Red Light, Green Lion Candace Ryan,2019-05-07 A green lion. A red light. And one very unusual day. As a green lion waits for a green traffic light, some surprises appear, such as lightning, a lilac, library books and lima beans. Or rather, “li-ghtning,” “li-lac,” “li-brary books,” and “li-ma beans” because each spread ends with “Red light, green li,” and the reader must turn the page to see the whole word — and what’s happened. Through it all, the lion calmly and helpfully deals with whatever shows up, and philosophically muses about the way life can be. “Some days are not like most days,” the lion explains. But as all children know: those days are usually the most fun!

Go! Go! Go! Stop! Charise Mericle Harper, 2014-02-25 One day Little Green rolls into town and says his first word: Go! The town is building a bridge, and now everyone has a job to do, from dump truck to forklift. Little Green helps them do their jobs with gusto. Until . . . there is a little too much gusto. They can go, go, go . . . but how will they stop? This bright, fun book with a bold package captures the endless energy of little boys and the timeless appeal of trucks and machines--both for building and knocking down. Plus, it has an underlying message about working together to get things done.

Red Light, Green Light Anastasia Suen, 2005-10-01 Roll into one little boy's make-believe traffic world, filled with flashing lights, zooming cars, whirring helicopters, and racing fire engines. He's turned records into rotaries, shoe boxes and books into highway ramps, crayons into lane markers, and dandelions into trees. It's a world where imagination rules and creativity abounds. With its bouncy rhyming text and bright illustrations, this book is perfect for every preschooler who loves planes, trains, and automobiles. It's a bold introduction to how vehicles stop . . . and go!

Traffic Light Lines Kimberly Lane OTR/L,2016-01-27 Students constantly stream into Kimberly Lanes occupational therapy practice needing help with poor handwriting. While it might not be the first challenge parents and teachers think of needing to help children overcome, handwriting is a critical skill for students to learn. Teachers cant assess what students know if they cant communicate clearly. In this simple program geared for preschool-level students to students on a second-grade development level, Lane shares the traffic light line method for learning handwritingan easy approach for parents, teachers, occupational therapists, and children to understand. Early on in life, children say go when the traffic light turns green, and its easy for them to envision a traffic light, which is what makes this program so wonderful. Students will learn how to practice letters in various media, recall how to form letters, and enhance their visual motor skills along the way. Red Light, Green Light, Eat Right Joanna Dolgoff,2009-12-22 Childhood obesity has reached epidemic proportions: More than 18 million American children are considered

obese and are at risk for health problems. In fact, today's generation of kids may be the first to experience shorter life spans than their parents. Leading pediatrician Dr. Joanna Dolgoff's Red Light, Green Light, Eat Right teaches kids how to make healthy choices based on the principles of the traffic light: green light foods are nutritious, yellow light foods are eaten in moderation, and red light foods are occasional treats. The program, which has a proven 96 percent success rate, can be tailored to suit any child's age, gender, and weight goals. Snacks and meals are designed to ensure that kids get the nutrients they need to not only lose or maintain weight, but to grow strong, healthy bodies. Complete with sample menus, recipes, and an index of more than 1,000 color-coded foods, Red Light, Green Light, Eat Right provides a practical solution for one of the biggest health crises facing America's children.

Runaway Signs Joan Holub, 2020-06-02 When the road signs take a vacation, chaos and hilarity ensue--and they quickly learn how important they are. School is ending for the summer, and the stick figures on the school crossing sign are jealous of all the vacation plans they hear the students making. The stick figures work hard--maybe they deserve a vacation, too! So they abandon their signpost and set off on an adventure, inviting along all the other underappreciated road signs they meet on the way. It's all fun and games for a while, especially when they stumble upon a fantastic amusement park. But the people they've left behind are feeling their absence, and soon there are traffic tangles and lost pedestrians everywhere. The signs are more important than they realized, and now it's time for them to save the day!

Who Controls the Traffic Lights? Danielle Kutcher, 2017-06-23 When Danielle was a

little girl, she always wondered how the traffic lights knew when to turn red, yellow, and green as she traveled on the road with her family. If you are as curious as she was, go and slowly read this delightful rhyming book with a friend or two. Next time you are driving with your family, stop and look up at the traffic lights and they just might wave to you.

The Haunted Lake P. J. Lynch, 2020-09-08 In famed author-illustrator P.J. Lynch's gorgeous tale, he creates two worlds—underwater and above—to tell an epic and haunting love story. Jacob and his father are the only people who fish Lake Spetzia, which was formed when the river was dammed and their town was flooded. The villagers say the lake is haunted, but Jacob and his father don't want to leave, because Jacob's mother is buried in the cemetery below the water. As Jacob grows up, a village girl named Ellen falls in love with him, and he with her. But before they are married, Jacob disappears—lured underwater by the ghosts who inhabit the sunken village. Years go by, with Jacob held captive by the watery spirits and Ellen never giving up hope that she will find him, until a fateful night when Jacob sees the light of Ellen's boat floating above. Can he break free and reach the surface? Masterful illustrations alive with achingly expressive characters and eerie underwater light bring readers into acclaimed creator P.J. Lynch's rich world of love, loss, and hope.
