Ditch of Dreams Steven Noll, David Tegeder, 2009-11-22 For centuries, men dreamed of cutting a canal across the Florida peninsula. Intended to reduce shipping times, it was championed in the early twentieth century as a way to make the mostly rural state a center of national commerce and trade. Rejected by the Army Corps of Engineers as not worthy, the project received continued support from Florida legislators. Federal funding was eventually allocated and work began in the 1930s, but the canal quickly became a lightning rod for controversy. Steven Noll and David Tegeder trace the twists and turns of the project through the years, drawing on a wealth of archival and primary sources. Far from being a simplistic morality tale of good environmentalists versus evil canal developers, the story of the Cross Florida Barge Canal is a complex one of competing interests amid the changing political landscape of modern Florida. Thanks to the unprecedented success of environmental citizen activists, construction was halted in 1971, though it took another twenty years for the project to be canceled. Though the land intended for the canal was deeded to the state and converted into the Cross Florida Greenway, certain aspects of the dispute--including the fate of Rodman Reservoir--have yet to be resolved.

The Word Rhythm Dictionary Timothy Polashek, 2014-04-18 This new kind of dictionary reflects the use of "rhythm rhymes" by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups.

Informatics and Communication Technologies for Societal Development Elijah Blessing Rajsingh, Anand Bhojan, J. Dinesh Peter, 2014-09-08 This volume comprises research papers presented at the International Conference on Informatics and Communication Technologies for Societal Development (ICICTS 2014) held at Karunya University, India. The content focuses on the recent advancements in image or signal processing, computer vision, communication technologies, soft computing, advanced computing, data mining and knowledge discovery. The primary objective of this volume is to facilitate advancement and application of the knowledge and to promote ideas that solve problems faced by society through cutting-edge technologies. The chapters contain selected articles from academicians, researchers and industry experts in the form of frameworks, models and architectures. Practical approaches, observations and results of research that promotes societal development are also incorporated. This volume will serve as a useful compendium for interested readers and researchers working towards societal development from the technological perspective.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician,

Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Copper Sun Sharon M. Draper, 2012-06-19 A Time Best YA Book of All Time (2021) In this “searing work of historical fiction” (Booklist), Coretta Scott King Award-winning author Sharon M. Draper tells the epic story of a young girl torn from her African village, sold into slavery, and stripped of everything she has ever known—except hope. Amari's life was once perfect. Engaged to the handsomest man in her tribe, adored by her family, and fortunate enough to live in a beautiful village, it never occurred to her that it could all be taken away in an instant. But that was what happened when her village was invaded by slave traders. Her family was brutally murdered as she was dragged away to a slave ship and sent to be sold in the Carolinas. There she was bought by a plantation owner and given to his son as a birthday present. Now, survival is all Amari can dream about. As she struggles to hold on to her memories, she also begins to learn English and make friends with a white indentured servant named Molly. When an opportunity to escape presents itself, Amari and Molly seize it, fleeing South to the Spanish colony in Florida at Fort Mose. Along the way, their strength is tested like never before as they struggle against hunger, cold, wild animals, hurricanes, and people eager to turn them in for reward money. The hope of a new life is all that keeps them going, but Florida feels so far away and sometimes Amari wonders how far hopes and dreams can really take her.
