Sleepwalking Kit Eldredge, 2020-09-22 Inspirational, self-help book with expressions that remind us to slow down our life pace, once in awhile to discover our potential opportunities. The book leads with the premise that every person has a purpose, a talent and a life experience that is so unique & special that no one else on this planet that has ever lived or is alive today is their equal. The hope is that the expressions in the book will serve as easy to remember reminders to slow the reader's life down, once in a while or wake them up when they're sleepwalking (going from one place to another without noticing your surroundings) so they can experience the joys of life more, better and longer.
