Cut and Fold Techniques for Pop-Up Designs Paul Jackson,2014-02-17

Introducing techniques for making pop-ups from one sheet of card, the third title in this series on paper engineering takes folding techniques into the third dimension. Each chapter introduces a new technical idea and shows how

that technique can be adapted in many different ways, or combined with techniques from earlier chapters. These 3-D techniques can be incorporated into any design where typography and/or illustration are used, including mail-shots, personal publicity, invitations, business cards and greetings cards. With their emphasis on surface design over complex cutting, the pop-ups have an instant appeal for designers. Following the elegant, easy-to-follow style of Paul Jackson's other titles for Laurence King, *Cut and Fold Techniques for Pop-Up Designs* is an essential resource for marketing professionals and design students.

In Deep Angalia Bianca,Linda Beckstrom,Kevin Gates,2018-10-02 Before Angalia Bianca became one of Chicago's foremost authorities on violence interruption and prevention and before she received international recognition and was honored by the City of Chicago, she was a criminal, a master manipulator, a brilliant con artist. Bianca spent twelve years in prison for forgery, embezzlement, drug dealing, and theft. But now she has gone far beyond the expectations for recovery to a life of service fueled by an unrelenting determination to make a difference. Bianca was once a gang member; now she puts her life on the line to interrupt gang violence. For thirty-six years she was a heroin addict; now she mentors people in recovery. She was homeless; now she appears as an invited guest, speaking across the country and around the world. Bianca crawled out of the deepest hole imaginable; now through her work with CeaseFire/Cure Violence she climbs back

down to change lives. In *Deep* is a blunt, honest look at Bianca's life. Her mind-blowing stories take readers deep into a life of grit and gang violence that seems inescapable. Her story is at once fascinating, terrifying, and ultimately full of hope. Readers will be inspired by Bianca's climb out of the depths of depravity, and by her commitment to those facing the worst that the city of Chicago has to offer.

The Relive Box and Other Stories T.C. Boyle, 2017-10-03 While T.C. Boyle is known as one of our greatest American novelists, he is also an acknowledged master of the short story and is perhaps at his funniest, his most moving, and his most surprising in the short form. In *The Relive Box*, Boyle's sharp wit and rich imagination combine with a penetrating social consciousness to produce raucous, poignant, and expansive short stories defined by an inimitable voice. From the collection's title story, featuring a Halcom X1520 Relive Box that allows users to experience anew almost any moment from their past to *The Five-Pound Burrito*, the tale of a man aiming to build the biggest burrito in town, the twelve stories in this collection speak to the humor,

the pathos, and the struggle that is part of being human while relishing the whimsy of wordplay and the power of a story well told. In stories that span a variety of styles and genres, Boyle addresses the enduring concerns of the human mind and heart while taking on timely social concerns. The Relive Box is an exuberant, linguistically dazzling effort from a vibrant sensibility fully engaged with American society. (The New York Times)
