Klondike Doctor Kate Bridges,2007-05-01 Hadn't she defied upper-class conventions to become a doctor? And now a troubling secret would send her north in search of answers and adventure with the exasperating Colt Hunter. Everything he said made her blood boil...yet everything he was made her heart race! Mountie Sergeant Colt Hunter had sworn to protect, and he'd never met a woman more in need of protection than the headstrong doctor. Why couldn't she understand that the untamed wilderness of the Yukon was no fit place for a genteel lady? Together they traveled a dangerous road where duty warred with passion, and even Colt couldn't foresee which would win out....

Klondike Mike Merrill Denison,2019-01-13 Klondike Mike: An Alaskan Odyssey is Merrill Denison’s 1943 biography of Mike Ambrose Mahoney, a Canadian who travelled to the North in 1897 in search of gold and adventure. In Klondike Mike—a popular “Book of the Month Club” choice—Denison uses imagined omnipotent disclosures of his subject’s thoughts to enrich his writing with a sense of immediacy. In episodic scenes, readers accompany Mahoney through mishaps and adversity: Mahoney hauling a piano on his back up the Chilkoot Pass so that the Sunny Samson Sisters Sextette can get to Dawson to make their fortunes entertaining prospectors; or Mahoney setting a record with his team of dogs as they race across the frozen North from Dawson to Skagway in only fourteen days. The dramatic tension inherent in each of these adventures provides Klondike Mike with a surging narrative pulse and pace—a clever evocation of gold rush fever. In these ways, Klondike Mike demonstrates that Denison should be considered an early innovator of the genre now known as creative non-fiction. Richly illustrated throughout.
A Girl of the Klondike Victoria Cross,2019-12-19 'A Girl of the Klondike' is a novel by Victoria Cross that is set in the rugged wilderness of Dawson, Alaska. Katrina Poniatovsky, a strong-willed woman, is the ruler of her domain, earning her the title Queen of the Klondike. As she begins to ponder her future, her life becomes complicated by newfound friendships with Stephen Wood, a former missionary turned miner, and the charming Englishman Henry Talbot. While Stephen's feelings for Katrina deepen, his love for gold threatens to consume his love for her. Meanwhile, Katrina is faced with the dilemma of choosing between her exciting life in town and an uncertain future.

Yukon Melody Webb,1993 Covering vast distances in time and space, Yukon: The Last Frontier begins with the early Russian fur trade on the Aleutian Islands and closes with what Melody Webb calls 'the technological frontier'. Colourful and impeccably researched, her history of the Yukon Basin of Canada and Alaska shows how much and how little has changed there in the last two centuries. Successive waves of traders, trappers, miners, explorers, soldiers, missionaries, settlers, steamboat pilots, road builders, and aviators have come to the Yukon, bringing economic and social changes, but the immense land 'remains virtually untouched by permanent intrusions.'
