*10 Years After the Great Recession: Orthodox versus Heterodox Economics* Halit Sağlam, Mehmet Emin Kenanoğlu, 2018-09-06

*Turkey's Proxy War* Noor Dahri, 2021-05-31 Turkey is committing crimes against humanity across a region spanning Asia, the Middle East and Africa. This book is the first to explain the machinations that the country's leader, Recep Tayyip Erdogan, has put in motion in his rise to power from leading the Muslim Brotherhood's Istanbul branch to President. The atrocities being committed are ongoing and continue against a backdrop of global condemnations of the dismal security situation and violence that exists within areas controlled by Turkish forces. The book highlights the long-simmering conflict between Turkey and its Kurdish minority, which has spread further afield and resulted in the targeting of the Kurdistan Workers' Party in Iraq even as popular discontent grows against the Erdogan regime at home and abroad. Erdogan's murky political and military-strategic agenda is further exacerbated by Turkey's fomentation of ISIS and deployment of the terrorist group's militants. This book describes how Turkish intelligence operatives smuggled ISIS militias into Libya and Azerbaijan, who then carried out heinous war crimes with the intent to destabilize the region. Moreover, the desperate situation of Syrian refugees has been exploited by the Turkish administration, which has hijacked their plight in a cynical manoeuvre to exert political pressure on Europe while also routing refugees into Kurdish territory, dubbing it a "safe zone". The Muslim world does not know enough about Erdogan's dangerous authoritarian leadership and its grave

consequences. This book aims to change that by revealing the continuity between Pan Islamism, Turkish Islamisation, and Erdogan's proxy militias, and how those interrelationships have led to war crimes against Kurdish people in Iraq and Syria.

International Advertising Law Peter Schotthöfer, 2017-04-01 Most cross-border advertising occurs uncontroversially. However, because international advertising activity falls under so many diverse areas of law, some familiarity with the dense web of legislation, regulation, and case law that may effect its use is essential for all advertisers. This well-known book, now in a fully updated third edition, provides all the necessary information in an easy-to-use country-by-country format. Twenty-six country reports, each by a local expert, provide detailed information on the particular legal environment in each country vis-à-vis advertising, including specific effects of all relevant treaties and trade agreements. Among the issues and topics taken into account are the following:

- effect of import restrictions on advertising;
- use of price comparisons in advertising;
- 'cold calling';
- consumers' right to dispute resolution;
- 'blacklisted' practices;
- use of a language other than that of the target country;
- special rules for agricultural products;
- principles of non-discrimination and equal treatment of nationals;
- precautionary principle versus risk principle;
- protection of trademarks;
- false or deceptive indication of source;
- product 'placement' in non-advertising communications;
- respectful interaction with religious, cultural, and social values; and
- when a statement may be deemed 'misleading'.

Because the freedom to market a product simultaneously in several countries is a significant economic benefit, the invaluable information and guidance in this book on what is legally possible in a broad range of countries will be enormously beneficial to firms in all fields that engage in the sale and marketing of products or services. Corporate counsel and marketing directors will warmly welcome this new edition of a proven handbook.

*Türkiye'de ve Dünyada Vicdani Ret* Barış Esmer, Son yıllarda vicdani ret üzerine yapılan çalışmaların sayısında gözle görülür bir artış var. Bu gelişmenin, hem politik hem de sosyolojik ve düşünsel nedenlerini görmek zor değil. Ancak, tüm bu haklı gerekçelerin ve motivasyonlarının üzerini örtmesini istemediğimiz önemli bir gerçek var, o da yapılan bu çalışmaların bu gerekçelere sığınıp kapsamından ve detaycılığından ödün vermemesi gereği. Barış Esmer'in çalışması bu hataya düşmüyor. Meselenin politik inceliğini ve tarihsel karmaşasını düzenli bir şekilde okura aktarıyor. Bunu yaparken de bir sosyal bilimciden beklenenek titizliği azami derecede gösteriyor.

Routledge Handbook of Citizenship in the Middle East and North Africa Roel Meijer,James N. Sater,Zahra R. Babar,2020-11-23 This comprehensive Handbook gives an overview of the political, social, economic and legal dimensions of citizenship in the Middle East and North Africa from the nineteenth century to the present. The terms citizen and citizenship are mostly used by researchers in an off-hand, self-evident manner. A citizen is assumed to have standard rights and duties that everyone enjoys. However, citizenship is a complex legal, social, economic, cultural, ethical and religious concept and practice. Since the rise of the modern bureaucratic state, in each country of the Middle East and North Africa, citizenship has developed differently. In addition, rights are highly differentiated within one country, ranging from privileged, underprivileged and discriminated citizens to non-citizens. Through its dual nature as instrument of state control, as well as a source of citizen rights and entitlements, citizenship provides crucial insights into state-citizen relations and the services the state provides, as well as the way citizens respond to these actions. This volume focuses on five themes that cover the crucial dimensions of citizenship in the region: Historical trajectory of

citizenship since the nineteenth century until independence Creation of citizenship from above by the state Different discourses of rights and forms of contestation developed by social movements and society Mechanisms of inclusion and exclusion Politics of citizenship, nationality and migration Covering the main dimensions of citizenship, this multidisciplinary book is a key resource for students and scholars interested in citizenship, politics, economics, history, migration and refugees in the Middle East and North Africa.

*Current Debates in International Relations & Law* Övgü Kalkan Küçüksolakj, Abdullah Muhsin Yıldız, 2018 We live in an era of constant change, in where the interactions and transactions of multiplying number of actors take place in diversifying forms with a superhuman tempo and thus makes it difficult to navigate in the stormy agenda of international relations and law. Increasing interdependence and interconnectedness promote not only new channels of opportunities but also breed the grounds for escalating challenges and threats. Despite the fact that increasing vulnerabilities and complexities necessitate comprehensive and collaborative policies by the actors, forces of uncertainty heavily dominate strategic thinking. Transformations take place in this environment of uncertainty and thus raises infinite number of questions in the minds of researchers regarding the future of global society. In this study, scholars analyze key topics of international relations and law with the aim of offering useful insights on the nature and the possible long term consequences of the issues. It combines contributions on concepts and several controversial issues with a comprehensive approach to understand emerging dynamics in international relations and law.

Turkey's Alevi Enigma Paul Joseph White, Joost Jongerden, 2003 This volume, written by specialists, be they political scientists, historians or anthropologists, is a convenient handbook on the origins and history of Turkey's Alevis - an important group that is largely unknown in the West. It examined their ethnic identity, cultural representation, political life, and relations with the Turkish State, The Turkish Left and the Kurdish National Movement.

**Economy and Business in the Age of Digitalization** Prof. Dr. Mehmet ŞAHİN - Prof. Dr. Özge UYSAL ŞAHİN, 2023-10-03 Today, we see rapid change and transformation in many areas. One of the most important reasons for this situation is the unstoppable progress of technology. The 21st century has been the age of digitalization. Technology significantly affects the functioning of almost every sector, from education to art, from tourism to sports. In such an environment where digital tools are very decisive, the economy and business life are also affected by these developments. Many issues such as working conditions, employment potential, insurance system, economic development processes, and the structure of monetary and financial instruments are adapting to the digitalizing world. This editorial book includes studies, created by precious researchers, on how the economy and business world are affected and shaped in the digital age. We hope that this work, which includes the precious studies on the effects of digitalization on the economy and business life, will be useful for readers and researchers.

**Limits of Supranational Justice** Dilek Kurban, 2020-11-12 With its contextualized analysis of the European Court of Human Rights' (ECtHR) engagement in Turkey's Kurdish conflict since the early 1990s, *Limits of Supranational Justice* makes a much-needed contribution to scholarships on supranational courts and legal mobilization. Based on a socio-legal account of the efforts of Kurdish lawyers in mobilizing the ECtHR on behalf of abducted, executed, tortured and displaced civilians under emergency rule, and a doctrinal legal analysis of the ECtHR's jurisprudence in these cases, this book powerfully demonstrates the Strasbourg court's failure to end gross violations in the Kurdish region. It brings together legal, political, sociological and historical narratives, and highlights the factors enabling the perpetuation of state violence and political repression against the Kurds. The effectiveness of supranational courts can best be assessed in hard cases such as Turkey, and this book demonstrates the need for a reappraisal of current academic and jurisprudential approaches to authoritarian regimes.

Human Security in Turkey Alpaslan Özerdem,Füsün Özerdem,2013-07-04 This edited volume explores human security challenges in the context of Turkey. Turkey occupies a critical geopolitical position between Europe, the Middle East and the Caucasus. It is an important peace-broker in regional conflicts and a leading country in peacekeeping operations, and has been a generous donor for disaster response around the world. However, Turkey is also facing a number of fundamental sociocultural and development challenges and its internal stability is affected by a protracted armed conflict based on Kurdish separatism. In other words, Turkey is at a crossroads in its transformation from a state-centred security perspective to one based on human security. To explore selected human security challenges within a wider context of peace and development, this volume focuses on a number of key issues in relation to democratization and social cohesion, before going on to investigate the role of Turkey as an agent of peace in the international context. Written by academics from the fields of peace studies, international relations, politics and development studies, the discussions examine and highlight the issues that Turkey must overcome if it is to successfully strengthen its human security trajectories in the near future. This book will be of much interest to students of human security, Turkish politics, conflict management, peace studies and IR in general.
