This book features a variety of different activities to help kids identify numbers, solve problems, and counting. This is a FUN counting book for school preparation. Most preschool aged children don't fully understand how to solve standard addition, subtraction and other math problems yet. This book is designed to prepare children for addition later on and introduce them to numbers and how to count. As your child progresses on their learning path they can then move on to more advanced math activity books. This is what You'll Find in this Book: Follow the Directions Math Questions like, How many pictures do you See? This teaches pre-k children problem solving skills. Bonus Coloring Pages: Number Coloring Pages 1-9 are also found in the book. The numbers take up most of the page and each number has animals sitting nearby or hanging on the number. The number eight features eight cats for your child to color along with the number eight. You'll find armadillos, sheep, bears and more. There are also other math based coloring pages found throughout the book. Math Mazes: The book also features math mazes focusing on a particular number. You can help your child identify the number before they make their way through the maze. Number Matching Games: The number matching games encourage children to match a particular number of something to the actual number. For instance on one side of the page you'll see three fish the child is encouraged to draw a line on the other side of the page to the number 3. There are also other activities in the book which involve filling in the missing number in a sequence of numbers. Kids are also encourage to count objects and then write the number in a box next to the objects. Please Note: This book is intended for pencils, crayons and colored pencils. Some markers may bleed through the page. We designed a few different covers so feel free to look through our listings and find a cover style that suits your child's personality.
