**Kitchen Bitch** Tony Chavez,2011-04-08 In a world dominated by master chefs, kitchen gods, and culinary idols, the story of the humble beginning of a cook is often overlooked or underappreciated. Tony Chavez narrates his own account of what it is to discover great food and adapt to the kitchen lifestyle that inevitably follows. Unquestioning obedience to the vision of a demanding, maniacal chef, and sweaty hours under the tutelage of the brigade of arrogant, exuberant, insane cooks, is what our young hero encounters in his introduction to the professional world of cooking.

**Essential Tools, Tips & Techniques for the Home Cook** Michelle Doll,2018-09-25 Learn the Secrets to Great Cooking without Going to Cooking School Reaching your full culinary potential takes more than just starting with high-quality ingredients and following a solid recipe. You also need to learn proper technique, master essential kitchen tools and know the secrets to great cooking that all chefs learn in culinary school. Chef Michelle Doll shines new light on familiar tools such as rolling pins, sheet pans, skillets, Dutch ovens, blenders, mixers, pressure cookers and more in this comprehensive, readable and entertaining guide. Her exceptional recipes demonstrate these techniques in action. Learn why a tapered French rolling pin is the best tool for rolling out dough, and then use it to make the flakiest pastry for Prime Time Fruit Galette. Follow Michelle as she delves into what she calls the stovetop-sauté pan matrix and make Better Than Take-Out Teriyaki Chicken that will have you taking your favorite Chinese restaurant off of speed dial. You’ll also learn some surprising techniques for using your kitchen tools in new ways, making tender Grape Shallot Focaccia in a cast-iron skillet, Peanut Butter Jelly Quick Bread in a blender and Slow and Easy French Onion Soup in a Dutch oven (you won’t be tied to the stovetop stirring caramelized onions every five minutes–genius!). With the perfect blend of fresh kitchen science and delicious examples of that science in action, this book is a must-read for kitchen geeks and everyday home cooks alike

**The Home Chef** Perry Perkins,2016-05 We are entering the age of the -Home Chef-, a title that's available to nearly everyone, regardless of age, or financial standing. That's what this book is about...because something amazing has begun to happen in the last two decades, something that has never before happened in the history of cooking...instead of growing wider, the gap between the home cook and the professional chef has actually begun to narrow, and continues to narrow exponentially with each passing year. The time when these specialized skills were limited to those who could afford the cost and time required for culinary school are quickly passing into history. The time when the sole requirement to elevate your cooking skills to this level...passion...is emerging. It's an amazing time to become a Home Chef...and if you have that passion, I'll show you how. Welcome! Chef Perry P. Perkins \_ \_ \_ \_ \_ Part autobiography, part call-to-arms, revealing the rapidly evolving landscape of cooking in America. -The Home Chef- is a manifesto on how to cook real food in our own kitchens, and more importantly...why we should. Filled with insider tips & tricks from the professional kitchen, hundreds of links and resources to (free) cooking education videos, and easy to follow instructions from a professional cooking instructor, The Home Chef- is culinary school for the home cook.
