Hustle Candace Benson,

House Don't Fall on Me Maidhc Dainín Ó Sé, 2007 This is the story of a young boy growing up in the West Kerry Gaeltacht in the 1940s and 1950s. It describes the fun and games of his schooldays, his accordion playing for ceilis as a teenager, his emigration to London unknown to his parents, his meeting up with his brother and working there, his further emigration to Chicago and his marriage and eventual return to Ireland. Maidhc Dainin describes how the musicians he played with in Chicago lost their hearts and minds in the music. He describes piano playing, accordion playing and fiddle playing and the music (and the craic!) is resonant from his descriptions. Maidhc Dainin's Irish is colloquial, conversational and without any airs and graces.

Plumb Bob James E Houck, 2007-11-12 This book is about my time in the plumbing field. I worked in the plumbing trade for forty years, starting as a young apprentice in high school. I worked in all phases of the plumbing trade, and this book deals with how it was for me to serve my time in the trenches and progress to eventually become a master plumber. The book deals with a lot of situations that a plumber is exposed to every day, such as ditches, filth, chemicals, machinery, harmful liquids and gasses, and a lot of other items that will ruin your day. It also includes stories about memorable days that I had and about interesting characters that I was exposed to. I have also included my thoughts about the plumbing trade and how I perceive the future of the plumbing and construction trades in general.

e-Recrutement à l'ère du Web 2.0 et des réseaux sociaux Jacques Digout, Laurent Besson, 2013-08-23 Tirer profit de ce qu'autorise Internet en matière de recrutement et réaliser des économies significatives en termes de coûts en adaptant ses pratiques professionnelles et son entreprise, sans céder aux modes éphémères ni omettre les acquis du management des ressources humaines. L'arrivée du Web 2.0, avec en particulier les réseaux sociaux, a complètement transformé les processus de recrutement. Une entreprise peut aujourd'hui gérer ses recrutements, en même temps que son identité numérique et sa visibilité, en étant présente sur des blogs, des réseaux sociaux professionnels ou non, des vidéos... Elle devient alors actrice et animatrice de communautés autour de la marque employeur, qui n'est pas nécessairement une réponse institutionnelle et ne consiste pas juste à transposer son site RH sur Facebook. Le recrutement s'en trouve fortement impacté, car méthodes et pratiques s'affinent et imposent une remise en cause profonde au fur et à mesure des évolutions comportementales et technologiques. Pour optimiser ses actions d'e-recrutement - qui prennent le pas sur les approches classiques -, il est nécessaire de : • Cerner les diverses facettes d'un e-recrutement réussi, les acteurs impliqués et leur environnement technique, les outils d'aide à l'analyse de cibles, au sourcing, les méthodes sur lesquelles s'appuyer. • Comprendre les fondements, pratiques et limites des outils existants, à la lumière de nouveaux concepts comme l'e-réputation et la marque employeur. • Évaluer les bouleversements mais aussi la formidable créativité influant sur les comportements des candidats et des entreprises, anticiper l'avenir avec ce que sera bientôt le Web 3.0.

The Strategic Career Bill Barnett, 2015-05-27 A comprehensive guide to planning your career using sound business strategy concepts. We often hear that finding the work we are meant for will multiply our accomplishments and enable us to attain new levels of personal satisfaction. Yet, many who are planning their careers find that the job market has shifted to the advantage of employers, whether because of the recession, globalization, IT-driven productivity, or other changes in the business landscape. Faced with these tough circumstances, it is more critical than ever for professionals to create a plan of attack and make sound decisions as they navigate their careers. The Strategic Career provides readers with the ultimate guide to career choices—both short-term and long. While other authors approach career development from the perspective of psychology and counseling, Bill Barnett demonstrates how business strategy concepts can successfully guide us as we chart our careers. Drawing on two decades of experience leading McKinsey & Company's Strategy Practice, as well as his popular Career Strategy courses at Yale and Rice University, he approaches the construction of a long-term career plan by looking at the main challenges professionals will face: developing and reaching long-term targets, surfacing opportunities, assessing career decisions, and staying on track. Underpinning his advice with research and illustrating it with vivid stories from others' successes, Barnett lays out practical, step-by-step processes to help readers realize their goals. Complete with a program to help you develop your own plan and over 100 specific activities to guide you, The Strategic Career is the ideal companion on your professional pathway. Praise for The Strategic Career "If you want more from your career—not just more money, but more satisfaction, more engagement, and more control—read Bill's book. Career success is not a matter of luck; it's a matter of strategy. And who better to demonstrate the application of business strategy to careers than this long-time leader at the world's top strategic consulting firm." —Scott Uhrig, Founder and Managing Partner, Whiterock Partners "Barnett's book fills a major gap in both strategic and career thinking, namely how to apply strategic principles to find a true "calling" in one's work. Through thoughtful integration of his own strategic experience and the extensive research he draws on, Barnett provides invaluable insights to those facing career choices." —Jon R. Katzenbach; Senior Executive Advisor, Strategy& and co-author of The Wisdom of Teams "This insightful book will empower the reader to navigate what can sometimes feel like a daunting and overwhelming experience." —Michelle Jarrard, Director of Firm Personnel, McKinsey & Company

Guy Martin: Worms to Catch Guy Martin,2016-10-20 'I was never going to sleep in and take it easy, there were worms to catch.' Breaking records on the world's biggest Wall of Death, cycling 2,745 miles across the length of the United States (while sleeping rough), attempting to be the fastest person ever on two wheels and travelling to Latvia to investigate his family's roots, it's been a busy year for Guy Martin. There's been some thrilling racing too, including wild Harley choppers on dirt and turbo-charged Transit vans through the Nevada desert. And don't forget there's the day job to get back to in North Lincolnshire – the truck yard and the booty van. Guy has done more in one year than most people do in a lifetime, and with his gift for story-telling, he takes you with him to the outer limits of human endurance, and on a dizzying adrenalin high, all in a day's work.

Risking It All Heather E. Ingram,2009-07-01 In the spring of 2000, Heather Ingram, a 30-year-old high school teacher in a small town on the coast of British Columbia, was convicted of the sexual exploitation of a minor for having an affair with a 17-year-old student. A straight A student who graduated at the top of her high school class and won the award for top student in the secondary education program at the University of British Columbia, Ingram went on to become one of the most popular and highly respected teachers at Chatelech Secondary School in Sechelt, B.C. Trapped in an unhappy relationship that was undermining her self-confidence, Ingram found herself more and more drawn to Troy, a rebellious young student in her accounting class. She describes in unstinting detail how what began as a mild flirtation developed into a powerful attraction and then into a relationship of several years' duration, which had the full support of Troy's family. Heart and Sole Jane Eldershaw,2014-01-28 There are only two kinds of women in the world, those who love shoes and those who had the misfortune to be born without the ability to experience total bliss on finding a pair of perfectly designed pumps in the right size at half price. Heart and Sole is a lighthearted illustrated memoir, full of wisdom and humor, of one woman's life through her shoes. Jane Eldershaw remembers the shoes she has loved, the ones that turned out to be terrible mistakes, and the important life lessons she learned along the way. She writes about her first pair of heels (and the battle she had with her mother to get them), the white go-go boots and wooden platform shoes of her youth, and the power of red shoes, as well as how to judge a man by his shoes and the importance of girlfriends when shopping for footwear. Heart and Sole dishes out shoe advice, fashion memories, and warmhearted observations on the shoes of our lives. The perfect gift for every shoe diva and footwear lover.

Speaking of Summer Kalisha Buckhanon,2019-07-30 A "powerful song about what it means to survive as a woman in America" (Jesmyn Ward), this "fiercely astute" novel follows a sister determined to uncover the truth about her twin's disappearance (Tayari Jones). On a cold December evening, Autumn Spencer's twin sister, Summer, walks to the roof of their shared Harlem brownstone and is never seen again. The door to the roof is locked, and the snow holds only one set of footprints. Faced with authorities indifferent to another missing Black woman, Autumn must pursue the search for her sister all on her own. With her friends and neighbors, Autumn pretends to hold up through the crisis. But the loss becomes too great, the mystery too inexplicable, and Autumn starts to unravel, all the while becoming obsessed with the various murders of local women and the men who kill them, thinking their stories and society's complacency toward them might shed light on what really happened to her sister. In Speaking of Summer, critically acclaimed author Kalisha Buckhanon has created a fast-paced story of urban peril and victim invisibility, and the fight to discover the complicated truths at the heart of every family.
