

Jason The Haymakers

Sam Ferguson

Jonathan Haymaker Sam Ferguson, 2016-05-01 Jonathan is not the strongest young man in his home village. That would be his older brother Jason. He isn't the tallest, best looking, or funniest either. Again, that would be Jason. He is better than most in the village at archery, though. He is an excellent hunter, and can perform more trick shots than anyone else with amazing accuracy. Well, he is almost better than anyone else. Jason has him beat there too. Jonathan doesn't mind though, he and his older brother share a deep bond that connects them more fully than their differences could separate them. They work together in their family fields, go swimming at the fishing hole, and sometimes they play tricks on other farmers in the village. Whatever they do, for good or ill, they do together. On Jonathan's sixteenth birthday though, officers come to the village asking for volunteers. Trolls have invaded during the heaviest monsoon season ever known, and the wet conditions have given the trolls enhanced abilities. Jason is the first to step forward, and is eagerly accepted for his height and strength. Though he also volunteers, Jonathan is told he is too young, and not strong enough for the rigors of war with the trolls in the Murkle Quags. When letters stop arriving from Jason after two years of war, and Jonathan still finds himself denied acceptance to the army due to his small stature, he does what any good brother would do. Jonathan Haymaker takes his bow and leaves his home. They said it couldn't be done. The journey was too far, the dangers too great, and

the war too fierce for a boy like him. Perhaps they were right, but he knew Jason was alive somewhere, and he was not about to let his brother be alone.

Brothers Haymaker Sam Ferguson, 2016-09 The Ghosts of the Quags are back, and they need both Jonathan and Jason to help them in their next adventure as they follow clues to find the origins of the magic the trolls used. As their quest takes them northward through Tanglewood Forest, they encounter new enemies they had not suspected before.

Eleven Miles of Night: a novel Edward Trimnell, Jason Kelley is a young, struggling filmmaker looking for his first big break. When the semi-famous cable television ghost hunter Simon Rose approaches him about a freelance project, Jason is understandably thrilled. He isn't fazed by the fact that

his assignment is a walk down the Shaman's Highway, an eleven-mile stretch of rural Ohio roadway that is reputed to be haunted by malevolent spirits, hellhounds, and demonic forces. Jason is an agnostic in regard to the supernatural. He isn't prepared for the reality that awaits him on his walk through eleven miles of night—nor the more human violence and heartbreak that he will face along the way.

Where Truth Lies Clifton Gilliam, 2008-03 In the twenty-fourth century, humans possess the power to levitate objects by sheer will alone. Is such a power a testament to humanity's evolutionary dominance or the return of a spiritual blessing lost long ago? In a world ruled by science and technology, such a question has only one acceptable answer. But for Lawson Steele, the most powerful psi-agent on the force, he must find his own answer to Where Truth Lies-in the mind or in the heart; in science or in faith. When a fellow agent is ruthlessly killed in the line of duty, Lawson embarks on a quest to Jupiter's only colonized moon to find the true killer. Lawson soon realizes that his adversary wields unimaginable power and to succeed in his vendetta, he must rely on something long extinct from the public eye-faith in an invisible God. With his faith in the balance, will Lawson find his soul's redemption or an even more sinister conspiracy brewing Where Truth Lies?
