The Joomla Admin Manual Barrie North,2007 This book is about Joomla (1.0.12), the popular open source content management system. It's a step by step guide to creating a successful web site. As well as a general overview of the CMS, the book explains the trickier concepts of setting up a Joomla site. Lastly the manual examines more general topics like how SEO can be maximized with Joomla and how to create specific types of site. The book is aimed at those that are using Joomla to create a web site, either for themselves or web designers doing so for their clients. It's easy to read and low on technical jargon. It doesn't assume you know PHP, CSS or any other technical acronyms. The author, Barrie North has a rich background in education (a former teacher) and is a partner of joomlashack.com, a provider of professional templates and custom Joomla services. He also runs one of the most popular blogs about Joomla, compassdesigns.net. His combination of Joomla expertise and engaging writing has produced a book accessible to everyone.
