Neon Angel Cherie Currie, Tony O'Neill, 2011-03-29 At the tender age of fifteen, groundbreaking lead singer Cherie Currie joined a group of talented girls—Joan Jett and Lita Ford on guitar, Jackie Fox on bass, and Sandy West on drums—who could rock like no one else. Arriving on the Los Angeles music scene in 1975, The Runaways catapulted from playing small clubs to selling out major stadiums—headlining shows with opening acts like the Ramones, Van Halen, Cheap Trick, and Blondie while riding a wave of hit songs and platinum albums, and touring the world. A shocking, funny, and touching re-creation of a bygone era of rock and roll that chronicles the Runaways' rise to fame and ultimate demise, *Neon Angel* is also an intensely personal account of Currie's struggles with drugs, sexual abuse, and violence in a decadent, high-pressure music scene—a world of uncontrolled excess where she and her unsupervised bandmates had to grow up fast and experience things that no teenage girls should.

On Violence Natasha Stott Despoja, 2020-02-25 Why is violence against women endemic, and how do we stop it? Every two minutes, police are called to a family violence matter. Every week, a woman is killed by a current or former partner. This is Australia's national emergency. Violence against women is preventable. It is not an inevitable part of the human condition. It is time to create a new normal. It is time to stop the slaughter in our suburbs.

Roadside Picnic Arkady Strugatsky, Boris Strugatsky, Olena Bormashenko, 2012-05-01 Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a &“full empty,&” something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, *Roadside Picnic* is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.

Roberto Rossellini's Rome Open City Sidney Gottlieb, 2004-06-14 Roberto Rossellini's Rome Open City instantly, markedly, and permanently changed the landscape of film history. Made at the end of World War II, it has been credited with initiating a revolution in and reinvention of modern cinema, bold claims that are substantiated when its impact on how films are conceptualized, made, structured, theorized, circulated, and viewed is examined. This volume offers a fresh look at the production history of Rome Open City; some of its key images, and particularly its representation of the city and various types of women; its cinematic influences and affinities; the complexity of its political dimensions, including the film's vision of political struggle and the political uses to which the film was put; and the legacy of the film in public consciousness. It serves as a well illustrated, up to date, and accessible introduction to one of the major achievements of filmmaking.

Women and Leadership Julia Gillard, Ngozi Okonjo-Iweala, 2022-02-15 A powerful call-to-action for gender equity that offers 10 key lessons for women aspiring to a leadership role-be it in politics, business, law, or their local community. Featuring words of wisdom from female leaders like Hillary Clinton and Theresa May, this empowering study reads like a You Are a Badass volume on world leadership. Women make up fewer than 10% of national leaders worldwide. Behind this eye-opening statistic lies a pattern of unequal access to power. Through conversations with some of the world's most powerful and interesting women—including Jacinda Ardern, Hillary Rodham Clinton, Christine Lagarde, Michelle Bachelet, and Theresa May—Women and Leadership explores gender bias and asks why there aren't more women in leadership roles. Speaking honestly and freely, these women talk about having their ideas stolen by male colleagues, what it's like to be called fat or a slut in the media, and what things they wish they had done differently. The stories they tell reveal vividly how gender and sexism affect perceptions of women as leaders. Using current research as a starting point, Julia Gillard and Ngozi Okonjo-Iweala—both political leaders in their own countries—analyze the lived experiences of these women leaders. The result is a rare insight into life as a leader and a powerful call to arms for women everywhere.

Milo Andret is born with an unusual mind. A lonely child growing up in the woods of northern Michigan in the 1950s, he gives little thought to his own talent. But with his acceptance at U.C.
