**Karmic Relationships: Volume 7** Rudolf Steiner, 2013-10-15 These profoundly esoteric lectures examine the underlying laws inherent in reincarnation and karma. In Steiner's words, the study of karma is ... a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie processes which are the basis of the other phenomena of world existence... This volume focuses on human experiences after death and before a new birth; karma in world history; the cosmic nature of Christ; waking, dreaming, sleeping; and the physical effects of karma.

Karmic Relationships Rudolf Steiner, 1971 At the end of his life, Rudolf Steiner took up the task that was his special destiny: to bring to the West a knowledge of reincarnation and karma. To do this, he gave over eighty lectures in 1924 in which he explicitly and concretely revealed the destinies

of various individuals from one life to the next in order to show how the general laws of karma operate in individual cases. He also revealed many details of the karmic streams of the members of the Anthroposophical Society. These volumes constitute an immeasurable contribution to the understanding of reincarnation and karma, and the tasks of the Anthroposophical Society in connection with the Archangel Michael.

**Karmic Astrology** Martin Schulman, 1979 This final volume of the Karmic Astrology Series describes the merging of astrology with reality as it truly is - based on the understanding that the past and future exist only as a person thinks while the present exists regardless of how a person thinks. Taking the planets through the signs, the author shows how to use the planetary energies to avoid getting hung-up in the past or having unrealistic expectations for the future.

Karmic Relationships Rudolf Steiner, 1984-12-31 The difference between moon karma and sun karma, the influences of Christian and Mohammedan thinking, the transformation of inner human qualities from one life to the next, and much more.

**Karmic Laws** Dr. Douglas M. Baker, 2013-01-01 Each human life is the result of a unique set of causes and effects—a condensation, as it were, of past actions, some of which stretch back over many lifetimes. To the student of the esoteric, our bodies—both inner and outer—are receptacles for creative as well as destructive energies and are the product of those cosmic laws of cause and effect known as karma. This book explains the fundamental concept of karma and examines the way karmic consequences manifest in a variety of physical diseases, ranging from arthritis to schizophrenia and alcoholism.

Karmic Relationships: Volume 4 Rudolf Steiner, 2013-11-06 These lectures examine the underlying laws inherent in reincarnation and karma. This volume focuses on the karmic groups of

souls connected to Aristotelianism and Platonism, the karma of the anthroposophical movement, as well as the individual incarnations of Ernst Haeckel, Vladimir Solovioff and others. This new edition also includes Steiner's last address.

**Karmic Relationships: Volume 1** Rudolf Steiner, 2013-11-06 During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric lectures examine the underlying laws of reincarnation and karma, and explore in detail the incarnations of certain named historical figures. In Rudolf Steiner's words, the study of karma is 'a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world-existence?' In this fundamental first volume - and essential basis for study of the later volumes - Rudolf Steiner gives an overview of the laws and conditions of karma, and goes on to consider the incarnations of Friedrich Nietzsche, Lord Bacon of Verulam, Lord Byron and many others.

*Karmic Relationships 54-56* The Collected Works of Rudolf Steiner, 2021-02-27 These are the first three of twelve lectures that form a particularly intimate subset within the lectures on karmic relationships. In them, Rudolf Steiner divulges the karma of the Anthroposophical Society itself. Thus these lectures are addressed directly to the members of the audience, challenging them to achieve a new level of self-knowledge. Steiner reveals that there are fundamentally two kinds of people who have found their way into the Society. On the one hand, there are those who have enjoyed fewer incarnations, still are not tired of paganism, and are drawn chiefly to what anthroposophy has to say about cosmic evolution and human nature. On the other hand, we find those with incarnations reaching far back, who fought paganism as heresy, and above all seek

Christ, whom they expected to find in the sphere of the Sun, not realizing that He had entered the sphere of the Earth. These twelve lectures are as profound as any that Steiner ever gave.

**Karmic Relationships: Volume 2** Rudolf Steiner, 2013-11-06 During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric lectures examine the underlying laws of reincarnation and karma, and explore in detail the incarnations of certain named historical figures. In Rudolf Steiner's words, 'the study of karma is a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world-existence?' In this volume Steiner deals with individual karmic relationships in history - for example Marx and Engels - as well as surveying karma in human life, the shaping of karma after death, and the cosmic form of karma.

**21 Nuggets of Karmic Law** Helena Petrovna Blavatsky, 2017-07-13 Karma, Tanha, and Skandhas are the almighty trinity. Desire, being the agent empowered by Karma, is fulfilled through thoughts, words, and deeds. Karma allots kinetic energy, corrects mental transgressions, and binds free will. Man and angel are alike under Karmic Law. No one and nothing can hide from the All-seeing Law. Therefore, belief in Karma instils personal responsibility.

**Karmic Relationships 4-6** Frederick Amrine, Rudolf Steiner, 2018-09-17 Rudolf Steiner continues his extraordinary series of lectures on karma with these three theoretical offerings. The first invites us to reconceive the entire notion of causality, which differs substantially across the kingdoms of nature. In the mineral kingdom, we see a simultaneity of causes in the physical. In the plant kingdom, there is a simultaneity of causes in the physical and supra-physical. The animal kingdom reveals past supra-physical causes of present effects. And finally the human kingdom shows

past physical causes of present effects in the physical. Lecture Two is devoted to the interweaving of the hierarchies in karma. The Archai, Archangeloi, and Angeloi are bound up with our feelings of well-being or discomfort. Our sympathies and antipathies are expressions of the Dynameis, Exousiai, and Kyriotetes. And finally the Seraphim, Cherubim, and Thrones are responsible for the events and experiences in our lives. The third lecture traces out the complex interactions between freedom and karmic necessity. In normal consciousness, we are not at all aware of karmic necessity, but we are aware of our freedom. Initiation reveals the realm of karmic necessity, but we are simultaneously reconciled to the notion, because we see and accept that it has to be. Freedom and karmic necessity are ultimately reconciled at a higher level of consciousness.

**Karmic Relationships** Martin Schulman, 1984 How often do we find ourselves in relationships that echo the past, that recapitulate familiar but destructive patterns? How often have we tried to analyze an unhealthy or unhappy relationship from a psychological perspective, only to find that this kind of interpretation doesn't feel right? Martin Schulman suggests that we can reach a deeper and more constructive understanding if we search out the karmic layers in our relationships - those attitudes, behaviors and beliefs which are residue from past lifetimes, and which stand in the way of our achieving harmony and balance, the prerequisites for enduring relationships using a karmic lens. He compares every possible combination of the major aspects, showing the reader how one facet of personality (represented by a planet ) compares to planets in your partner's chart. Where are the points of stress in your relationship karmically, we can grow both spiritually and emotionally.

**The Karmic Relationships of the Anthroposophical Movement** Rudolf Steiner, 2008-06 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work

is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

**Karmic Relationships: Volume 8** Rudolf Steiner, 2015-06-24 During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric commentaries examine the underlying laws of reincarnation and karma, and explore in detail the incarnations of specific historical figures. In Rudolf Steiner's words, the study of karma is '... a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence...' In this eighth and final volume of the series, Rudolf Steiner offers insights on a variety of subjects, including Cosmic Christianity, the Michael impulse, the Arthur and Grail streams of wisdom, as well as the individualities of Gregory VII, Haeckel, Swedenborg, Loyola, Haroun al Raschid, Byron, Voltaire and others.

**Karmic Relationships** Rudolf Steiner, 2002-05-28 During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric lectures examine the underlying laws inherent in reincarnation and karma, and explore in detail the incarnations of specific historical figures. In Rudolf Steiner's words, the study of karma is ... a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence... A study of the karma of the anthroposophical movement and society, the spiritual gates of the sun and moon, and much more. (9 lectures, various cities 25 Jan to 20 Jul 1924, GA235, 236, 240)

**An Exercise for Karmic Insight** Rudolf Steiner, 2013-04-02 There is the possibility of a comparatively quick maturing of insight into karmic relationships if, for a considerable time, we try patiently, and with inner energy, to picture with greater and greater consciousness an experience which would otherwise simply take its course, without being properly grasped, and fade away in the course of life... In this unique lecture, Rudolf Steiner presents a practical exercise for gaining insight into karma. He draws our attention to the ordinary events of life, encouraging us to take an image of a single event and meditate on it. He describes the method in great detail, and explains how, over several days and nights, the image becomes incorporated into our various spiritual bodies. Eventually, this image reaches our physical body in a transformed state, leading to a perception of a previous earth life and the cause of the event first pictured in meditation...

**Karmic Relationships: Volume 5** Rudolf Steiner, 2013-10-15 These esoteric lectures examine the underlying laws inherent in reincarnation and karma. In Steiner's words, the study of karma is ... a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie processes which are the basis of the other phenomena of world existence... This volume includes, the difference between moon karma and sun karma, the influences of Christian and Mohammedan thinking, the transformation of inner human qualities from one life to the next, and more.

**Understanding Karmic Complexes** Patricia L Walsh, 2020-06-30 Drawing from several thousand cases of actual past-life memories recalled during regression, Walsh creates an essential sourcebook that not only illustrates the astrological foundation of the karmic scripts one is born with, but also how healing from unresolved issues from the past unlocks the evolutionary potential of the soul.
