Workplace Poker Dan Rust,2016-03-15 A career advisor explains why many talented, hard-working people often miss out on their full career potential, revealing the tells, blind spots, secrets, and unspoken rules you need to know in order to play the game to win. While many careers have been impacted by economic downturns, failed projects, downsizing and restructuring, or just bad bosses or bad timing, we all know of colleagues who continue to rise through every tough situation. Most assume that they have an advantage that protects them—degrees from the right schools, great mentors, influential friends and family, or just better luck. But these hyper-successful professionals have faced setbacks, too. Instead of allowing challenges to derail their rise, they've learned how to manage them better. In Workplace Poker, Dan Rust gives you the strategies you need to accelerate your career, and prevent setbacks from stalling your progress or spiraling it downward. The trick, he reveals, is to “play the game under the game,” to think more deeply and act more strategically. If you are talented, ambitious, and hardworking, but feel your career just isn't accelerating as rapidly as it should, or as fast as you would like it to, this book is for you. If you have

been frustrated to see others (less talented, who don't work as hard as you do) achieve rapid professional progress while your career stalls out, this book is for you. If you've been annoyed by those who are successful primarily because of where they went to school, or family connections, or financial resources, this book is for you. Rust gives you the insight and skills you need to transform yourself and adapt and survive any hurdle—to turn every adversity into advantage, and every struggle into strength, including:

- Recognition of your own “blind spots” and what to do about them
- Mastering strategic and authentic self-promotion
- Enhancing your personal charm and likeability
- Achieving the high energy, both mental and physical, necessary to drive an exceptional career trajectory
- Developing an interest in “corporate anthropology” and the complex human dimensions of business
- Neutralizing the career-stalling impact of difficult or dysfunctional colleagues
- Deeply “owning” and learning from career missteps and failures

In his smart, funny, relatable voice, Rust shares stories of individuals who have applied these capabilities in real world situations, and provides short, focused exercises to help you think about yourself and your own career. With Workplace Poker, you'll learn how to get out of your own way, and find the success you deserve.

The war of the Gaedhil with the Gaill, or the invasions of Ireland by the Danes and other Norsemen James Henthorn Todd, 1867 The first part of the work contains an account of the arrival of the Norsemen in Ireland, especially in the Munster district. The second part of the work is devoted to the history of the Dal Cais, or Munster chieftains, particularly of the hero Brian Boromhe (Boru), King of Ireland, and his death in the Battle of Clontarf. The appendices contain a translation of the Book of Leinster, the chronology and genealogy of the kings of Munster and of Ireland during the Scandinavian invasions, a description of the battle of Clontarf, and genealogy of the Scandinavian chieftains named as leaders of the invasions of Ireland.--Cf. introd.

The Red Saguaro Robert Llewellyn, 2018-01-04 On a scorching June day in Buckeye, Arizona, thirteen-year-old Juan Miguel Quilantan discovers a body impaled on a saguaro. The authorities quickly link the crime to radical Islamists who are planning an attack on the four million citizens of the Phoenix area, using some undetermined weapon of mass destruction. Three people stand between the terrorists and a vulnerable metropolis: C. Ronald Cannon, a professor whose wife and children were murdered by ISIS; Laura Fatopoulos, a Muslim and FBI special agent who has dedicated her career to eradicating extremist factions; and boy-genius Juan Miguel, an illegal immigrant whose understanding of the electric grid exceeds that of most law enforcement professionals. Together, they travel to Austria and back—in only

thirteen hours—to stop the terrorists from plunging the Valley of the Sun into chaos and anarchy. Learn what the terrorists already know and your role to help alleviate this real-life threat by reading *The Red Saguaro: A Novel of National Import*.

Behind the Scenes at a Newscast Whit Paddington, 2014-08-01 Take an in-depth tour of what happens at a newscast.

Riverbank Tweed and Roadmap Jenkins Bo Links, 2001-07-04 For nearly as long as there have been golfers, there have been men walking alongside them, carrying their clubs, holding the flagstick, offering advice, smelling not so faintly of old sweat and very new wine. We knew them by their nicknames and little else; we called them Pinehurst Bill, Shorty, Rags, Preacher, Front Lip, Big Red, Fog City, Cemetery, Shotgun, Stovepipe. They described their profession in their own distinctive way: they shipped the trunk; pulled the strap; hauled the load. They were with us every step of the way -- although, to be honest, they usually quick-hopped a few paces ahead or lagged a couple behind. But they were always there when we asked for help. We called them caddies. Today the Caddie is disappearing from the emerald ocean that is the golfer's territory. He has been replaced by machines that carry us and our bags down concrete ribbons or onto the greensward itself, by radar scopes

that give us precise distances to any object, by meters that gauge wind, and by polarized lenses that filter out the sun and detect the slightest hump or ridge. But no machine can read a sidehill putt or sense the fear in a man's eye when he's standing over a short pitch across the water, when the cold facts mean far less than the confidence expressed by a fellowman who says, Smooth it in there, champ; you got that shot. Caddies are the griots of golf, the storytellers who carry centuries of lore along with the bags, tees, and headcovers. Bo Links has listened to their tales, and in Riverbank Tweed and Roadmap Jenkins he has created two of the most memorable yarn-spinners you'll ever meet. Riverbank, young Harry Tweed, is a boy searching for his place in the world and for a place to hide; Roadmap, so named for his uncanny ability to read a green (and not, as some surmise, for the capillary tracings in his aging eyes), has found his place on the fringes and in the shadows, where anonymity and invisibility mean safety and survival. Roadmap takes Riverbank under his wing and teaches him the particulars of the profession -- but more important, shows him how golf can be the window into a man's soul. The lessons Riverbank learns are drawn from his experiences in the game, but have applications far beyond the out-of-bounds stakes. The stories that make up Riverbank Tweed and Roadmap Jenkins take us on a tour of some of the most renowned real estate in golf, including The Olympic Club, host to four U.S. Opens, and Cypress Point, the ultra-exclusive masterpiece where beauty, danger, and imagination combine to create the world's most unforgettable

golfing terrain. The matches that take place on these courses range from an enterprising little game between two priests bent on glory at all costs to a variation of golf played under one simple rule -- you may not touch or replace your ball no matter what -- to a perfect round, played on the perfect golf course, in the most imperfect conditions imaginable, by a player who cannot hear the sound of the barriers he is shattering. By turns comic, thought-provoking, moving, and entertaining, Riverbank Tweed and Roadmap Jenkins will forever change the way you look at the game of golf, and at the men who walk with you while you plumb-bob its mysteries.

Special Deliverance Alexander Fullerton, 2015-07-30 A top-secret mission to change the course of the Falklands War--first in the trilogy that continues with Special Dynamic and Special Deception. In the war-torn, storm-swept South Atlantic, a small band of highly-trained SBS experts embarks on a vital secret mission: to sabotage Argentina's stock of deadly Exocet missiles. The course of the Falklands War depends on their success. One man, Andy MacEwan, an Anglo-Argentine civilian recruited to the team as guide and interpreter,

has more than the mission on his mind. His brother is a commander in the Argentine Navy Air Force and there is no love lost between them. The coastline is exposed and treacherous, the missile base is surrounded by vast tracts of open land, and they must complete their deadly work without ever being detected. Some say it's impossible . . . but this lethal band of elite warriors are used to upsetting the odds. An absolutely gripping war novel from one of the genre's most celebrated authors, perfect for fans of Alistair MacLean and Jack Higgins. Praise for the writing of Alexander Fullerton "His action passages are superb, and he never puts a period foot wrong." –The Observer "The most meticulously researched war novels that I have ever read." –Len Deighton, author of The Ipcress File "You don't read a novel by Alexander Fullerton. You LIVE it." –South Wales Echo "The research is unimpeachable and the scent of battle quite overpowering." –The Sunday Times

Win or Die Bruce Craven, 2019-03-19 "When it comes to the most-anticipated business books of 2019, Win or Die: Leadership Secrets From Game of Thrones is the one to beat." –Inc. A guide to leading without losing your head, inspired by the bestselling books and smash television series Game of Thrones. When you play the game of thrones, you win or you die. There is no middle ground. –Cersei Lannister One of the great joys of Game of Thrones is strategizing what bold moves you'd make in this bloody, volatile world—from the comfort of your living room. And one of the great terrors of being a leader is knowing your real world can be just as brutal—and offices bring no

comfort. Every day you're presented with opportunities and challenges, and must decide which roads to follow, which risks to confront, when to deny an opportunity and when to pursue the call to adventure. And you won't know whether you'll profit or fail while you're in the thick of it. In *Win or Die: Leadership Secrets from Game of Thrones*, Bruce Craven brilliantly analyzes the journeys of the best and worst leaders in Westeros, so that leaders can create their own narratives of success. Craven considers beloved characters such as Ned Stark, Jon Snow, Daenerys Targaryen, and Tyrion Lannister as they make terrible decisions and fatal mistakes, but also achieve incredible victories and surprising successes, learning and growing along their (often bloody) ways. Readers will learn how to face conflict and build resilience, develop contextual and emotional intelligence, develop their vision, and more. This entertaining and accessible guide will show readers how to turn danger into opportunity, even when dragons threaten.

Comebacks Andrea Redmond, Patricia Crisafulli, 2010-04-26 Gold Medal Winner, Success and Motivation, 2011 Axiom Business Book Awards Insight from leaders who experienced major setbacks and redefined success In tough economic times, when careers are derailed and leaders are forced to rewrite their professional plans, this book enlightens and uplifts. Work and Vocation through the Lens of Ecclesiastes Gilbert Soo

Hoo,2021-10-08 I want my work to have significance is an often-expressed declaration. But that desire faces a shocking challenge from possibly the wisest man who ever lived, Qohelet, through his writings in Ecclesiastes. Repeatedly, he pens the word meaningless/absurd to encapsulate his conclusions about work and life. We cannot simply dismiss his viewpoint as that of a madman because his words are canonized in Scripture. However, a second writer, the frame narrator, emerges at the end of Ecclesiastes to complement Qohelet without totally agreeing and with a greater urgency for our duty to God as our vocation. Both writers see the complexities and incongruities that typify our labor and life. Yet, through these challenges we can still find significance when we honor our God.

Reich TV Jeff Pearce,2011 The Germans had television in the early years of the Hitler regime. Now see what happens when TV changes the history of Nazi Germany and World War Two! The BBC has lured the Marx Brothers away from America to London so they can perform a variety show each week that's transmitted all the way into Berlin. Their producer is the young, hard-drinking, womanizing Dylan Thomas, who goes from hating foreign politics to being obsessed with stopping the Nazis. Meanwhile, on the night of the Reichstag Fire, young English correspondent George Orwell manages to explore the ruins and makes a startling discovery: the burned bodies of five men handcuffed together, one of them a Brown Shirt and another a high-ranking army officer. Orwell has to team up with a roving band of pirate signal

broadcasters to expose the truth about the fire-and the secret of a terrifying new weapon in Nazi hands. Espionage, murder, sabotage and betrayal. They'll all be exposed on Reich TV, culminating in the most sensational trial of the century.
