*The Birth of Top 40 Radio* Richard W. Fatherley, David T. MacFarland, 2013-12-24 Top 40 was the preeminent American radio format of the 1950s and 1960s. Although several radio station group owners offered their own versions of the format, the AM stations owned by Todd Storz and his father were acknowledged as the principal developers of Top 40 radio, and the prime movers in making it a nationwide ratings and revenue success. The Storz Stations in St. Louis, Omaha, New Orleans, Minneapolis-St. Paul, Kansas City, Oklahoma City and Miami are profiled in this book, as are various Storz air personalities and executives. A detailed chapter examines the unique Storz Station sound, revealing the complexity of what detractors portrayed as a simplistic format. Another covers Storz advertising in radio trade magazines, which cemented the company's image as the format's most successful station group and Top 40 as the dominant programming of the day. There are extensive quotations from the memoirs of several of the founders of the format.

**Language Variation on Jamaican Radio** Michael Westphal, 2017-12-14 This volume presents an in-depth analysis of language variation in Jamaican radio newscasts and talk shows. It explores the interaction of global and local varieties of English with regard to newscasters' and talk show hosts' language use and listeners' attitudes. The book illustrates the benefits of an integrated approach to mass media: the analysis takes into account radio talk and the perception of the audience, it is context-sensitive, paying close attention to variation within and between genres, and it combines quantitative and qualitative approaches to demonstrate the complexity of language in the media. The book contributes to our understanding of the dynamics of World Englishes in the 21st century and endonormative stabilization processes in linguistically heterogeneous postcolonial speech communities, and shows how mass media both challenge and reproduce sociolinguistic stratification. This volume will be relevant for researchers interested in the fields of sociolinguistics, language attitudes, and language in the media.

*Gordon McLendon* Ronald Garay, 1992-03-17 Students and others interested in radio history will be intrigued by this fast-paced biography of Gordon McLendon's career in the radio

Following a glimpse into his childhood, education, and military career, Ronald Garay describes McLendon's station ownership and management in Palestine, Texas; the development of a major network, the Liberty Broadcasting System; his live and recreated baseball and football programs; and his skirmishes with the major league baseball establishment. Much attention is given to how McLendon re-invented radio and competed with television and print media through his Top 40 music hits, disc jockey programming, and the use of local news. Important concerns regarding station trafficking, editorializing, and public interests are considered as well in this extraordinary book.
