Great Jobs for Everyone 50 +, Updated Edition Kerry E. Hannon,2017-10-27 You can find profitable, fulfilling work after 50! Kerry Hannon's national bestseller, *Great Jobs for Everyone 50+*, has become the job-hunting bible for people in their forties, fifties, and beyond. With her no-nonsense style, Hannon shows where the opportunities are and how to get them. In this completely revised edition, Hannon offers twice as many jobs and brand-new material to market your skills in today's job market, with expert tips on revamping a résumé, networking, interviewing like a pro, building a social media platform to stand out in the crowd, and much more. Whether you took early retirement, were laid off, are seeking a job that you will love, need supplemental income, or want to stay engaged and make a difference by giving back with your talents, Hannon's book is an essential tool. The truth is that many companies are looking for candidates with your experience, expertise, and maturity. The trick is finding those employers—and going into your search with a positive attitude and realistic expectations. This completely updated *Great Jobs* shows you how to avoid common job-seeking mistakes and helps you find your ideal employment in today's landscape.

The Widow's Strike Brad Taylor,2013-07-16 Taskforce operators Pike Logan and Jennifer Cahill race to stop a global pandemic in this fast-paced thriller in the New York Times bestselling series. Invented by nature and genetically manipulated by man, a highly lethal virus has just fallen into the wrong hands. Angered by sanctions placed against its nuclear program, a rogue state is determined to release the virus. The only thing standing in its way is the extralegal counterterrorist unit known as the Taskforce. But as they follow the trail of the virus across Southeast Asia to the United States, the Taskforce soon learns that the enemy they face may not be the enemy they should fear...

You're Hired! How to Get Employed Tim Guest,2018-04-30 Finding your way in life and work is

getting increasingly tough. The chance of getting wellpaid and secure work seems like a distant dream for most. But it's not impossible. This book is about giving you the tools you need to succeed, whether it's getting temporary work while you figure out what to do or help you get that first foot on the job ladder. This book is aimed at people looking for employment. Let's take 15 to 18-year-olds who are still at school. Do you get your GCSEs and think, right, let me go and apply for a job now? No, you start by asking yourself questions like: How do I write a CV? How do I behave in interviews? They need to enter the market with these things already written, so they know how to apply for jobs, know how to be interviewed, know how to ask questions, and what to do if you are offered the job. The advice also applies to people who've never been in paid employment. Or individuals who don't have access to the necessary resources that would allow them to complete their own CVs and job applications, let alone tell them how to go about it. I hope the book will be helpful, accessible and tell readers everything they need to know about how to look for jobs, write a CV and covering letter, what to do in interviews, how to follow up with prospective employers, and a range of other skills people need to get themselves into paid employment.

How to get a good Job after 50 Rupert French,2015-04-01 Many baby boomers are seeking to stay in the workforce longer and are looking for satisfying, fulfilling jobs. This book is a step- by-step guide to finding and winning the sort of job most likely to give job satisfaction and success. It sets out how older workers are often valued in the workplace because of their experience, skills, reliability and sense of responsibility before going on to show how to demonstrate these qualities to prospective employers. It encourages people to adopt a pro-active, 'self-employed' approach, building self- esteem and promoting a time-efficient, self-managed job search program, and explains the importance of: - concentrating on no more than two or three job leads at any one time - using proven marketing techniques to win good jobs - writing resumes that grab the employer's interest in the first few sentences - finding jobs before they are advertised - building an effective job search network - using social media to support the job search - maintaining a positive self-image- effective preparation for the job interview. Specimen resumes are included in the book and are available for download as templates from the linked website. Job seekers can almost guarantee getting a good job quickly if they follow the author's recipe for success!

A Romance to Remember Anon,2016-02-10 If you thought 50 Shades of Gray was exciting, wait until you read A Romance to Remember! This novel is romance from beginning to end, in a struggle

Dead Reckoning Andrei Guraianu, Anthony Di Renzo, 2016-02-01 A poet and essayist attempt to find their bearings in a civilization lost at sea. Dead reckoning is the nautical term for calculating a ship's position using the distance and direction traveled rather than instruments or astronomical observation. For those still recovering from the atrocities of the twentieth century, however, the term has an even grimmer meaning: toting up the butcher's bill of war and genocide. As its title suggests, *Dead Reckoning* is an attempt to find our bearings in a civilization lost at sea. Conducted in the shadow of the centennial of the First World War, this dialogue between Romanian American poet Andrei Guraianu and Italian American essayist Anthony Di Renzo asks whether Western culture will successfully navigate the difficult waters of the new millennium or shipwreck itself on the mistakes of the past two centuries. Using historical and contemporary examples, they explore such topics as the limitations of memory, the transience of existence, the futility of history, and the difficulties of making art and meaning in the twenty-first century. *Dead Reckoning* pilots readers through the purgatory of immigration, a painful sea voyage that with enough courage and hard work can lead through the narrow channel facing paradise: spiritual and material success. Charting the currents between the Old and New Worlds, Andrei Guraianu and Anthony Di Renzo write with the ferocious genius of Pope and Swift and the compassionate heart of Saint Nicholas, patron of sailors and guardian of ports. *Emanuel di Pasquale, author of The Ocean's Will* In the space of the passage from immigrant to citizen in a new home, things fall apart to an apparent nothingness. Guraianu and Di Renzo ask us to consider a brave creativity as an answer for the space where systems fall apart, so that it can be a place where things grow in a reverence for the need to live, to love, to have community, and to be truly free. *Afaa M. Weaver, author of City of Eternal Spring* A lovely, seductive, original book. *Thomas G. Pavel, author of The Lives of the Novel: A History*

Sustainable Human Resource Management Tamás Bányai, 2019-10-30 The concept of sustainability is important for companies both in the case of SMEs and worldwide multinational

companies. Some key factors to help a company achieve its sustainability objectives are based on human resource management. Sustainable human resource management is a typical cross-functional task that becomes increasingly important at the strategic level of a company. Industry 4.0 technologies, Internet of Things, and competitive demands, as signs of globalization, have led to significant changes across the organizational structures and human resource strategies of companies. The increasing importance of sophisticated human resource strategies in the life of companies and the intention to find optimal design and operation strategies for sustainable human resource management were a motivation for launching this book. This book offers a selection of papers which explain the impact of smart human resource management on economy. Authors from 14 countries published working examples and case studies resulting from their research in this field. The aim of this book is to help students at the level of BSc, MSc, and PhD level, as well as managers and researchers, to understand and appreciate the concept, design, and implementation of sustainable human resource management solutions.

Enjoying the Track of Expression: An Emotional Symphony within **Jobup 22**

In some sort of eaten by screens and the ceaseless chatter of instantaneous conversation, the melodic beauty and psychological symphony created by the prepared word often diminish in to the background, eclipsed by the relentless noise and interruptions that permeate our lives.
