*Intuition* R. Buckminster Fuller,1973 In 1970 and 1971, Fuller was concurrently composing a poem suggested by his new Morgan sloop "Intuition" and rewriting, with my collaboration, the projected first chapter of Synergetics called "Brain and Mind." Fuller agreed with my suggestion that this first chapter had an integrity of its own separate from the rest of the Synergetics manuscript, and he felt that both of these works had an urgency that argued for their publication at the earliest possible date. With the help of Bill Whitehead, our editor at Doubleday, they were combined in *Intuition*, the first of his two books of blank verse.
