Black Ivy: a Revolt in Style ,2021-10-12 How Black culture reinvented and subverted the Ivy Look From the most avant-garde jazz musicians, visual artists and poets to architects, philosophers and writers, *Black Ivy: The Birth of Cool* charts a period in American history when Black men across the country adopted the clothing of a privileged elite and made it their own. It shows how a generation of men took the classic Ivy Look and made it cool, edgy and unpredictable in ways that continue to influence today's modern menswear. Here you will see some famous, infamous and not so famous figures in Black culture such as Amiri Baraka, Charles White, Malcolm X, Martin Luther King Jr., James Baldwin, Miles Davis, John Coltrane and Sidney Poitier, and how they reinvented Ivy and Prep fashion--the dominant looks of the time. The real stars of the book--the Oxford cloth button-down shirt, the hand-stitched loafer, the soft shoulder three-button jacket and the perennial repp tie--are all here. What *Black Ivy* explores is how these clothes are reframed and redefined by a stylish group of men from outside the mainstream, challenging the status quo, struggling for racial equality and civil rights. Boasting the work of some of America's finest photographers and image-makers, this must-have tome is a celebration of how, regardless of the odds, great style always wins.

Heartsick Jessie Stephens,2022-06-07 Heartsick unpacks the destruction of love by following the true stories of three lives altered by a major heartbreak. I wrote this book for the person who doesn't want to be told that this too shall pass. Not yet. Who wants to sit with it. And see it for what it is. Who wants to know they're not alone. That their pain is at once unique and universal. Belonging to them and everyone. When we're thrown into the chaos of heartsickness, we focus so much on the end. The fact we are now unloved seems so much more important than the reality that we once were. This book was born in the hours I've waited for men to message me back and who never did... In the years full of almost-relationships, I thought, "I cannot handle another rejection," and then found myself turned down by someone I wasn't even sure I liked. I wrote this book because I know what it is to feel fundamentally unlovable. I knew when I was looking for Ana, Patrick, and Claire that their stories had to be true, because within them would be nuances I'd never noticed before and realities I couldn't have invented. I didn't want to be limited by what I happened to know about love and loss. I wanted to learn from people as I wrote, injecting wisdom from different places and genders and ages into this book. Weaving together these three true stories, Jessie Stephens captures the painful but wholeheartedly universal experience of heartbreak. Deeply relatable, addictive to the very last page, and powerfully human, Heartsick reminds us that emotional pain can make us as it breaks us and that storytelling has the ultimate healing power. In the solitude that reading a book demands, one is forced to reflect on one's own life. After all, every time we explore others, we're mostly just exploring ourselves. These are their stories—Ana's and Patrick's and Claire's. But it is also my story and our story. I trust within it you will find echoes of yourself.

Should she release a skunk into his perfect new home? Probably not! But it beats staying home and moping. She finds an unexpected ally in her glamorous sister, with whom she's had a tense relationship all these years. And an unexpected babysitter in, of all people, Ben Hallowell, the driver in a car accident that nearly killed Lillie twenty years ago. And then there's Ophelia, her ex-husband's oddly lost niece, who could really use a friend. It's the end of Lillie's life as she knew it. The Shock Doctrine Naomi Klein, 2010-04-01 The bestselling author of *No Logo* shows how the global free market has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term disaster capitalism. Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic shock treatment, losing their land and homes to rapid-fire corporate makeovers. *The Shock Doctrine* retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.

The Silence that Binds Us Joanna Ho, 2022-06-14 “A grieving teen fights Asian hate by finding her voice in this complex, timely story.” –Kirkus (starred review) With a layered, sensitive voice, Ho’s weighty novel delves into themes of racism, classism, loss, and healing. –Publishers Weekly (starred review) “Inspired by the recent rise in hate crimes against AAPI, Ho’s story of inclusion, diversity, and social action rings true. Maybelline is a multifaceted narrator whose drive to right wrongs and stand up to injustice deserves applause. Ho illuminates both activism and mental health in marginalized communities, showing that even a bright, young achiever can experience depression without anyone knowing.” –Booklist A powerful, hopeful YA debut. May’s journey through personal and familial grief is poignant and questions of power and privilege are explored with nuance that will spark conversation among teen readers. –School Library Journal “This sensitive novel does an impressive balancing act, examining mental illness and its stigma among Asian Americans while weaving in themes of racism and grief. The overarching messages—listening with empathy, and seeking help—ring loud and clear.” –Horn Book Joanna Ho, New York Times bestselling author of *Eyes That Kiss in the Corners*, has written an exquisite, heart-rending debut young adult novel that will inspire all to speak truth to power. Maybelline Chen isn’t the Chinese Taiwanese American daughter her mother expects her to be. May prefers hoodies over dresses and wants to become a writer. When asked, her mom can’t come up with one specific reason for why she’s proud of her only daughter. May’s beloved brother, Danny, on the other hand, has just been admitted to Princeton. But Danny secretly struggles with depression, and when he dies by suicide, May’s world is shattered. In the aftermath, racist accusations are hurled against May’s parents for putting too much “pressure” on him. May’s father tells her to keep her head down. Instead, May challenges these ugly stereotypes through her writing. Yet the consequences of speaking out run much deeper than anyone could foresee. Who gets to tell our stories, and who gets silenced? It’s up to May to take back the narrative. Joanna Ho masterfully explores timely themes of mental health, racism, and classism. The internationally bestselling, compulsively readable novel–spiky, sharp, intriguingly dark, and tender–that combines the psychological insight of Sally Rooney with the sharp humor of Nina Stibbe and the emotional resonance of Eleanor Oliphant Is Completely Fine. Martha Friel just turned forty. Once, she worked at Vogue and planned to write a novel. Now, she creates internet content. She used to live in a pied-à-terre in Paris. Now she lives in a gated community in Oxford, the only person she knows without a PhD, a baby or both, in a house she hates but cannot bear to leave. But she must leave, now that her husband Patrick–the kind who cooks, throws her birthday parties, who loves her and has only ever wanted her to be happy–has just moved out. Because there’s something wrong with Martha, and has been for a long time. When she was seventeen, a little bomb went off in her brain and she was never the same. But countless doctors, endless therapy, every kind of drug later, she still doesn’t know what’s wrong, why she spends days unable to get out of bed or alienates both strangers and her loved ones with casually cruel remarks. And she has nowhere to go except her childhood home: a bohemian (dilapidated) townhouse in a romantic (rundown) part of London–to live with her mother, a minorly important sculptor (and major drinker) and her father, a famous poet (though unpublished) and try to survive without the devoted, potty-mouthed sister who made all the chaos bearable back then, and is now too busy or too fed up to deal with her. But maybe, by starting over, Martha will get to write a better ending for herself–and she’ll find out that she’s not quite finished after all.

Cheat Play Live Lisa Edwards,2021-08-14 Beaches are places where the universe speaks loudest, where earth, air, fire and water meet in their purest form. They broadcast a message we can only hear if we let ourselves walk quietly in the light and listen. On a beach in California in 2008, Lisa finds a shell on a rock, its two halves open to the sky. On the outside it is sea-worn and unremarkable, but on the inside it gleams like a jewel. It is as though it is lying there, waiting to be found and cherished - like her. She uses the picture she takes of that shell to set up an online profile that will end her marriage. It leads her to more beaches around the world - to Kenya, Thailand, Turkey, Egypt and India - in search of freedom from the fear of a life alone, from society's expectations of a fortysomething woman, and the freedom to choose how she wants to live. For fans of Eat Pray Love by Elizabeth Gilbert and Wild by Cheryl Strayed, Lisa Edwards' story is about the search for a life beyond the one prescribed for women: marriage, babies and a high-flying career. Childfree-by-choice, she is determined to fly solo, going on holidays on her own, as well as to restaurants, bars and even clubs. But grieving for her parents, she begins to depend on the anaesthetic that alcohol gives her and it steers her life in unexpected ways. During the course of her journey she dates married men, younger men, men her own age and Muslim men, but none of them are prepared to give her her freedom. In India, she discovers yoga and a tribe of women who show her a new path, breaking the lock on the secret she's been keeping inside her since she was a little girl.
