Patenaude. This guide covers the basic techniques and training that the beginner and intermediate student will require to understand and apply the upcoming advanced manuals. Fang Shen Do does not contain any aesthetic or tournament techniques, but concentrates on material that is easily applicable by all types of students. Fang Shen Do dedicates a significant amount of time to providing the student with instruction in goal setting, personal discovery process, progressive charts, growth pyramid and many other exercises designed for personal growth. This does not take away from the fact that the martial arts are based on self-defense. Fang Shen Do contains techniques and material from all of the six ranges of combat: weapons, kicking, punching, trapping and grappling and the often-misunderstood, physiological range. The result is a martial art that gains results for all the students that walk through our door.

don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a SDVOSB. <https://usgovpub.com>
