Auspicious Good Fortune Sumangal Morhall,2012-04-16 Has your life ever flashed before you? Sumangali Morhall chased everything Western society taught her to pursue: material wealth, academic success, and even the perfect relationship, only to discover something deeply significant was still missing. A sudden near-death experience opened her eyes, and her life began anew. Left with nothing and nobody to rely on, her inner strength blossomed and her spiritual search began in earnest. Her journey led her to study meditation with Indian spiritual Master, Sri Chinmoy: a direction she could never have imagined. Sumangali reveals the arcane practice of learning from a contemporary Guru in lively detail, shedding light on misconceptions while remaining candid about her own initial doubts. Heartwarming, courageous, and beautifully crafted, this spiritual memoir follows a Western woman learning the ways of the East, and putting them into practice in her modern world: an ordinary person leading an extraordinary life. ,

The Destiny and Signs of God Ionel Rotaru,2020-09-24 So far, our civilization has developed only one method of communication – OUR EVERYDAY INTERPERSONAL COMMUNICATION. Time has come for all of us to learn a second method of communication – to commit our thoughts to COMMUNICATING WITH THE UNIVERSE. By interacting with the Universe, we communicate with God, and God is THE ONLY ONE in the Universe WHO can give us the best advice regarding our choice to build up our destiny and secure ourselves with a sound and continuous evolution.

Kindred Spirit Noah Harris,2020-10-21 Jacob Sometimes, the world isn't what you think. There are more horrors and wonders than you ever thought possible. That's the kind of life I've lived, changed forever by the world and its secrets. Former soldier and now federal agent, I'm sent to help and hide those secrets. It should have been simple. Find the target, find out if he's more than he appears, and report back. And if it comes to it, protect him from danger. Protect Levi. But it's never that simple, is it? And Levi didn't turn out to be that simple either. Levi Having your own spirit companion might sound fun in theory, but in practice, it sucks. Don't get me wrong, I love Louis, or Lou for short, he's my best friend, like a brother really. But that doesn't mean his existence hasn't been a pain. We're always on the move, never staying in one place too long. After a year in Gilcreek, Montana, the idea of moving on sounded good. Then this new guy checked into the motel. Jacob claims he's an artist, but he looks like he just walked out of a fitness magazine. Turns out there's more to him than meets the eye. Now everything has blown up in my face, and we're running for our lives. My life was never easy, but things just got a whole lot more complicated.

Kindred Spirits Allen M. Schoen, D.V.M., M.S.,2002-02-12 Treating animals just as any healer would treat human beings, Allen Schoen has become one of America’s most celebrated veterinarians. Kindred Spirits shares the transformative power of his remarkable methods, explores how alternative healing is revolutionizing his profession, and, in the tradition of James Herriot, shares heartwarming stories of animals and their caretakers who have deeply enriched each other’s lives. Through moving scenes—such as an ailing German shepherd who fights to stay alive so he can assist and comfort his ailing human companion—Schoen details the ways in which the human-animal bond can provide a wellspring of love and support, and outlines his own special prescription for improving the care we give our animals through adopting simple healing practices at home. A remarkable new synthesis of science and spirit, Kindred Spirits at last reveals the many ways our animal friends can help us lead happier, healthier, more fulfilling lives.

Learning to Love the Spaces in Between Claire Gillman,2022-11-10 The word liminal comes from the Latin word 'limen', meaning threshold. A liminal space is the 'crossing over' space, the time between 'what was' and the 'what is to come', and a place of transition and possibility. Each of us experiences liminality in our lives - learning how to navigate and embrace its power can enhance our wellbeing and our understanding of the world. Being in liminal space can be unnerving, yet it is often where insight, creativity and inspiration are found. Liminality can be a metaphysical state - the place between sleep and wakefulness, between life and death where consciousness is altered - or it can be a physical space: an empty art gallery, or the moment just before it rains. In an age where so much is known, defined and explained, the feelings we derive from liminal spaces continues to enchant us and to disturb our equilibrium and complacency. Using a combination of commentary and interviews with leading luminaries within their specific fields, *Learning to Love the Spaces in Between* explores both physical and metaphysical liminal spaces. The text provides not only an explanation from both spiritual and scientific perspectives but also suggestions on practical steps we can take to encourage us to explore the uncomfortable feelings that arise when we are in the unknown. Welcome to the boundless possibility of liminality.
