a trumpet being blown upon a hill. It's a paradox. It's a riddle. It's a jest. It's hope. It's change. It's woe. It's greed. It's me. It's you. It's them. It's us. 1,260 Days is about the end of the world. I found myself alternately astounded, intrigued, and ultimately jealous of Enoch, whose adventures on a daily basis made my own life seem small and mundane by comparison. Rich Marotta, KFI Radio Inducted 2011, Southern California Sportscasters Hall of Fame Brilliant 'manure'vres of narrative wreaking havoc upon accepted norms. Tortelvis of Dread Zeppelin An honest and straightforward book, one man's experiment with disgrace takes on an aura of supernaturally experienced grace. Easy on the ear and steering clear of massaging his own story-telling of an awfully curious humanity, Conte gives a read hell-bent on making us experience the nit and grit of rubbing up against the taboos binding human pleasure. Scott Hartstein, Author of *Adagia*

**The Diver who Fell from the Sky** Simon Pridmore, 2020-06-26 Maverick, innovator, entrepreneur, environmentalist and sheer force of nature, Francis Toribiong would have been a unique and significant individual no matter where in the world he was born. As it turned out, he was born in the island nation of Palau in the Western Pacific at just the right time to apply his special set of skills and attributes to the task of helping his country find its place in the world. In the 1980s and 1990s, he arguably did more than anyone to build Palau's economy and help it develop into an independent, forward-looking nation. And, improbably, he achieved this via the sport of scuba diving. Francis Toribiong is a Pacific Islander like no other. He is the father of Palau tourism, a scuba diving pioneer,

and an effective, tireless ambassador for both his country and its abundant marine and land resources. He was born poor and had no academic leanings. Yet he was driven to succeed by a combination of duty, faith, a deep-seated determination to do the right thing and an absolute refusal ever to compromise his values. For his whole life, he has been a devoted friend to strangers and an implacable opponent to anybody who, through malevolence or negligence, threatens Palau's considerable natural treasures. He has also been the perfect host to generations of scuba divers from all over the world, who have visited Palau to see those treasures for themselves. And, as well as all that, he was Palau's first ever parachutist – known throughout the islands as the Palauan who fell from the sky. They were speaking both literally and figuratively. He was so completely different from all of his contemporaries in terms of his demeanor, his ambitions and his vision, that it was as if he had come from outer space. Palau had never seen anybody quite like him and there was no historical precedent for what Francis Toribiong did. He had no operations manual to consult and no examples to follow. He wrote his own life. Francis Toribiong was the first Palauan ever to seek and seize the international narrative. No Palauan, in any context or field, had previously thought to go out into the world and say: "This is Palau – what we have is wonderful. Come and see!" This is his astonishing story.
