The Boba Book Andrew Chau,Bin Chen,2020-04-07 A beautifully photographed and designed cookbook and guide to the cultural phenomenon that is boba, or bubble tea--featuring recipes and reflections from The Boba Guys tea shops. Andrew Chau and Bin Chen realized in 2011 that boba--the milk teas and fruit juices laced with chewy tapioca balls from Taiwan that were exploding in popularity in the States--was still made from powders and mixes. No one in the U.S. was making boba with the careful attention it deserved, or using responsible, high-quality ingredients and global, artisanal inspiration. So they founded The Boba Guys: a chic, modern boba tea shop that has now grown to include fourteen locations across the country, bringing bubble tea to the forefront of modern drinks and bridging cultures along the way. Now, with *The Boba Book*, the Boba Guys will show fans and novices alike how they can make their (new) favorite drink at home through clear step-by-step guides. Here are the recipes that people line up for--from the classics like Hong Kong Milk Tea, to signatures like the Strawberry Matcha Latte and the coffee-laced Dirty Horchata. For the Boba Guys, boba is Taiwanese, it's Japanese, it's Mexican, it's all that and more--which means it's all-American.

The Art of Turning Red Disney and Pixar,2022 Embrace your own inner red panda--and all of the awkwardness and excitement of being a teen--as you explore this vibrant collection of artwork from Pixar Animation Studio's newest film *Turning Red*. With never-before-seen concept art, storyboards, character designs and colorscripts, *The Art of Turning Red* illustrates the creative journey that brought this heartwarming coming-of-age story to life--

Chinese Children's Favorite Stories Mingmei Yip,2020-08-04 Chinese Children's Favorite Stories is a delightful selection of thirteen Chinese folktales as retold by author and illustrator Mingmei Yip. Inspired by her beloved father's nightly story-telling when she was a child, Yip hopes that by retelling some of these thousand-year-old Chinese stories she can pass along Chinese folklore and fables to international readers of all ages. These

beautifully illustrated tales give children in other countries a glimpse into the traditions and culture of China, while emphasizing universal lessons about being kind and successfully overcoming obstacles. Readers will encounter many delightful characters--from an angry dragon to a wise cow--in stories such as: The Dream of the Butterfly--A sweet tale about accepting who you are and fully appreciating the world around you Carp Jumping Over the Dragon Gate--A popular story about the rewards of hard work Playing the Qin for the Water Buffalo--A musical tale that highlights empathy and understanding And many more! Recommended for children ages five to ten.

Like a Lizard April Pulley Sayre, 2019-03-12 The attributes of 28 different lizards are revealed in this STEM nonfiction picture book, while the story provides a subtle message encouraging children to be true to their own nature. The actions of 28 lizard species--the flying dragon that swoops through the air, the shingleback that sticks out its blue tongue to scare predators, the basilisk that can race across the surface of water--invite readers to act like a lizard themselves. The text by noted author April Pulley Sayre asks: Can you run like a lizard? Sun like a lizard? Bob your head like a lizard? Featuring brilliantly colorful, textured artwork by illustrator Stephanie Laberis, the book also includes extensive back matter with further information about the featured lizard species--their size, geographical range, why they perform the various actions introduced in the text--as well as details about lizards in general.

Our Wayward Fate Gloria Chao, 2020-09-01 "A story that's sure to stick with you for a long time." -BuzzFeed "More than a coming-of-age novel." -School Library Journal "[An] inventive, deeply heartfelt love story that explores connections of many kinds." -Booklist A teen outcast is simultaneously swept up in a whirlwind romance and down a rabbit hole of dark family secrets when another Taiwanese family moves to her small, predominantly white midwestern town in this remarkable novel from the critically acclaimed author of *American Panda*. Seventeen-year-old Ali Chu knows that as the only Asian person at her school in middle-of-nowhere Indiana, she must be bland as white toast to survive. This means swapping her congee lunch for PB&Js, ignoring the clueless racism from her classmates and teachers, and keeping her mouth shut when people wrongly call her Allie instead of her actual name, pronounced Āh-lēe, after the mountain in Taiwan. Her autopilot existence is disrupted when she finds out that Chase Yu, the new kid in school, is also Taiwanese. Despite some initial resistance due to the "they belong together" whispers, Ali and Chase soon spark a chemistry rooted in competitive martial arts, joking in two languages, and, most importantly, pushing back against the discrimination they face. But when Ali's mom finds out about the relationship, she forces Ali to end it. As Ali covertly digs into the why behind her mother's disapproval, she uncovers secrets about her family and Chase that force her to question everything she thought she knew about life, love, and her unknowable future. Snippets of a love story from 19th-century China (a retelling of the Chinese folktale *The Butterfly Lovers*) are interspersed with Ali's narrative and intertwined with her fate.

Narrating China's Governance Department of Commentary People's Daily, 2019-11-20 This open access book captures and elaborates on the skill of storytelling as one of the distinct leadership features of Xi Jinping, the General Secretary of the Communist Party of China and the President of the People's Republic of China. It gathers the stories included in Xi's speeches on various occasions, where they conveyed the essence of China's history and culture, its reform and development, and the principles of China's participating in global governance and cooperating with other countries to build a community of common destiny. The respective stories not only convey abstract and profound concepts of governance in comparatively straightforward language, but also create an immediate emotional connection between the narrator and the listener. In addition to the original stories, extensive additional materials are provided to convey the original context in which each was told, including when and to whom Xi told it, helping readers attain a deeper, intuitive understanding of their relevance.
