Haunting Adeline H. D. Carlton, 2021 The manipulator. I can manipulate the emotions of anyone who lets me. I will make you hurt, make you cry, make you laugh and sigh. But my words don't affect him. Especially not when I plead for him to leave. He's always there, watching and waiting. And I can never look away. Not when I want him to come closer. The shadow. I didn't mean to fall in love. But now that I have, I can't stay away. I'm mesmerized by her smile, by her eyes, and the way she moves. The way she undresses...I'll keep watching and waiting. Until I can make her mine. And once she is, I'll never let her go. Not even when she begs me to.

Close Up Hamid Dabashi, 2001-11-17 Arguing that Iranian cinema has emerged as the staple of cultural currency that defies the logic of nativism and challenges the problems of globalization, Dabashi (Iranian studies, Columbia U.) concentrates on the contributions on four key filmmakers, presenting critical readings of their work and interviews with a couple of his subjects. An introductory chapter seeks to place Iranian cinema in the context of modernity. Annotation copyrighted by Book News, Inc., Portland, OR

Keegan's Point H. D. Smith, 2015-01-27 Yesterday twelve-year-old Charlie Parker would have given almost anything to see Keegan's Point, the island estate built by the reclusive billionaire Marcus Keegan. Keegan died the same year Charlie was born. His body and twenty passports were the only things removed from the island-leaving a mystery and the unanswered question, who was Marcus Keegan? But that was yesterday. Charlie's biggest problem this morning was his presentation in fourth period. Since then he's been beaten up by a bully, he's lied to his mother, and he's been kidnapped by three total strangers. And, as if the day couldn't get any worse, no one even knows he's missing. Nick, one of the strangers, is one job away from finding the lost treasure he's searched for his entire life. The plan is simple: go into Keegan's mansion and follow the cryptic clues to the prize. There's plenty of time, and his team is resourceful. He never expected that Charlie would overhear his plans or that he'd have to kidnap him to keep him quiet. Now there's only one way forward, and that means risking everything. Soon, Nick realizes that Charlie's involvement in his mission is the key to whether he'll succeed or fail-because there's much more at stake than a lost treasure. From the author of the Devil's Assistant books, Keegan's Point is the start of a new adventure series where not all the bad guys are bad, where you just might find yourself rooting for both the bad guys and the good guys as they work together to survive.

The Analysand's Tale Robert Morley, 2018-05-08 Most accounts of psychoanalysis and psychotherapy have been written by therapists, from a professional point of view. May such accounts alone be an authentic history of what occurred between the therapist and the patient? Would the patients accounts be as valid as those of the therapists? In this book the published stories of several analysands, some of Freud and Jung, over one hundred years have been collected for purposes of comparison; some have been written by therapists in training, but others are by patients not involved in the profession. A number are complaints about malpractice, or of failures to make a difference to their condition, and a common factor in most has been a discordant agenda between analyst and analysand. Where analysands have felt that they have gained transforming benefit from the therapy, those gains are frequently ascribed to the relationship with the therapist, rather than the practice or technique which they may have criticized. Collected together they make stimulating reading and raise interesting issues about the nature of psychoanalysis and psychotherapy, and the healing function of the process.

Hunting Adeline H. D. Carlton, 2022-01-28 The conclusion to the Cat and Mouse Duet is here...The DiamondDeath walks alongside me, But the reaper is no match for me. I'm trapped in a world full of monsters dressed as men, and those who aren't as they seem. They won't keep me forever. I no longer recognize the person I've become, And I'm fighting to find my way back to the beast who hunts me in the night. They call me a diamond, But they've only created an angel of death. The Hunter I was born a predator, With ruthlessness ingrained in my bones. When what's mine is stolen from me in the night, Like a diamond hidden within a fortress, I find that I can no longer contain the beast. Blood will paint the ground as I tear apart this world to find her. And bring her back to where she belongs. No one

will escape my wrath,Especially not those who have betrayed me.Warning: This is the second and final installment to the Duet. You must read Haunting Adeline first.

Savage Attack Crispin Bates,Alpa Shah,2017-07-06 Papers presented at a conference held at London in June 2008.

Country reports on human rights practices Senate Committee on Foreign Relations and House Committee on Foreign Affairs,2013-02-20 The idea of human rights begins with a fundamental commitment to the dignity that is the birthright of every man, woman and child. Progress in advancing human rights begins with the facts. And for the last 34 years, the United States has produced the Country Reports on Human Rights Practices, providing the most comprehensive record available of the condition of human rights around the world. These reports are an essential tool—for activists who courageously struggle to protect rights in communities around the world; for journalists and scholars who document rights violations and who report on the work of those who champion the vulnerable; and for governments, including our own, as they work to craft strategies to encourage protection of the human rights of more individuals in more places. Joint Committee Print. S. Prt. 112-40.

Persephone Rises, 1860–1927 Margot K. Louis,2016-12-05 Over the course of the nineteenth century, the figure of Persephone rapidly evolved from what was essentially a decorative metaphor into a living goddess who embodied the most spiritual aspects of ancient Greek religion. In the first comprehensive survey of the Persephone myth in English and American literature of the nineteenth and early twentieth centuries, Margot Louis explores the transformation of the goddess to provide not only a basis for understanding how the study of ancient history informed the creation of a new spirituality but for comprehending the deep and bitter tensions surrounding gender that interacted with this process. Beginning with an overview of the most influential ancient texts on Persephone and references to Persephone in Chaucer, Shakespeare, Milton, and Romantic period writing, Louis shows that the earliest theories of matriarchy and patriarchal marriage emerged in the 1860s alongside the first English poems to explore Persephone's story. As scholars began to focus on the chthonic Mystery cults, and particularly on the Eleusinian Mysteries of Demeter and Persephone, poets and novelists explored the divisions between mother and daughter occasioned by patriarchal marriage. Issues of fertility and ritual resonate in Thomas Hardy's *Tess of the d'Urbervilles* and Willa Cather's *My Antonia*, while the first advance of a neo-pagan spirituality, as well as early feminist critiques of male mythography and of the Persephone myth, emerge in Modernist poems and fictions from 1908 to 1927. Informed by the latest research and theoretical work on myth, Margot Louis's fascinating study shows the development of Victorian mythography in a new light; offers original takes on Victorian representations of gender and values; exposes how differently male and female Modernists dealt with issues of myth, ritual, and ancient spirituality; and uncovers how deeply the study of ancient spirituality is entwined with controversies about gender.

Invisible Chains Kristina Sauerwein,2008-04-15 In January 2007, two boys were found in the home of Michael J. Devlin, a “nice enough guy” who managed a pizza parlor in Kirkwood, Missouri. One boy had been kidnapped four days earlier. The other, Shawn Hornbeck, had been missing for four years. How and why did this fifteen-year old, whose face appeared on thousands of milk cartons and “Have You Seen Me?” posters, stay with his abductor in plain view for four years, only an hour from his family home? From award-winning journalist Kristina Sauerwein comes this riveting story of the American kidnapping that startled the nation and catapulted the chilling reality of Stockholm Syndrome into the spotlight. Shawn had many opportunities to ask for help: he was left alone in his kidnapper's apartment many times, and had phone and Internet access. But he never tried to escape. This is the first time the full story has been told, complete with interviews with law enforcement, and top psychological experts; and a real-life happy ending.

Kidnapped Paula S. Fass,1997 A look at the history of child kidnappings and abductions in the United States, the motives of the perpetrators, the activities of the media, and the results in the law and in public opinions.

Underdogs Aaron B. O'Connell,2012-10-29 The Marine Corps has always considered itself a branch apart. Since 1775 America's smallest armed service has been suspicious of outsiders and deeply loyal

to its traditions. Undying faith in its exceptionalism made the Marines one of the sharpest, swiftest tools of American military power, but developing this brand did not come without costs.

Forensic DNA Trace Evidence Interpretation Duncan Taylor,Bas Kokshoorn,2023-05-30 Forensic DNA Trace Evidence Interpretation: Activity Level Propositions and Likelihood Ratios provides all foundational information required for a reader to understand the practice of evaluating forensic biology evidence given activity level propositions and to implement the practice into active casework within a forensic institution. The book begins by explaining basic concepts and foundational theory, pulling together research and studies that have accumulated in forensic journal literature over the last 20 years. The book explains the laws of probability - showing how they can be used to derive, from first principles, the likelihood ratio - used throughout the book to express the strength of evidence for any evaluation. Concepts such as the hierarchy of propositions, the difference between experts working in an investigative or evaluative mode and the practice of case assessment and interpretation are explained to provide the reader with a broad grounding in the topics that are important to understanding evaluation of evidence. Activity level evaluations are discussed in relation to biological material transferred from one object to another, the ability for biological material to persist on an item for a period of time or through an event, the ability to recover the biological material from the object when sampled for forensic testing and the expectations of the prevalence of biological material on objects in our environment. These concepts of transfer, persistence, prevalence and recovery are discussed in detail in addition to the factors that affect each of them. The authors go on to explain the evaluation process: how to structure case information and formulate propositions. This includes how a likelihood ratio formula can be derived to evaluate the forensic findings, introducing Bayesian networks and explaining what they represent and how they can be used in evaluations and showing how evaluation can be tested for robustness. Using these tools, the authors also demonstrate the ways that the methods used in activity level evaluations are applied to questions about body fluids. There are also chapters dedicated to reporting of results and implementation of activity level evaluation in a working forensic laboratory. Throughout the book, four cases are used as examples to demonstrate how to relate the theory to practice and detail how laboratories can integrate and implement activity level evaluation into their active casework.

Lantern Sam and the Blue Streak Bandits Michael D. Beil,2015-08-04 “An atmospheric late-1930s adventure with old-time cinematic appeal. Fans of fast-paced, far-fetched action will lap it up as enthusiastically as Sam swallows his favorite brand of sardines.” —Kirkus Reviews *Lantern Sam* is the wise-cracking, sarcastic, talking cat (for those who can hear him, that is) who lives on board the Lake Erie Shoreliner train and is one of the best detectives no one knows about. He doesn't have much patience for humans (unless they bring him sardines), but when 10-year-old traveler Henry can't find his new friend, the exuberant Ellie, Sam's enlisted to help. A ransom note is soon discovered and just like that, Sam and Henry are on the case, with the help of Clarence the Conductor (who supplies Sam's sardines). But is Ellie still on board the train? Did the salesman with his trunk full of samples sneak her off? And why does that couple keep acting so suspiciously? Veteran middle-grade mystery author Michael D. Beil has crafted a hilarious and appealing adventure set in the 1930s that's chock-full of quirky characters and red herrings, and all with an irresistible cat at its center.
