**Job Hopper** Ayun Halliday, 2005 The author of No Touch Monkey! and The Big Rumpus turns her experiences as a lifeguard, library attendant, costume designer, massage therapist, and mime into humorous prose about life in the working world. Original.

The Bathrobe Millionaire Jason Yelowitz, 2011-05 The role of instant millionaire is an elusive status often written and fantasized about but rarely achieved. In The Bathrobe Millionaire, author Jason Yelowitz tells his personal story of how he got rich overnight and realized his dream of swapping the corporate life for one of financial and emotional freedom. Peppered with humor, this memoir provides insights into the hazards and rewards of start-up businesses. Yelowitz shares his mistakes as an entrepreneur and the lessons learned, and he reveals his secret to financial success. He dispenses counterintuitive advice about what it takes to earn a lot of money and demonstrates these essential points: You shouldn't fall in love with your own business idea. Work and pay don't need to be derived from the same activity. It's best not to tell people about the business you're starting. Every start-up business should have a stop loss. It's better to start a business with less money rather than more. The concept of quit early, quit often makes sense. You should start a business alone, even if you need a partner. In The Bathrobe Millionaire, Yelowitz proves that the laws of business sometimes defy gravity.

**Organizational Psychology** Steve M. Jex, 2002-11-08 A comprehensive treatment of the science and practice of organizational psychology Following a scientist-practitioner model, Organizational Psychology explores the practical implications of the current research in the field, expertly integrating multicultural and international issues. Beginning with a foundation of research methodology, author Steve Jex examines the behavior of individuals in organizational settings. Drawing on his experiences as a consultant and educator, he uses actual cases to illustrate workplace issues, offering balanced coverage of such key topics as occupational stress, motivation, and corporate culture. Also presented is unique information on research methods and the use of statistics in understanding organizations. With an emphasis on applying theory and research in practice, Jex explores the mechanisms that organizations use to influence employees' behavior, addressing the major motivation theories in organizational psychology. Readers will discover how psychological models can be used to improve employee morale, productivity, and quality of service. The focus then shifts from the individual to the group level—an important distinction given the increased reliance on teams in many organizations. Jex identifies the factors that have the greatest impact on group effectiveness and examines the dynamics underlying intergroup behavior. Finally, he moves to the organization (macro) level, revealing a variety of ways in which organizations engage in planned change with the assistance of behavioral science knowledge.

**Singapore's National Wages Council** Chong Yah Lim, 2013-12-30 Written by Emeritus Professor LIM Chong-Yah, Founding Chairman of the tripartite National Wages Council (NWC), this unique volume offers readers an insider's view of the genesis and the evolution of the wage determination mechanism and system in Singapore under the aegis of the NWC. As a tripartite body dealing with wages, wage policies and wage-related matters and promoting Growth with Equity, the NWC played a critical role in transforming industrial relations in Singapore from the then confrontational approach to that of mutual understanding, esprit de corps and social co-partnership. Drawing from his 30-year experience as NWC Chairman (1972-2001), Singapore's eminent Economics Professor shares with readers the important process and problems of seeking equitable wage increases through tripartite consensus based on a yearly national wage guideline system. The book also chronicles the role of the NWC in crisis management in 1974, 1985 and 1998, and in Economic Restructuring, 1979-1981. The structure and operation of this unique Singapore institution and the interesting problems of securing unanimity of support from the three tripartite partners are revealed in the book. Some important NWC personalities and their concerns and unique contributions are interestingly covered, anecdotally. Contents: Lectures and Articles on NWC: Tripartism in Singapore: The Wage Guideline System Industrial Relations, Economic Restructuring and Exportability of the NWC Model Crises Management and External Assessments Singapore and the World Economic Crisis Economic Restructuring in Singapore The NWC as I See It The Concerns of the National Wages Council NWC: Targets and Goals NWC: The Politics of Consensus NWC: Issues and Initiatives A Decent Wage for a Decent Job Letters to the Prime Minister: NWC's Recommendations on Countermeasures to 1974 Inflation Crisis: Letter to the Prime Minister on 8 May 1974 NWC's Recommendations on Economic Restructuring: Letters to the Prime Minister on 12 June 1979, 3 June 1980 and 13 May 1981 NWC's Recommendations on Countermeasures to 1985-1986 Recession Crisis: Letter to the Prime Minister on 21 April 1986 NWC's Recommendations on

Keywords: Wages; Wage policy; National Wages Council; NWC; Tripartism; Quantitative Guidelines; Qualitative Guidelines; Employment; Unemployment; Competitive Wages; Productivity Enhancement; Economic Restructuring; Crisis Management; NWC Memorandum; Industrial Relations

**Key Features:** The book is written by Emeritus Professor Lim Chong Yah, one of the most pre-eminent economists in Singapore. He was the Founding Chairman of the NWC for 30 years. A book on the NWC by the Founding Chairman of NWC is the closest a reader can get to the core of knowledge of the NWC. The book is the most comprehensive book on wage determination mechanism and wage policy in Singapore. The history of the NWC is closely intertwined with history of Singapore economic development. The book thus gives invaluable insights of several episodes of macroeconomic management in Singapore.

**Reviews:** "Singapore's wage policy and model of tripartite cooperation were key drivers in the successful industrialization of Singapore in the 1970s and 1980s. Professor Lim Chong Yah was in the driver's seat of the National Wages Council for some 30 years since its formation in 1972. He shares his unique experience, thoughts and perspective of the issues and challenges facing the Singapore economy in its transformative years in this easy-to-read book." GOH Chok Tong Emeritus Senior Minister, Singapore "This book is an excellent record of the genesis, objectives, and operation of the National Wages Council (NWC). It serves to inform the current and future generations of Singaporeans on many important aspects of the NWC. The chapter on Professor Lim's personal reflections as NWC Chairman where he wrote on many well-known personalities and their involvement with the NWC is most treasured." Dr CHEW Soon Beng Professor of Labour Economics and Industrial Relations Nanyang Technological University "From achieving economic catch-up through international technology diffusion to implementing downward wage flexibility to hasten recoveries from adverse recessionary shocks, it is necessary that functioning institutions exist to facilitate conflict resolution among competing groups in society. The ubiquitous influence of the National Wages Council (NWC) as a key and unique institution that has brought together employers, representatives of labour unions, and Government to resolve conflicts – through the oil crises of the 1970s to the fallout from the Asian financial crisis in 1998 – is now given an insider's account. Professor Lim, Chairman of NWC from 1972 to 2001, has now given us an engaging analytical and personal account of the workings of this important institution." Dr HOON Hian Teck Professor of Economics Singapore Management University "To many people outside Singapore, the industrial peace that Singapore has enjoyed in the past 40 years is unfathomable. How did we forge such close tripartite relations among employers, unions and the government? One of the most important contributors to this is the NWC process. Prof Lim Chong Yah has, in this insider's view, given much color to what went on behind the scenes – how he facilitated the building of relations among the principal players in this unique relationship." LIM Boon Heng Former Secretary-General, National Trades Union Congress Deputy Chairman, Singapore Labour Foundation "The ILO has been impressed by the NWC mechanism which ensures tripartite participation and tripartite dialogue. I am glad that Professor Lim has decided to share his rich experience in the new book by presenting issues and the processes leading to the solutions of problems. This by itself shows Professor Lim's wisdom and ability to strike consensus among the government, and employers'

and workers' organizations. It also reflects Professor Lim's remarkable contributions to decades of industrial peace and economic growth in Singapore." Dr NG Gek Boo Former ILO Assistant Director-General and Regional Director for Asia and the Pacific "In 1965, the just born city-state had a per capita GDP of US\$ 516. In nominal terms, it rose by 100 times to US\$ 51,709 in 2012. In this accomplishment, the most crucial role was played by the country's only resource – manpower. Guiding the pricing of that resource, ably and humanely, was the task carried out by Prof Lim for three decades as the NWC Chair. Many manpower-rich developing countries will benefit from a reading of this insider's account of NWC and its contributions to the Singapore's success story." Dr Bhanoji RAO Hon/Adjunct Professor, ASCI and IBS, Hyderabad Member, Governing Board, GITAM University "I was privileged to serve as the Government Member of NWC when it was inaugurated in 1972. As the Founding Chairman, Professor Lim ably led the Council towards convergence of the divergent positions of the tripartite partners namely the Government, Employers and the NTUC. Intellectually sharp, he was also astute in reading the body language of the principal members. Blessed with a sense of humor, Professor Lim was able to bring round all three tripartite partners to agree on unanimous recommendations to the Prime Minister. The NWC under the outstanding leadership of Professor Lim brought about over decades of industrial peace and steady consistent GDP growth in the 1970s, 1980s and 1990s." NGIAM Tong Dow Former Permanent Secretary Ministry of Finance Ministry of Trade and Industry

**Hard to Love** Briallen Hopper, 2019-02-05 A sharp and entertaining essay collection about the importance of multiple forms of love and friendship in a world designed for couples, from a laser-precise new voice. Sometimes it seems like there are two American creeds, self-reliance and marriage, and neither of them is mine. I experience myself as someone formed and sustained by others' love and patience, by student loans and stipends, by the kindness of strangers. Briallen Hopper's Hard to Love honors the categories of loves and relationships beyond marriage, the ones that are often treated as invisible or seen as secondary--friendships, kinship with adult siblings, care teams that form in times of illness, or various alternative family formations. She also values difficult and amorphous loves like loving a challenging job or inanimate objects that can't love you back. She draws from personal experience, sharing stories about her loving but combative family, the fiercely independent Emerson scholar who pushed her away, and the friends

who have become her invented or found family; pop culture touchstones like the Women's March, John Green's *The Fault in Our Stars*, and the timeless series *Cheers*; and the work of writers like Joan Didion, Gwendolyn Brooks, Flannery O'Connor, and Herman Melville (*Moby-Dick* like you've never seen it!). *Hard to Love* pays homage and attention to unlikely friends and lovers both real and fictional. It is a series of love letters to the meaningful, if underappreciated, forms of intimacy and community that are tricky, tangled, and tough, but ultimately sustaining.
