Russian Multinationals Andrei Panibratov,2013-06-19 Russian multinationals are playing an increasingly important role in the world economy, particularly in some key sectors such as oil, gas and metallurgy. At the same time, Russian multinationals differ in many respects from multinationals from other countries in that they often receive special treatment from the Russian government, and, because of past experiences, international investors are often reluctant to invest in them. This book presents a comprehensive overview of Russian multinationals. It discusses the rise of Russian multinationals, examines Russian multinationals' activities in key sectors, analyses the relationship between Russian multinationals and the Russian government and between Russian multinationals and international investors, and concludes by assessing how Russian multinationals are likely to develop in future.

The Marwari Heritage D.K. Taknet,IntegralDMS,2016-07-22 From the early Vedic period, the Vaishyas, the oldest mercantile community of India, generated wealth for the nation through their remarkable efforts. Their Marwari offshoots were appointed by many rulers as ministers, advisors and diwans and were recognised as the first philanthropists in India. The Marwari Heritage takes the reader on a voyage of discovery of the Marwaris who migrated from Rajputana, Haryana, Malwa and its adjoining regions to other parts of India. They braved trials and tribulations in uncharted territories, supporting others of their community, never losing faith in their ability to succeed, and focused on their goal, they became the uncrowned kings, first of trade and business, and later of industry. They joined the freedom struggle with a true spirit of patriotism, philanthropy and active political

involvement. Many courted imprisonment and even achieved martyrdom. Today, the roots of the Marwari community are deeply enmeshed in the social, cultural and economic fabric of India. Their innate psyche of giving back to society has seen them donate generously to education, empowerment of women and vocational training leading to employment. Shedding some traditions and retaining many, they have stepped into the modern age, achieving an enviable cultural mix. At the helm of most successful entrepreneurial enterprises, their focus on innovation and technological advancement has resulted in governments of several countries seeking their advice on economic growth. Of the many who have left an indelible mark on the history, socio-political and economic foundations of the country, this book is enriched with rich cameos of some of these 'greats' and the reader derives insights into numerous newly discovered and hitherto unrecorded facts. The younger generation of Marwaris continue to dream big and build on the foundations their forefathers planted. They continue to grow from strength to strength, marching towards new horizons. The plethora of welfare schemes and trusts responsible for development of the nation's needy continue to be monitored with precision. Meticulously researched over five years and richly illustrated with over 100 rare, coloured photographs, paintings, and 600 black and white photographs, illustrations and rare documents published for the first time, readers have much to feast their eyes on. This pictorial book also serves as an inspiration to any and everyone who dares to dream and reach for the skies.

It starts at the bottom of the pyramid with a picture of the very poorest and ends with an account of the wealthy ruling elite. The books was written in 1998 but is still relevant today as the basic structure of Chinese society has not changed and the issues and challenges remain the same. It shows how China works in the context both of its long history and its more recent Communist past.

**China Ink** Judy Polumbaum,2008-05-29 This lively book explores individual and societal changes in contemporary China through the compelling personal accounts of young Chinese journalists. China's media are central to public life in the most populous nation on earth, and have also become increasingly relevant to communication and understanding on a global scale. Through a series of engaging oral histories, Judy Polumbaum puts a human face on vital political and philosophical issues of freedom of expression and information that will shape China's future. The author's extended

and frank conversations with journalists from a range of news outlets reveal diversity, passion, humor, and optimism that belie the stereotype of journalists as cogs in a rigidly controlled machine. Neither dissidents nor paragons but rather people working day in and day out within China's existing and evolving media, these talented and ambitious reporters open new windows to understanding Chinese journalism and intellectual life. Some of their tales could happen only in China; others will resonate with readers everywhere. As the first book to explore experiences and ideas of everyday journalists who are helping to shape their rapidly changing country, this unique and timely work will appeal to all those interested in China's dynamic society.
