Jungle Drums Alex Brillantes,2015-10-01 Jungle Drums is a fictional story that would beg the question why indeed, despite of its humongous size, the Elephant never became King of the Jungle. This book was commissioned by the Wexue Global Education Group for the use of their students' study of the English language. The author, together with Charging Ram Books and publisher Coral System International Corporation, have granted Wexue Global Education Group a non-exclusive right to use this book as part of their English learning & educational program. Wexue Global Education Group offers summer and winter programs with university English entrance exam orientation. The story includes all 3,500 university English entrance exam vocabulary used in China; it will clearly guide the students to well prepare for their exam.

Jungle Night Sandra Boynton,2023-06-20 Two celebrated artists, Sandra Boynton and Yo-Yo Ma, come together for Jungle Night, a soothing bedtime board book. (Okay, MOSTLY soothing.) This board book guides us through the jungle to hear the distinctive, gentle snore of each animal: “Listen to the tiger: ZEEE-ZOOO-HAAA. Listen to the cheetah: CHEE-CHEE-TAAAH.” A free downloadable recording at JungleNight.com offers a narration of the book, with each and every animal snore interpreted by the expressive, playful cello of Yo-Yo Ma. He even does the elephant’s stop-the-show snore—though admittedly that took Ma’s cello PLUS the classic horn salute of the James R. Barker steamship. (Seriously.) All this fabulousness leads into the coolest lullaby ever: “Jungle Gymnopédie No. 1,” a polyrhythmic jungle-y arrangement by Boynton of Erik Satie’s renowned piece, with Yo-Yo Ma on cello, guitar played by Ron Block of Alison Krauss Union Station, and drums by Kevin MacLeod. “Yo-Yo and I chose this piece because it’s the most gorgeous and mesmerizing night song imaginable,” explains Boynton. “And there was surely nothing else that could get those animals back to sleep after that elephant blast.”

State Of Bass Martin James,2020 Jungle and Drum & Bass was like nothing else the world had experienced before - simultaneously black and white, urban and suburban, old skool attitude and new school innovation. A socio-cultural melting pot of early 90s broken Britain seizing the wheel and taking control of the machine. Originally published in 1997, State of Bass explores the scene's roots through its social, cultural and musical antecedents and on to its emergence via the debate that surrounded the apparent split between jungle and drum & bass. Drawing on interviews with some of the key figures in the early years, State of Bass explores the sonic shifts and splinters of new variants, styles and subgenres as it charts the journey from the early days to its position as a global phenomenon. State of Bass extends the original text to include the award of the Mercury Prize to Reprazent for the New Forms album and brings new perspectives to the story of the UK's most important subterranean urban energy.

Talking Drums of Africa John F. Carrington,2022-12-09 2022 Reprint of the 1949 Edition. Illustrated. Exact facsimile of the original edition and not reproduced with Optical Recognition Software. Carrington was a Baptist Missionary to the Democratic Republic of Congo. In this work the author argues that the talking of the African drum is in effect a language, and not simply a form of signaling. That's Enough, Folks Henry T. Sampson,1998 An authoritative and valuable resource for students and scholars of film animation and African-American history, film buffs, and casual readers. It is the first and only book to detail the history of black images in animated cartoons. Using advertisements, quotes from producers, newspaper reviews, and other sources, Sampson traces stereotypical black images through their transition from the first newspaper comic strips in the late 1890s, to their inclusion in the first silent theatrical cartoons, through the peak of their popularity in 1930s musical cartoons, to their gradual decline in the 1960s. He provides detailed storylines with dialogue, revealing the extensive use of negative caricatures of African Americans. Sampson devotes chapters to cartoon series starring black characters; cartoons burlesquing life on the old slave plantation with happy slaves Uncle Tom and Topsy; depictions of the African safari that include the white hunter, his devoted servant, and bloodthirsty black cannibals; and cartoons featuring the music and the widely popular entertainment style of famous 1930s black stars including Cab Calloway, Louis Armstrong, and Fats Waller. That's Enough Folks includes many rare, previously unpublished illustrations and original animation stills and an appendix listing cartoon titles with black characters along with brief descriptions of gags in these cartoons.
