**De Wain Valentine: Works from the 1960s and 1970s** De Wain Valentine, 2016-04-26 A key member of the Light and Space movement in Los Angeles during the 1960s and 1970s, De Wain Valentine is distinguished in particular by his in-depth understanding of synthetic materials and his ability to transform industrial products into artworks that investigate the seductive power of light, transparency, reflection, and surface. Published in conjunction with his critically lauded 2015 exhibition at David Zwirner, New York, *De Wain Valentine: Works from the 1960s and 1970s* focuses on the artist's pioneering achievements in polyester resin. A new scholarly text by Robin Clark on Valentine's production from this period details his personal history and his innovations with this material. Influenced by the vast California landscape, he was initially confronted with material limitations: at the time, polyester resins could not be poured in volumes exceeding fifty pounds. Not willing to accept this restriction, Valentine partnered with

Hastings Plastics in 1966 to create an entirely new resin that could be cast in larger quantities. The resulting material, known as Valentine MasKast Resin, allowed the artist to dramatically increase the scale of his work. With its inherent ability to contain and reflect light, while maintaining a powerful luminous dimension, polyester resin would form the foundation of Valentine's practice. *De Wain Valentine: Works from the 1960s and 1970s* includes rich color plates of Valentine's "Columns," corporeally scaled sculptures cast in colored polyester resins that recede from a wider base up to a narrow tip; his "Circles," 6-foot discs that display not only the artist's mastery of geometrical form, but also highlight his command of color in sculpture; and a selection of the artist's smaller forms—rings, discs, and double pyramids. The catalogue also features extensive documentation of *Double Column Gray* (1975–1976), two massive, identical columns that each stand twelve feet tall. Originally executed for Baxter Travenol Laboratories' newly built corporate headquarters in Deerfield, Illinois, Valentine had conceived of two immense vertical columns standing side by side, but because of architectural modifications (the ceiling in the company's reception area was lowered at a late stage of construction), Valentine was forced to install the two slabs on their sides. Forty years after its initial conception, the exhibition at David Zwirner represented the first time this work was presented in its intended configuration.

**99 Nights with the 99 Percent** Chris Faraone, 2012 Occupy Wall Street was the

most covered news story of 2011. Among those who followed the movement like a storm chaser, Boston Phoenix Staff Writer Chris Faraone is one of the few who blogged about daily Occupy minutiae, but also stepped back to smoke lots of weed, investigate and analyze the protest, and deliver weekly features. Starting in September, Faraone published a series of deep Occupy portraits, traveling to more than a dozen cities from Boston to Seattle. His work illustrates day-to-day Occupy operations, as well the characters who make the movement tick. In the process, he also landed nationwide exclusives, like a scoop on a federation of police officers who support Occupy. Though Faraone is to the left of liberal, he wrote with a balanced reporter's eye, in many cases aggravating readers on both sides of the ideological aisle. Ignoring partisan preferences, Faraone dug for the root of topics ranging from an accused thief who moved between camps, to a veteran anarchist who was inspired by Occupy to come out from underground. As was noted in a recent Columbia Journalism Review profile of Faraone, his approach to covering Occupy was wholly unique, as he became a one-man swarm: embedding full-time at Boston's Dewey Square encampment; visiting other movements around the country; juggling feature stories, blog posts, radio spots, and Twitter fights. 99 Nights with the 99 Percent is a collection of Faraone's published posts and articles on Occupy, streamlined into a sleek edition that also packs unpublished pieces and a number of bonus features. In addition to pics and illustrations, a series of haiku poems - or Occupaikus - run throughout

the book, taking readers through a timeline of the first 100 days of the national movement. There are other books on Occupy, but 99 Nights is in a category of its own.

**Brad Pitt's Dog** Johan Kugelberg, 2012-05-16 The first book of essays by a long-time renowned chronicler of underground culture. Johan Kugelberg's book on the early history of hip hop won the NYPL books for the teen age award 2008 and his book on the Velvet Underground won the Foreword silver medal for music 2010. The way this book mashes up lo-bro and hi-bro is readable, funny and thought-provoking, and also downright provoking. Johan Kugelberg's essays on punk, style and pop culture have entertained readers of international publications including Dazed and Confused, Another Man, Ugly Things, Perfect Sound Forever, Spin, Raygun and Fact over the last couple of decades. ,

**Tal R** Tal R, Matthew Israel, 2012

**Clifford Owens** Clifford Owens, John Parish Bowles, 2012 Clifford Owens (born 1971) has long been aware that the history of African-American performance art remains largely unwritten. Rather than rectifying the oversight in scholarly terms, Owens has created an unprecedented artistic project, a compendium of African-American performance art that is both highly personal and thoroughly historical. This volume, Owens' first publication, includes written performance scores that Owens solicited from fellow African-American artists, which he then enacted in various locations at MoMA PS1. Clifford Owens: Anthology brings together the final artworks that resulted from the

performances, and features essays by art historians Huey Copeland and John Bowles, as well as MoMA PS1 assistant curator Christopher Y. Lew. It also includes interviews with individuals who attended the live performances and a round-table discussion with selected Anthology artists moderated by art historian Kellie Jones.

**The Plot Against Hip Hop** Nelson George, 2011-11-01 A “wickedly entertaining” crime thriller from a renowned chronicler of the world of rap music (Kirkus Reviews). Finalist for the NAACP Image Award in Literature The stabbing murder of esteemed music critic Dwayne Robinson in a Soho office building has been dismissed by the NYPD as a gang initiation. But his old friend, bodyguard and security expert D Hunter, suspects there are larger forces at work. D Hunter’s investigation into his mentor’s murder leads into a parallel history of hip hop, a place where renegade government agents, behind-the-scenes power brokers, and paranoid journalists know a truth that only a few hardcore fans suspect. This rewrite of hip hop history mixes real-life figures with characters pulled from the culture’s hidden world, including Jay-Z, Kanye West, and Russell Simmons. “This hard-boiled tale is jazzed up with authentic street slang and name-dropping (Biggie, Mary J. Blige, Lil Wayne, and Chuck D) . . . George’s tightly packaged mystery pivots on a believable conspiracy . . . and his street cred shines in his descriptions of Harlem and Brownsville’s mean streets.” –Library Journal “George is a well-known, respected hip-hop chronicler . . . Now he adds crime fiction to his

resume with a carefully plotted crime novel peopled by believable characters and real-life hip-hop personalities.” –Booklist “Reads almost like Thomas Pynchon's *Inherent Vice*, but in the world of rap music . . . If you love crime fiction and you love hip hop, this book is a must read.” –BookRiot “Part procedural murder mystery, part conspiracy-theory manifesto . . . .The writing is as New York as ‘*Empire State of Mind*,’ and D is a detective compelling enough to anchor a series.” –Time Out New York

**Three Wishes for Jamie** Charles O'Neal, 2015-12-22 *Three Wishes for Jamie* is the playful tale of a dreamy young Irishman who is given three wishes in the hills of rural West Ireland and comes to the United States to the state of Georgia to pursue them.

Every spot painting Hirst has produced is included in this substantial publication with over 95% of them illustrated. Conceived at the time of Hirst's 2012 exhibition of the same title held in 11 Gagosian Galleries including New York, London, Paris, Los Angeles, Rome, Athens, Geneva and Hong Kong, this publication has been long in the making.
