Gambler's Dharma Simon Chokoisky,2017-04-24 Win bets on sporting events using the prediction system of Vedic Astrology • Describes the basics of Vedic Astrology and how it can be applied to sports betting • Outlines 5 powerful techniques for predicting the outcome of any one-on-one competition • Details how to determine the physical strength of each side, whose motivation and drive to win is strongest, and who has fate on their side Everything that is born, which has a lifespan and an ending, is a space-time event. That includes contests as well as human beings. And just as your personal astrological chart can describe success or failure in various areas of your life, so too can a contest chart created from the time, date, and location of an event show us winners and losers of one-on-one competitions. Drawing on traditional Vedic Astrology as well as his own research and winning experience, Simon Chokoisky outlines 5 powerful techniques for predicting the outcome of any competition between two opponents with 70–80 percent accuracy. He explains how sports betting offers black-and-white outcomes and you do not have to be an advanced astrologer to understand the principles in this book or to apply them to daily life. Using examples from his bets in the World Cup and baseball, the author shows how to judge the favorite and determine the underdog's chances by looking into the body, mind, and soul of a team and its players. He details how to use the planets to determine the physical strength of each side and whose motivation, mental toughness, and drive to win is strongest as well as the more subtle spiritual nature of each team—who is luckier and who has fate on their side. He details how he used these simple principles to win hundreds of bets and how he now uses them to fund charitable causes. Including personal stories of his experiences with grace, beginner's luck, and the Vedic philosophy of karma and dharma, Chokoisky demonstrates how the planets and stars relate not only to our sports competitions but also our individual lives. He shows us how the astrologer must become part of the prediction, how a bad day can mean bad luck, and how to ride the wave of good fortune by avoiding specific days that are ill-disposed to betting. Chokoisky explains that one way to remain in the good graces of the gods is to donate a portion of your winnings to charity. He describes how right conduct is essential to continue profiting from this technique and how your own karma and dharma can indicate how to approach gambling as well as how to use your winnings.

The Witches Are Coming Lindy West,2019-11-05 In this wickedly funny cultural critique, the author of the critically acclaimed memoir and Hulu series *Shrill* exposes misogyny in the #MeToo era. This is a witch hunt. We're witches, and we're hunting you. From the moment powerful men started falling to the #MeToo movement, the lamentations began: this is feminism gone too far, this is injustice, this is a witch hunt. In *The Witches Are Coming*, firebrand author of the New York Times bestselling memoir and now critically acclaimed Hulu TV series *Shrill*, Lindy West, turns that refrain on its head. You think this is a witch hunt? Fine. You've got one. In a laugh-out-loud, incisive cultural critique, West extolls the world-changing magic of truth, urging readers to reckon with dark lies in the heart of the American mythos, and unpacking the complicated, and sometimes tragic, politics of not being a white man in the twenty-first century. She tracks the misogyny and propaganda hidden (or not so hidden) in the media she and her peers devoured growing up, a buffet of distortions, delusions, prejudice, and outright bullsh*t that has allowed white male mediocrity to maintain a death grip on American culture and politics-and that delivered us to this precarious, disorienting moment in history. West writes, We were just a hair's breadth from electing America's first female president to succeed America's first black president. We weren't done, but we were doing it. And then, true to form—like the Balrog's whip catching Gandalf by his little gray bootie, like the husband in a Lifetime movie hissing, 'If I can't have you, no one can'—white American voters shoved an incompetent, racist con man into the White House. We cannot understand how we got here,—how the land of the free became Trump's America—without examining the chasm between who we are and who we think we are, without fact-checking the stories we tell ourselves about ourselves and each other. The truth can transform us; there is witchcraft in it. Lindy West turns on the light.

Murder on Jupiter Island Dianne Harman,2021-09-13 The editor of Chic magazine, JoJo Morales, was a fashion icon. Too bad she was murdered at the meeting of the world's leading fashionistas on Jupiter Island, Florida. She had a lot of enemies, and they were all at the dinner Chef Dani catered at JoJo's partner's spectacular waterfront home. And how fitting she was poisoned using her grandmother's antique atomizer, the very grandmother who had groomed her to rise to the top of the fashion industry. The local police detective assigned to the case has to suddenly leave to handle another case. He asks Arthur, Dani's catering sous-chef, to take over the case, since Arthur is the owner of a private investigation company. Cooking is his avocation, but finding murderers is his vocation. It seems like everyone had a motive to murder JoJo, from her philandering husband, to the top fashion editors in the world. But when all of them have airtight alibis for where they were when the murder occurred, now what? This is the 5th book in the Chef Dani Rosetti Cozy Mystery Series by a USA Today Bestselling Author.
