### Miniature Needle Painting Embroidery Trish

Burr,2015-02 Annotation. Trish has always been fascinated by miniature art and for years has had a yen to try and embroider smaller pieces. There is something so endearing about little paintings with all the detail and form of a larger piece, not to mention the fact that they are much quicker to stitch! Here she has compiled fresh and appealing designs that depict the pretty, romantic illustrations typical of the Victorian and post-Victorian eras. Each project is accompanied by a detailed thread diagram which shows exactly which colour should be used and where. The small size of the designs allows for great flexibility in their final use such as group framing, making up into cushions, book covers, quilt squares, needle cases, box lids, tote bags, pockets on clothing and so on.

*The Art of Darkness* S. Elizabeth, 2022-09-06 The Art of Darkness is a visually rich sourcebook featuring eclectic artworks that have been inspired and informed by the morbid, melancholic and macabre. Throughout history, artists have been obsessed with darkness – creating works that haunt and horrify, mesmerise and delight and play on our innermost fears. Gentileschi took revenge with paint in Judith Slaying Holofernes while Bosch depicted fearful visions of Hell that still beguile. Victorian Britain became strangely obsessed with the dead and in Norway Munch explored anxiety and fear in one of the most famous paintings in the world (The Scream, 1893). Today, the Chapman Brothers, Damien Hirst and Louise Bourgeois, as well as many lesser known artists working in the margins, are still drawn to all that is macabre. From Dreams & Nightmares to Matters of Mortality, Depravity & Destruction to Gods & Monsters – this book introduces sometimes disturbing and often beautiful artworks that indulge our greatest fears, uniting us as humans from century to century. But, while these themes might scare us – can't they also be heartening and beautiful? Exploring and examining the artworks with thoughtful and evocative text, S. Elizabeth offers insight into each artist's influences and inspirations, asking what comfort can be found in

facing our demons? Why are we tempted by fear and the grotesque? And what does this tell us about the human mind? Of course, sometimes there is no good that can come from the sensibilities of darkness and the sickly shivers and sensations they evoke. These are uncomfortable feelings, and we must sit for a while with these shadows – from the safety of our armchairs. Artists covered include Pablo Picasso, Georgia O'Keeffe, Francisco de Goya, Leonora Carrington, John Everett Millais, Tracey Emin, Vincent van Gogh, Barbara Hepworth, Paul Cezanne and Salvador Dalí, as well as scores more. With over 200 carefully curated artworks from across the centuries, *The Art of Darkness* examines all that is dark in a bid to haunt and hearten. This book is part of the *Art in the Margins* series, following up on *The Art of the Occult*, which investigates representations of the mystical, esoteric and occult in art from across different times and cultures.

**Becoming Animal** David Abram, 2011-09-06 David Abram's first book, *The Spell of the Sensuous* has become a classic of environmental literature. Now he returns with a startling exploration of our human entanglement with the rest of nature. As the climate veers toward catastrophe, the innumerable losses cascading through the biosphere make

vividly evident the need for a metamorphosis in our relation to the living land. For too long we've ignored the wild intelligence of our bodies, taking our primary truths from technologies that hold the living world at a distance. Abram's writing subverts this distance, drawing readers ever closer to their animal senses in order to explore, from within, the elemental kinship between the human body and the breathing Earth. The shape-shifting of ravens, the erotic nature of gravity, the eloquence of thunder, the pleasures of being edible: all have their place in this book.
