Jesus' First Miracle Arch Books,2006-02 This book tells the story of the wedding in Cana (John 2:1-11). The Arch? Book series tells popular Bible stories through fun-to-read rhymes and bright illustrations. This well-loved series captures the attention of children

The Nature of the Japanese State Brian J. McVeigh,2013-09-13 Brian J. McVeigh uses a unique anthropological approach to step outside flawed stereotypes of Japanese society and really engage in the current debate over the role of bureaucracy in Japanese politics. To many in the West, Japan appears as a paradox: a rational, high-tech economic superpower and yet at the same time a deeply ritualistic and ceremonial society. This adventurous new study demonstrates how these nominally conflicting impressions of Japan can be reconciled and a greater understanding of the state achieved.

The Trinity, Creation and Pastoral Ministry Graham Buxton,2007-01-01 In this book the author proposes a three-way conversation between theology, science, and pastoral ministry. His approach draws on a Trinitarian understanding of God as a relational being of love, whose life spills over into all created reality, human and nonhuman. By locating human meaning and purpose within God's creation-community this book offers the possibility of a transforming engagement between those in pastoral ministry and the scientific community.

Jehovah's Witnesses and the Secular World Zoe Knox,2018-01-29 This book examines the historic tensions between Jehovah's Witnesses and government authorities, civic organisations, established churches and the broader public. Witnesses originated in the 1870s as small, loose-knit groups calling themselves Bible Students. Today, there are some eight million Witnesses worldwide, all actively engaged in evangelism under the direction of the Watch Tower Society. The author analyses issues that have brought them global visibility and even notoriety, including political neutrality, public ministry, blood transfusion, and anti-ecumenism. It also explores anti-Witness discourse, from media portrayals of the community as marginal and exotic to the anti-cult movement. Focusing on varied historical, ideological and national contexts, the book argues that Witnesses have had a defining influence on conceptions of religious tolerance in the modern world.

Preaching Jason C. Meyer,2013-10-31 The sermon is under attack. Many churches are increasingly forsaking formal preaching in favor of substitutes like dialogue, discussion, and sharing. In response to this recent trend, Jason Meyer has written a robust, biblical, and practical theology of preaching where he explores how the concept of preaching develops throughout the Bible and how it impacts one's understanding of other key doctrines. In addition to offering readers a comprehensive overview of the Bible's teaching, the book sets forth clear, accessible answers to commonly-raised questions about preaching: what is it, how is it done, and why is it so important? Combining in-depth study of God's word with practical reflection on the place of preaching in the ministry of the church, Meyer challenges readers to reexamine the importance of preaching for the Christian life.

Japan and Protection Syed Javed Maswood,2018-11-15 In the 1980s, the extent of Japanese export penetration into other Western economies, particularly the USA, became a matter of international concern. There were demands for Japan to reciprocate on imports, for the Japanese market to be 'opened up' and, by some people, for sanctions or a trade war if the Japanese did not respond. This book, first published in 1989, examines the growth of protectionist sentiment and the Japanese response to it. It examines in detail the debates within Japan and discusses the measures which the Japanese took, including the voluntary export restraint measure in the motor sector. It concludes that, broadly, the Japanese did indeed respond to world demands for their market to be opened up but that successful exporting to Japan depended equally on efforts by Western companies to service that market, which they were slow to do.

The Early Advantage 1 Collete Tayler,Tom Peachey,Bridget Healey,Kathy Sylva,Grace Murkett,Lily Fritz,Kristiina Kumpulainen,Nirmala Rao,Carrie Lau,Mugyeong Moon,Eva Landsberg,Rebecca Bull,Alfredo Bautista,2018-08-31 Learn how exemplary countries are dealing with the challenges and joys of advancing the development of their youngest citizens. In this book, Sharon Lynn Kagan and her contributors systematically examine how six diverse countries go about envisioning, designing, and implementing their services to young children and their families. The Early Advantage 1 sheds light on new and exciting approaches to early childhood education and care (ECEC) that are contributing to the quality, equity, efficiency, and sustainability of services for young children. Brimming with fresh insights, the text provides concrete examples of successfully implemented strategies and methods that warrant attention from other countries wishing to improve their early childhood services. The 2-year comparative analysis upon which this volume is based was made possible with funding and support from the National Center on Education and the Economy's (NCEE) Center on International Education Benchmarking. Book Features: Presents groundbreaking approaches to early childhood policy, practice, and service delivery from around the globe. Based on contributions from leading scholars and policymakers from six countries: Australia, England, Finland, Hong Kong, Korea, and Singapore. Acknowledges the important role of culture in shaping the quality and array of services afforded to young children. Uses rigorous research that includes common designs, vetted protocols, and repeated validations. Includes detailed country fact sheets with data on demographics, governmental expenditures, staff qualifications, mandated monitoring systems, and more. Is part of NCEE's research into the 9 Building Blocks for a World-Class Education System. Contributors: Rebecca Bull, co-principal investigator, Singapore. Alfredo Bautista, contributing author, Singapore. Lily Fritz, contributing author, England. Bridget Healey, contributing author, Australia. Sharon Lynn Kagan, principal investigator, U.S. Kristiina Kumpulainen, co-principal investigator, Finland. Eva Landsberg, contributing author, National Center for Children and Families, U.S. Carrie Lau, contributing author, Hong Kong. Mugyeong Moon, co-principal investigator, Republic of Korea. Grace Murkett, contributing author, England. Tom Peachey, contributing author, Australia. Nirmala Rao, co-principal investigator, Hong Kong. Kathy Sylva, co-principal investigator, England. Collette Tayler, co-principal investigator, Australia.

Women of the Word Jen Wilkin,2014-07-31 We all know it's important to study God's Word. But sometimes it's hard to know where to start. What's more, a lack of time, emotionally driven approaches, and past frustrations can erode our resolve to keep growing in our knowledge of Scripture. How can we, as Christian women, keep our focus and sustain our passion when reading the Bible? Offering a clear and concise plan to help women go deeper in their study of Scripture, this book will equip you to engage God's Word in a way that trains your mind and transforms your heart.

The Policy Paradox in Africa Elias Ayuk,Mohamed Ali Marouani,2007 It provided technical and financial support to economic research centres in sub-Saharan Africa (SSA) so that they can undertake policy-relevant research with the goal of influencing economic policy-making. In January 2005, the Secretariat organized an international conference in Dakar, Senegal, during which participants from key economic think tanks presented their experiences in the policy development process in Africa. Of particular interest was the role of economic research and economic researchers in policy-making. The authors examine the extent to which economic policies that are formulated in the sub-continent draw from research based on local realities and undertaken by local researchers and research

networks in Africa.

Causes and Effects Louis Klein,2013-10-22 River Pollution 2: Causes and Effects deals mainly with the causes of river pollution and the nature of the various kinds of pollution and their effects upon rivers. This book is an updated version of the first eight chapters of Aspects of River Pollution (first published early in 1957). Owing to the rapid development of the subject and the ever-increasing amount of literature devoted to it, some sections have been virtually rewritten, much new matter has been added, and minor alterations made throughout the text. This book begins with a review of the long history of river pollution, which can be traced back to ancient civilizations. Separate chapters deal with legal aspects of river pollution; the nature and effects of river pollution; the causes of river pollution; and uses of river water. Subsequent chapters cover the biochemical and physicochemical aspects of river pollution; the impact of river pollution on fishes; and biological aspects of river pollution.

Sustainable Development Goals and Migration P. Sivakumar,S. Irudaya Rajan,2021-12-24 This book looks at migration in contemporary society and its interrelations with development. It presents the complexities and dilemmas associated with migration, the changes in theoretical and historical perspectives on migration and development, and the role of policies and the sustainable development goals in this context. The volume views migration as a phenomenon for advancing human development outcomes. It deals with wide-ranging issues including labour migration, the idea of decent work, migration and transnationalism, remittances, social networks and capital, and addressing poverty. The chapters highlight the focus of the Sustainable Development Goals (SDGs) and its relevance on migrant rights, safeguarding livelihoods and health. They also offer insights into regional and international co-operation on policies for migration, social growth and protection, and citizenship. With comparative analyses of data, trends and development indicators as well as various case studies, this volume examines the impact of migration on international relations and politics, labour market outcomes, gender, youth and education among others. It also discusses the loss of lives and livelihoods due to the Covid-19 pandemic, its impact on migration and the effects of the pandemic on the contemporary discussions on migration and SDGs. Rich in empirical data, this book will be an excellent read for scholars and researchers of migration and diaspora studies, development studies, refugee studies, public policy and governance, international relations, political studies, political economy, sociology and South Asian Studies.

The Teaching Ministry of the Church William Yount,2008-08-15 The second edition of The Teaching Ministry of the Church makes a major overhaul of its predecessor, increasing the content from eighteen to twentythree chapters and contributors from six to thirteen. These writers assert the need for such an expanded update is due to our everchanging world. For example, the rise of Islamic fundamentalism, proliferation of religious sects, and secularization of our culture greatly increase the importance of ensuring the church produces fully developed, biblically informed followers of Jesus. To that end, The Teaching Ministry of the Church presents a full overview of Christian education in four major sections: Theological Foundations, Biblical Foundations, Preparation for Teaching, and Structuring the Teaching Ministry of the Church. Within this framework, a step-by-step plan for establishing and maintaining an effective teaching ministry among preschoolers, children, youth, and adults takes shape. Key chapters: “The Bible as Curriculum,” “The Church’s Role in Teaching,” “Creating an Unforgettable Learning Experience,” and “Equipping Teachers.”
