Bravely Maggie Stiefvater,Disney Book Group,2022-05-03 What if you had one year to save everything you loved? ONE PRINCESS. Merida of DunBroch needs a change. She loves her family–jovial King Fergus, proper Queen Elinor, the mischievous triplets– and her peaceful kingdom. But she's frustrated by its sluggishness; each day, the same. Merida longs for adventure, purpose, challenge – maybe even, someday, love. TWO GODS. But the fiery Princess never expects her disquiet to manifest by way of Feradach, an uncanny supernatural being tasked with rooting out rot and stagnation, who appears in DunBroch on Christmas Eve with the intent to demolish the realm – and everyone within. Only the intervention of the Cailleach, an ancient entity of creation, gives Merida a shred of hope: convince her family to change within the year – or suffer the eternal consequences. THREE VOYAGES. Under the watchful eyes of the gods, Merida leads a series of epic journeys to kingdoms near and far in an attempt to inspire revolution within her family. But in her efforts to save those she loves from ruin, has Merida lost sight of the Clan member grown most stagnant of all – herself? FOUR SEASONS TO SAVE DUNBROCH – OR SEE IT DESTROYED, FOREVER.

Standards-Based Physical Education Curriculum Development Jacalyn Lund, Deborah Tannehill, 2010 Standards-Based Physical Education Curriculum Development, Second Edition is developed around the National Association of Sport and Physical Education (NASPE) standards for K-12 physical education. This innovative guide teaches students about the process of writing curriculum in physical education and was written by experts who have had specific experience designing and implementing this thematic curriculum. The text begins by looking at the national physical education standards and then examines physical education from a conceptual standpoint, addressing the “so what” of physical education. It then goes on to examine the development of performance-based assessments designed to measure the extent of student learning. The second part of the text explores the various curricular models common to physical education: sport education, adventure education, outdoor education, traditional/multi activity, fitness, and movement education. It goes on to describe each model, provide examples of curriculums that use it, show how the model links with physical education standards, and provide appropriate assessments for it. The third part, Chapter 14: It’s Not Business As Usual, discusses how to improve one’s physical education curriculum by doing things differently and embracing change.
