The Psychoanalysis of Career Choice, Job Performance, and Satisfaction Paul Marcus,2017-01-20 Freud said that love and work are the central therapeutic goals of psychoanalysis; the twin pillars for a sound mind and for living the good life. While psychoanalysis has masterfully contributed to understanding the experience of love, it has only made a modest contribution to understanding the psychology of work. This book is the first to explore fully the psychoanalysis of work, analysing career choice, job performance and job satisfaction, with an eye toward helping people make wiser choices that bring out the best in themselves, their colleagues and their organization. The book addresses the crucial questions concerning work: how does one choose the right career; what qualities contribute to excellence in performance; how best to implement and cope with organizational change; and what capacity and skills does one need to enjoy every day work? Drawing on psychoanalytic thinking, vocational counseling, organizational psychology and business studies, *The Psychoanalysis of Career Choice, Job Performance, and Satisfaction* will be invaluable in clinical psychoanalytic work, as well as for mental health professionals, scholars, career counselors and psychologists looking for a deeper understanding of work-based issues.

13 Hollywood Apes Gil Reavill,2014-12-16 INTERNATIONAL THRILLER WRITERS AWARD FINALIST, BEST EBOOK ORIGINAL NOVEL In a savvy, stylish thriller debut perfect for anyone who loves the crime novels of Michael Connelly or Nevada Barr, Gil Reavill unravels a chilling tale of murder and mayhem among humans and their closest evolutionary relatives—a primate family that may just be too close for comfort. As a wildfire rages outside the Odalon Animal Sanctuary in the rugged Santa Monica foothills, the retired Hollywood movie chimpanzees housed there are shot and left for dead. When Malibu detective Layla Remington reaches the grisly scene the next morning, she's deeply disturbed—and even more confused. The victims are not human, so the attack cannot be classified as homicide. Yet someone clearly wanted these animals dead, and executed them with ruthless efficiency. Miraculously, there is one survivor: a juvenile male named Angle. But as Layla reaches the veterinarian's office where Angle is recovering, a man with rock-star good looks and a laid-back Southern California attitude swoops in and removes him. And just like that, an unusual case turns truly bizarre. Soon reports surface of ferocious attacks against Odalon employees . . . with Angle as the prime suspect. As a wave of senseless violence reaches its apex, Layla chases a mystery man and his chimp—but everything comes back to that terrible night at the sanctuary.

Record of Christian Work Alexander McConnell,William Revell Moody,Arthur Percy Fitt,1903 Includes music.

The Triune God William Carl Placher,2007-01-01 In this original, contemporary doctrine of the Trinity, William Placher places the history of theology in dialogue with postmodern philosophy and yields a provocative postliberal interpretation. Placher deftly connects a radical view of God's transcendence with a narrative Christology. His resulting thesis is twofold: first, the doctrine of the Trinity is not a way of explaining the inner nature of God but a way of preserving God's mystery; and second, the Trinity should be presented by showing how Father, Son, and Holy Spirit are one God--moving from the Three to the One, not the other way around. An exceptionally clear and engaging presentation of this central Christian doctrine, *The Triune God* both advances the scholarly and ecclesial discussion on the Trinity and provides an unusually concrete introduction to postliberal theology.

Black Power at Work David Goldberg,Trevor Griffey,2011-05-02 *Black Power at Work* chronicles the history of direct action campaigns to open up the construction industry to black workers in the 1960s and 1970s. The book's case studies of local movements in Brooklyn, Newark, the Bay Area, Detroit, Chicago, and Seattle show how struggles against racism in the construction industry shaped the emergence of Black Power politics outside the U.S. South. In the process, community control of the construction industry—especially government War on Poverty and post-rebellion urban reconstruction projects—became central to community organizing for black economic self-determination and political autonomy. The history of Black Power's community organizing tradition shines a light on more recent debates about job training and placement for unemployed, underemployed, and underrepresented workers. Politicians responded to Black Power protests at federal construction projects by creating modern affirmative action and minority set-aside programs in the late 1960s and early 1970s, but these programs relied on voluntary compliance by contractors and unions, government enforcement was inadequate, and they were not connected to jobs programs. Forty years later, the struggle to have construction jobs serve as a pathway out of poverty for inner city residents remains an unfinished part of the struggle for racial justice and labor union reform in the United States.

Feasting on the Word: Lent through Eastertide David Lyon Bartlett,Barbara Brown Taylor,2008-01-01 We have been honored to work with a multitude of gifted thinkers, writers, and editors. We present these essays as their offering-and ours-to the blessed ministry of preaching. -From the introduction by David L. Bartlett and Barbara Brown Taylor --Book Jacket.

Alfred Hitchcock's Frenzy Raymond Foery,2023-06-14 After an unparalleled string of artistic and commercial triumphs in the 1950s and 1960s, Alfred Hitchcock hit a career lull with the disappointing *Torn Curtain* and the disastrous *Topaz*. In 1971, the depressed director traveled to London, the city he had left in 1939 to make his reputation in Hollywood. The film he came to shoot there would mark a return to the style for which he had become known and would restore him to international acclaim. Like *The 39 Steps*, *Saboteur*, and *North by Northwest* before, *Frenzy* repeated the classic Hitchcock trope of a man on the run from the police while chasing down the real criminal. But unlike those previous works, *Frenzy* also featured some elements that were new to the master of suspense's films, including explicit nudity, depraved behavior, and a brutal act that would challenge Psycho's shower scene for the most disturbing depiction of violence in a Hitchcock film. In *Alfred Hitchcock's Frenzy: The Last Masterpiece*, Raymond Foery recounts the history—writing, preprod

Offshoring of American Jobs Jagdish N. Bhagwati,Alan S. Blinder,2009-08-07 Two leading economists discuss a range of issues relating to the "offshoring" of American jobs, from free trade to unemployment levels. It is no

surprise that many fearful American workers see the call center operator in Bangalore or the factory worker in Guangzhou as a threat to their jobs. The emergence of China and India (along with other, smaller developing countries) as economic powers has doubled the supply of labor to the integrated world economy. Economic theory suggests that such a dramatic increase in the supply of labor without an accompanying increase in the supply of capital is likely to exert downward pressure on wages for workers already in the integrated world economy, and wages for most workers in the United States have indeed stagnated or declined. In this book, leading economists Jagdish Bhagwati and Alan S. Blinder offer their perspectives on how the outsourcing of labor and the shifting of jobs to lower-wage countries affect the U.S. economy and what, if any, policy responses are required. Bhagwati, in his colorful and pithy style, focuses on globalization and free trade, while Blinder, erudite and witty, addresses the significance of labor market adjustment caused by trade. Bhagwati's and Blinder's contributions are followed by comments from economists Richard Freedman, Douglas A. Irwin, Lori G. Kletzer, and Robert Z. Lawrence. Bhagwati and Blinder then respond separately to the issues raised. Benjamin Friedman, who edited this volume (and organized the symposium that inspired it), provides an introduction.

The 13th Valley John M. Del Vecchio,2012-07-04 A work that has served as a literary cornerstone for the Vietnam generation, *The 13th Valley* follows the strange and terrifying Vietnam combat experiences of James Chelini, a telephone-systems installer who finds himself an infantryman in territory controlled by the North Vietnamese Army. Spiraling deeper and deeper into a world of conflict and darkness, this harrowing account of Chelini's plunge and immersion into jungle warfare traces his evolution from a semipacifist to an all-out warmonger. The seminal novel on the Vietnam experience, *The 13th Valley* is a classic that illuminates the war in Southeast Asia like no other book.

The Frenzy War Gregory Lamberson,2012-10-01 Two years have passed since NYPD Captain Tony Mace hunted down and slew Janus Farel, the rogue werewolf who terrorized New York City. Mace now pushes paper in the K-9 unit as he waits to retire, aware that a species of peaceful Wolves lives among city residents. The Brotherhood of Torquemada, hell-bent on the Wolves' extinction, dispatches a team of assassins to wipe out the Wolves residing in NYC. Each assassin has been trained since childhood to fulfill this destiny, and each possesses a revered silver sword, the Blade of Salvation. When the NYPD and the FBI determine that the Wolves and Torquemadans are engaged in a secret battle, they choose Mace to lead a covert, joint task force charged with preventing a citywide panic at any cost. But Mace's wife, Cheryl, is a journalist who threatens to uncover the ancient war that has found its way to our shores. Battle lines are drawn, loyalties are tested, bonds are broken, and blood is shed in a war unlike any seen by modern man.
