Fourth Book of Songs Robert Foresman, 1925

Jungle King 2 Jack Porter, 2021

A New King of the Jungle Mwangi Muchiri, 2021-12-31 The animals of Cactapopo jungle are tired of old King Lion and want to choose a more progressive leader. Nobody seems to remember who chose lion as king. He is a total failure where leading the jungle animals is concerned. They set about selecting a king who will lead the animals without eating some of them and one who will turn the jungle into a paradise of fruit trees. After a very long and careful selection process, they are finally successful in choosing a new king who has the right leadership qualities. The animals are amazed and elated at their choice of their new king. After living many years

under the tyrannical rule of King Lion, a time had come and feelings of disgruntlement had started spreading among the animals. King Lion got wind of plans to overthrow him. So he summoned all the animals to a meeting to deliver his warning. The animals, led by the knowledgeable and bold elephant openly defied him. King Lion's desperate attempt to rally his perceived royal troops in the name of the greedy hyena and the sadistic evil snake did not yield fruits. These royalists were easily subdued by some of the other animals like porcupine, elephant and rhino. King Lion attempts to take on elephant head-on but he is defeated in open combat. The animals agree that it is time to get a new ruler. Elephant, who seems to be the defacto coup leader demonstrates a high sense of fairness first by allowing the deposed King Lion to live free to witness a new democratic process unfolding in the jungle. He, despite being a knowledgeable teacher and in possession of physical power, declines to offer himself as a candidate for the top position after King Lion. A committee is formed, comprising of some the jungles most respectable animals. It comes up with a set of values that will be the criteria for vetting candidates for the top job. Vetting begins and many animals offer their candidature as the new king of the jungle, each giving reasons as to why they believe they are most suited for the job. Some are driven by personal greed and self-interest, some by pride and arrogance and others by their ethnic alliances. Even Rabbit who has all his life lived abroad in the comfort of human homes comes back and joins the race for the coveted position. After vetting the candidates, campaigns in Cactapopo Jungle kick off in earnest. The unfolding drama is forever etched in the minds of the animals. They are able to cast aside the shackles of fear that had bound them for decades. The winds of change precipitated by the new king set an unprecedented momentum

towards the birth of a new and robust process of social transformation.

G Day Neil Baker,2010-07-22 G Day is basically man's attempt to murder God for leaving the world in such "dire" conditions. The team of assassins includes a Harvard educated Cyclops; his assistant, composed of ancient dust, named UGH; a mysterious woman with a somber history of sexual abuse name, None;; A woman employed by the C.I.A., previously a statue in a museum, named Ida; a scientist with a half omniscient mind, name Dr. Sseus; twenty-seven past presidents; and Dr. Pangloss the Programmer. God, not wanting to take any of the blame, assigns the devil to assume his role during the tribulation, only he must refer to himself as ("God") The misadventures that occur only leave the world in an "utter mess" with absolutely no one in charge and the most unexpected resolution of all.

Global Perspectives on Tarzan Annette Wannamaker, Michelle Ann Abate, 2012 This collection seeks to understand the long-lasting and global appeal of Tarzan: Why is a story about a feral boy, who is raised by apes in the African jungle, so compelling and so adaptable to different cultural contexts and audiences? How is it that the same narrative serves as the basis for both children's cartoons and lavish musical productions or as a vehicle for both nationalistic discourse and for light romantic fantasy? Considering a history of criticism that highlights the imperialistic, sexist, racist underpinnings of the original Tarzan narrative, why would this character and story appeal to so many readers and viewers around the world? The essays in this volume, written by scholars living and working in Australia, Canada, Israel, The Netherlands, Germany, France and the United States explore these questions using various critical lenses. Chapters include discussions of Tarzan novels, comics, television shows, toys, films, and

performances produced or distributed in the U.S., Canada, Israel, Palestine, Britain, India, The Netherlands, Germany and France and consider such topics as imperialism, national identities, language acquisition, adaptation, gender constructions, Tarzan's influence on child readers and Tarzan's continued and broad influence on cultures around the world. What emerges, when these pieces are placed into dialogue with one another, is an immensely complex picture of an enduring, multi-faceted global pop culture icon.
