Harry Dahlstrom

The Job-Hunter's Survival Guide Richard N. Bolles, 2012-04-04 One hundred pages of lifesaving advice for people out of work. When over ten million people have needed help with their job-hunt—or with figuring out what to do with their life—there is one person they have turned to, more than any other. He is Richard N. Bolles, author of the #1 job-hunting book of all time, *What Color Is Your Parachute?* His name is well-known around the world. Just during the last twelve months, he has appeared in *Time* (“10 Ideas Changing the World Right Now,” March 2009), U.S. News & World Report (deemed “savior of the nation’s unemployed,” October 2008), NBC’s *Today Show* (broadcast in April 2009), and many other publications and shows. His book was the #1 best-seller on BusinessWeek’s paperback list as recently as last November. Never has his advice been more sought than during these brutal economic times. He has responded by writing a completely new book: *The Job-Hunter’s Survival Guide*, designed particularly for people who are hanging on the ropes, who haven’t time to do a lot of reading but need help desperately—and now. Early reviews have called this little Guide “brilliant” and “tremendously helpful.”

Tech Job Hunt Handbook Kevin Grossman, 2013-02-01 Tech Job Hunt Handbook is a career management book—just for technology professionals—that reflects today’s new economic realities. The world of work is constantly changing, and staying professionally relevant while competing for more specialized tech jobs in areas like cloud computing, mobile and social applications, and big data in a highly competitive global economy is critical. The world is churning out hungry programmers and developers in record numbers, making the global labor market highly competitive. It is now essential to plan a campaign to get a better job as well as your overall career. Retooling your skills and re-branding yourself is mandatory whether you’re seeking a new job or intent on retaining current employment. Readers of the Tech Job Hunt Handbook will find tools, practical guidance, and recommendations on how to find the best new tech jobs, how to get noticed, how to ace interviews and get hired, and how to keep those new jobs—until it’s time for a better one. As you will learn, learning how to assess and then invest in career management skills leads to long-term competitive advantage and a happier working life. Tech Job Hunt Handbook—for recent graduates, risk-taking innovators, and tech veterans alike—shows how to build a comprehensive online professional profile, identify the companies you’re interested in and who you know at those companies, approach interviews with confidence, uncover opportunities in your current company, and understand the new emerging technology markets that could lead to a career rebirth. This book will help you: Find a new or better tech job. Stay relevant and employable despite constant new developments. Manage your tech career for long-term success.

The Academic Job Search Handbook Julia Miller Vick,Jennifer S. Furlong,2013-06-12 For more than 15 years, The Academic Job Search Handbook has assisted job seekers in all academic disciplines in their search for faculty positions. The guide includes information on aspects of the search that are common to all levels, with invaluable tips for those seeking their first or second faculty position. This new edition provides updated advice and addresses hot topics in the competitive job market of today, including the challenges faced by dual-career couples, job search issues for pregnant candidates, and advice on how to deal with gaps in a CV. The chapter on alternatives to academic jobs has been expanded, and sample resumes from individuals seeking nonfaculty positions are included. The book begins with an overview of the hiring process and a timetable for applying for academic positions. It then gives detailed information on application materials, interviewing, negotiating job offers, and starting the new job. Guidance throughout is aimed at all candidates, with frequent reference to the specifics of job searches in scientific and technical fields as well as those in the humanities and social sciences. Advice on seeking postdoctoral opportunities is also included. Perhaps the most significant contribution is the inclusion of sample vitas. The Academic Job Search Handbook describes the organization and content of the vita and includes samples from a variety of fields. In addition to CVs and research statements, new in this edition are a sample interview itinerary, a teaching portfolio, and a sample offer letter. The job search correspondence section has also been updated, and there is current information on Internet search methods and useful websites.
