Origins of the North Korean Garrison State Youngjun Kim, 2017-08-09 This book investigates the origins of the North Korean garrison state by examining the development of the Korean People's Army and the legacies of the Korean War. Despite its significance, there are very few books on the Korean People's Army with North Korean primary sources being difficult to access. This book, however, draws on North Korean documents and North Korean veterans' testimonies, and demonstrates how the Korean People's Army and the Korean War shaped North Korea into a closed, militarized and xenophobic garrison state and made North Korea seek Juche (Self Reliance) ideology and weapons of mass destruction. This book maintains that the youth and lower classes in North Korea considered the Korean People's Army as a positive opportunity for upward social mobility. As a result, the North Korean regime secured its legitimacy by establishing a new class of social elites wherein they offered career advancements for persons who had little standing and few opportunities under the preceding Japanese dominated regime. These new elites from poor working and peasant families became the core supporters of the North Korean regime today. In addition, this book argues that, in the aftermath of the Korean War, a culture of victimization was established among North Koreans which allowed Kim Il Sung to use this culture of fear to build and maintain the garrison state. Thus, this work illustrates how the North Korean regime has garnered popular support for the continuation of a militarized state, despite the great hardships the people are suffering. This book will be of much interest to students of North Korea, the Korean War, Asian politics, Cold War Studies, military and strategic studies, and international history.

The Island of Sea Women Lisa See, 2019-03-05 THE NEW YORK TIMES BESTSELLER "A mesmerizing new historical novel" (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village's all-female diving collective, led by Young-sook's mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. *The Island of Sea Women* takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother's position leading the divers in their village. Little do the two friends know that forces outside their control will push their friendship to the breaking point. "This vivid...thoughtful and empathetic" novel (The New York Times Book Review) illuminates a world turned upside down, one where the women are in charge and the men take care of the children. "A wonderful ode to a truly singular group of women" (Publishers Weekly), *The Island of Sea Women* is a "beautiful story...about the endurance of friendship when it's pushed to its limits, and you...will love it" (Cosmopolitan).

The Dawn of War in South Korea (1947-1950) Kyu-hyun Jo, 2024-01-18 This book offers an analytical account of the April Third Massacre in Korea, a bloody confrontation between supporters of the Syngman Rhee Administration and those suspected (largely incorrectly) of being Communists, or members of the South Korean Workers' Party—the second largest Communist Party after Korea's liberation from Japanese colonial rule. As a result, some 80,000 villagers, fishermen, and policemen were killed. The book, drawing from a wide array of primary sources, ranging from South Korean governmental records, memoranda, memoirs, and recently unclassified documents, examines the role of the South Korean Workers' Party in the April Third Massacre on Jeju and how it shaped the origins of the Korean War. The author maps these origins of the Korean War from the outbreak of the April Third Massacre and through the ensuing chain of violence which included the Yo-su and Sun-ch'on Massacres of October 1948, engulfing the peninsula until 1949. Of interest to all scholars studying modern Korea, it is particularly relevant to historians focused on the Korean War, as well as political scientists and international relations experts interested in East Asian conflicts.

Pachinko (National Book Award Finalist) Min Jin Lee, 2017-02-07 A New York Times Top Ten Book of the Year and National Book Award finalist, *Pachinko* is an extraordinary epic of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). NEW YORK TIMES NOTABLE BOOK OF 2017 * A USA TODAY TOP TEN OF 2017 * JULY PICK FOR THE PBS NEWSHOUR-NEW YORK TIMES BOOK CLUB NOW READ THIS * FINALIST FOR THE 2018 DAYTON LITERARY PEACE PRIZE * WINNER OF THE MEDICI BOOK CLUB PRIZE Roxane Gay's Favorite Book of 2017, Washington Post NEW YORK TIMES BESTSELLER * #1 BOSTON GLOBE BESTSELLER * USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * WASHINGTON POST BESTSELLER There could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones. In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant—and that her lover is married—she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, *Pachinko* is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters—strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis—survive and thrive against the indifferent arc of history. *Includes reading group guide*

Koreo-Japonica Alexander Vovin, 2009-11-02 The Japonic (Japanese and Ryukyuan) portmanteau language family and the Korean language have long been considered isolates on the fringe of northeast Asia. This text challenges a view widely held by Japonic and Korean historical linguistics on the relationship between the two language families.

Jejueo Changyong Yang, Sejung Yang, William O'Grady, 2019-12-31 Jeju Island, located about 30 miles southwest of the Korean mainland, is famous for its natural beauty, dolhaleubang ("stone grandfather") statues, haenyeo ("sea women") divers—and its language, which has only recently been recognized as distinct from Korean. This finding—still considered controversial—undermines the centuries-old belief that Korea has a single language within its borders and opens the door to an entirely new perspective on linguistic diversity in East Asia. Jejueo: The Language of Korea's Jeju Island offers both an introduction to the language and the foundation for a wave of new research on its many unique features. Through its comprehensive approach, the book helps establish the importance of Jejueo to the cultural and linguistic heritage of not only Jeju Island, but also the entire Korean peninsula. After a brief introductory chapter on the history of the island and its culture, the authors work their way through the language step by step, examining its sounds, part-of-speech system, and rich inventory of suffixes for both nouns and verbs, to which several chapters are devoted. Carefully written to minimize technical language and supplemented with hundreds of examples, the work is intended to be accessible to scholars working in all fields of Korean studies. Jejueo tells the story of a language that has been under wraps for far too long and is now in peril. After centuries of use as the first language of the island, only a few thousand elderly fluent speakers remain, leading UNESCO to classify Jejueo as "critically endangered" in 2010. As the first full-length treatment of Jejueo in English, this book marks a milestone in Korean studies and is sure to trigger extensive discussion of the language and its place in Korean society.

Diaspora without Homeland Sonia Ryang, John Lie, 2009-04-27 More than one-half million people of Korean descent reside in Japan today—the largest ethnic minority in a country often assumed to be homogeneous. This timely, interdisciplinary volume blends original empirical research with the vibrant field of diaspora studies to understand the complicated history, identity, and status of the Korean minority in Japan. An international group of scholars explores commonalities and contradictions in the Korean diasporic experience, touching on such issues as citizenship and belonging, the personal and the political, and homeland and hostland.

The Politics of Gender in Colonial Korea Theodore Jun Yoo, 2014-05-29 This study examines how the concept of Korean woman underwent a radical transformation in Korea's public discourse during the years of Japanese colonialism. Theodore Jun Yoo shows that as women moved out of traditional spheres to occupy new positions outside the home, they encountered the pervasive control of the colonial state, which sought to impose modernity on them. While some Korean women conformed to the dictates of colonial hegemony, others took deliberate pains to distinguish between what was modern (e.g., Western outfits) and thus legitimate, and what was Japanese, and thus illegitimate. Yoo argues that what made the experience of these women unique was the dual confrontation with modernity itself and with Japan as a colonial power.

Anarchism in Korea Dongyoun Hwang, 2016-09-30 A regional and transnational history of anarchism in Korea. This book provides a history of anarchism in Korea and challenges conventional views of Korean anarchism as merely part of nationalist ideology, situating the study within a wider East Asian regional context. Dongyoun Hwang demonstrates that although the anarchist movement in Korea began as part of its struggle for independence from Japan, connections with anarchists and ideas from China and Japan gave the movement a regional and transnational dimension that transcended its initial nationalistic scope. Following the movement after 1945, Hwang shows how anarchism in Korea was deradicalized and evolved into an idea for both social revolution and alternative national development, with emphasis on organizing and educating peasants and developing rural villages. Dongyoun Hwang is Professor of Asian Studies at Soka University of America.

A Lesser Love E. J. Koh, 2017-10-16 A Lesser Love is a book of love poems and elegies for those who have fumbled and stumbled and disappointed. These are poems of love and departure for romantic partners, family members, even countries and communities. Raised around diasporic Korean communities, E. J. Koh has described her work as deeply influenced by the idea of jeong, which can be translated as a deep attachment, bond, and reciprocity for places, people, and things. This spirit of jeong permeates this book of poems that are astonishing in the connections they draw and the ties they bind. In A Lesser Love readers will find poems composed of "Ingredients for Memories that Can Be Used as Explosives" and poems composed of chemistry equations that convert light into "reasonable dioxide" and then further transmogrify the formula into a complex understanding of the parent-child relationship. A book of intimate poems that invite readers into a private world, that geography grows wider and more interconnected with each passing page. Through the eyes of mothers, fathers, daughters, aunts, friends, and lovers, we see the tragedy of a sinking ferry, the hypocrisies of government agencies, the aftermath of war, and a very wide view through the Hubble space telescope. With evocative lyricism and profound emotional intensity Koh has crafted a book of poems that charm and delight and profoundly enrich.
