Are We There Yet? Kathleen West,2022-02-08 A breezy yet affecting read filled with struggle and hope.—People A Good Day LA Pick Among fake Instagram pages, long-buried family secrets, and the horrors of middle school, one suburban mom searches to find herself. Alice Sullivan feels like she’s finally found her groove in middle age, but it only takes one moment for her perfectly curated life to unravel. On the same day she learns her daughter is struggling in second grade, a call from her son’s school accusing him of bullying throws Alice into a tailspin. When it comes to light that the incident is part of a new behavior pattern for her son, one complete with fake social media profiles with a lot of questionable content, Alice’s social standing is quickly eroded to one of “those moms” who can’t control her kids. Soon she’s facing the very judgement she was all too happy to dole out when she thought no one was looking (or when she thought her house wasn’t made of glass). Then her mother unloads a family secret she’s kept for more than thirty years, and Alice’s entire perception of herself is shattered. As her son’s new reputation polarizes her friendships and her family buzzes with the ramification of her mother’s choices, Alice realizes that she’s been too focused on measuring her success and happiness by everyone else's standards. Now, with all her shortcomings laid bare, she’ll have to figure out to whom to turn for help and decide who she really wants to be.

Loon Lessons James D. Paruk,2021-06-29 The nature of the common loon, from biology to behavior, from one of the world’s foremost observers of the revered waterbird Even those who know the loon’s call might not recognize it as a tremolo, yodel, or wail, and may not understand what each call means, how it’s made, and why. And those who marvel at the loon’s diving prowess might wonder why this bird has such skill, or where loons go when they must leave northern lakes in winter. For these and so many other mysteries, Loon Lessons provides evolutionary and ecological explanations that are curious and compelling. Written by one of the world’s foremost experts on the subject, the book is a compendium of knowledge about the common loon and an engaging record of scientific sleuthing, documenting more than twenty-five years of research into the great northern diver. James D. Paruk has observed and compared loons from Washington and Saskatchewan to the coasts of California and Louisiana, from high elevation deserts in Nevada to mountain lakes in Maine. Drawing on his extensive experience, a wealth of data, and well-established scientific principles, he considers every aspect of the loon, from its plumage and anatomy to its breeding, migration, and wintering strategies. Here, in the first detailed scientific account of the common loon in more than thirty years, Paruk describes its biology in an accessible and entertaining style that affords a deeper understanding of this beautiful and mysterious bird’s natural history and annual life cycle.

Nights in White Castle Steve Rushin,2019-08-20 Picking up where he left off in his acclaimed memoir Sting-Ray Afternoons, Steve Rushin brilliantly captures a bygone era, and the thrills of new adulthood in the early 80s. It

begins in Bloomington, Minnesota, with a 13-year-old kid staging his own author photo that he hopes will someday grace the cover of a book jacket. And it ends at a desk in the legendary Time & Life building, with that same boy-now in his early 20s and writing professionally-reflecting on how the hell he got there from what seems like a distant universe. In between, Steve Rushin whisks us along on an extraordinarily funny, tender, and altogether unforgettable journey. From a menial summer job at suburban Bennigan's, to first-time college experiences in Milwaukee, to surviving early adulthood in seedy New York City, this deeply touching odyssey will remind any reader of those special moments when they too went from innocence to experience.

The Christmas Tree Story Danny Mishek,2021-11 The Christmas Tree Story is a familiar journey in preparing for the holidays. Through busy schedules, unbreakable traditions and caloric overload, there is something calming and comforting about the Christmas Tree process. Each household embraces different approaches but all get comparable outcomes. The time shared with each other etches in memories of music, smiles, snacks and more. From buying the tree to fully decorating it. It builds upon one's impression from season to season which quickly becomes a lifetime event worth celebrating. May your tree stand as high as the snow at the North Pole. May your ornaments shine as bright as the stars in the sky. May the magic of the holiday touch you gently as a reminder that you are loved. Danny Mishek resides in Little Canada, MN (a suburb of St. Paul). He is married with four children and a curly dog - Darby. Danny enjoys golfing, gardening, beekeeping and red wine. While writing a book was never part of the plan, sharing stories and creating memories have always come naturally. From being a 3rd generation manufacturer to an author is quite the transformation for Mishek.

Greater Than Jennifer Fernjack,2021-08-31 Most people assume that being brave is the absence of fear, when in reality, it can mean feeling afraid and being able to persevere anyway. If you're open to such things as the power of music, gratitude, pets, laughter, random acts of kindness or facing fears, you can change or enhance your perception of life in the most trying times. Demonstrating this emotional grit is invaluable every day with small or big concerns - or when you face a medical scare as the author did. In this book, you will learn: - How to reduce or eliminate fear by embracing it, - How the science of optimism can change your brain chemistry, and - Ways perspective and gratitude can help carry you. Jennifer Fernjack is an author and keynote speaker. She has shared her message of emotional grit at places such as the Mayo Clinic, HealthPartners Neuroscience Center, the University of Minnesota Duluth, Gilda's Club and more. Raised in Cloquet, Minnesota, she currently resides in Spring Park, Minnesota. She has a BA degree from the University of Minnesota Duluth and an MBA from the University of St. Thomas. Jennifer's personal story of emotional grit stems from a health scare where she learned that the best things in life are free.

The Shadows We Hide Allen Eskens,2018-11-13 Journalist Joe Talbert investigates the murder of the father he never knew, and must reckon with his own family's past, in this brilliant sequel to the national bestseller *The Life We Bury* (Publishers Weekly) Joe Talbert, Jr. has never once met his namesake. Now out of college, a cub reporter for the Associated Press in Minneapolis, he stumbles across a story describing the murder of a man named Joseph Talbert in a small town in southern Minnesota. Full of curiosity about whether this man might be his father, Joe is shocked to find that none of the town's residents have much to say about the dead man-other than that his death was long overdue. Joe discovers that the dead man was a loathsome lowlife who cheated his neighbors, threatened his daughter, and squandered his wife's inheritance after she, too, passed away -- an inheritance that may now be Joe's. Mired in uncertainty and plagued by his own devastated relationship with his mother, who is seeking to get back into her son's life, Joe must put together the missing pieces of his family history -- before his quest for discovery threatens to put him in a grave of his own.

Sting-Ray Afternoons Steve Rushin,2017-07-03 This is a story of the 1970s. Of a road trip in a wood-paneled station wagon, with the kids in the way-back, singing along to the Steve Miller Band. Of brothers waking up early on Saturday mornings for five consecutive hours of cartoons. Of growing up in a magical era populated by Bic pens, Mr. Clean and Scrubbing Bubbles, lightsabers and those oh-so-coveted Schwinn Sting-Ray bikes. And of a father -- one of 3M's greatest and last eight-track salesmen -- traveling across the country on the brand-new Boeing 747, providing for his family but wanting nothing more than to get home. In *Sting-Ray Afternoons*, Steve Rushin paints an utterly nostalgic, psychedelically vibrant portrait of a decade overflowing with technological evolution, cultural revolution, as well as brotherly, sisterly, and parental love. Funny, elegiac... a remarkably sunny coming-of-age story about growing up in a Midwest world. -- NPR
