HighTide Plays: 1 Beth Steel, Harry Melling, Dan LeFranc, Anders Lustgarten, 2016-11-16 HighTide Theatre Festival was founded in 2006 and has since become one of the most prolific homes of new writing. It has been described by the Telegraph as one of the little gems of the artistic calendar in Britain and by the Daily Mail as famous for championing emerging playwrights and contemporary theatre. 2016 marks ten years of HighTide, during which time numerous emerging playwrights and new plays have shot to prominence. This anniversary volume brings together four of the key plays that have come out of HighTide Theatre Festival's

programme during this time: *Ditch* by Beth Steel is a clear-eyed look at how we might behave when the conveniences of our civilisation are taken away, and a frightening vision of a future that could all too easily be ours. *peddling* by Harry Melling is a poetic monologue about a young homeless man, which confronts whether it's a good thing to turn a blind eye and let people get on with their lives, or whether that's exactly how people fall through the cracks. *The Big Meal* by American writer Dan LeFranc is a deeply comic and touching drama that looks at love, marriage, raising children and the general onslaught of life. *Lampedusa* by Anders Lustgarten follows the day-to-day life of those whose job it is to enforce our harsh new rules on immigration: an Italian coastguard and a payday lender from Leeds. All now established in their own right, these four plays demonstrate HighTide's extraordinary role in identifying and nurturing writers tackling some of the biggest issues of today. The volume was published to coincide with HighTide's 10th annual festival in September 2016 and features an introduction by HighTide Artistic Director, Steven Atkinson.

Juice It Up! Samantha Rich, 2023-06-25 It's an undeniable fact that taking a break from regular eating can do wonders for your overall health and wellbeing, so it's always recommended to do so whenever it's feasible. A juice cleanse offers the added benefit of being beneficial to your mind, body, and spirit, making it a highly attractive option not only for people looking to detoxify their system but also for those trying to shed

some extra pounds. Juicing is an effective way of packing in some additional fresh produce into your diet. You can consume juice at any time of day you like, but breakfast and snack times are when its nutritional benefits will be most pronounced. The US Department of Agriculture recommends five servings of fruits and vegetables per day for both adults and children, which is easily achievable by leveraging juice as part of your family's meal plan. JUICE IT UP!: Healthy and Simple Juice Recipes for Health, Nutrition, Weight Loss and Detoxification includes recipes specially crafted for anyone looking to reap all the benefits juicing has to offer, whether they're planning on performing a full-on juice cleanse or just want an everyday vitamin boost.

Field Finds, Barbara, CW Bynum, 2023-05-01 This book is a memorial to C. W. Bynum. He was a passionate lifelong arrowhead hunter and collector. His plan was for himself and Barbara to write the book together during their retirement. This book documents three collections. First, a pictorial display of some of his collection, then a section of poetry mostly by Barbara, and finally a documentation of a collection of old-time herbal remedies. CW was a masonry instructor at Wallace College, and he would ask his students to get remedies from the old folks they knew he loved reading them and wanted them included in the book. So much knowledge about the arrowheads in this book was lost when CW died, but the points remain as a reminder of him to his family. This book was written so that the author and whoever else is interested can remember the feeling of walking in

the Alabama fields after a rain with a beloved companion looking for treasure. It was a good journey.

Come Go Home with Me Sheila Kay Adams, 2000-11-09 Sheila Adams has been performing Appalachian ballads and telling stories for over twenty years. A native of Madison County, North Carolina, she was introduced to the tale-telling tradition by her great-aunt 'Granny,' well-known balladeer Dellie Chandler Norton. This collection of Adams's stories provides a rare portrait of a distinctive mountain community and charts the development of an artist's unique voice. The tales range from stories of heroic, sometimes fierce, mountain settlers to the comic adventures of local drifters and tricksters, from magical childhood encounters to adult rites of passage. We meet Bertha and the snake handlers, local preacher Manassey Fender (who 'looked like a pencil with a burr haircut, in a suit'), and Adams's beloved grandfather Breaddaddy, who taught her about life and death

with an enchanting graveyard dance. But perhaps the most powerful character depicted here is 'Granny,' whom Adams calls 'the most exciting person I have ever known and the best teacher I would ever have.' By weaving these remembrances into her stories, Adams both preserves and extends a rich artistic heritage.
