Diversity in the Workforce , 2006 Employment law can be a minefield. New employment regulations are coming into force constantly, expanding this area of the law and forcing companies to be aware of potential pitfalls. There is a particular focus on equality and discrimination in the workplace, and many companies are curious how to encourage and work with diverse collections of employees. This e-book looks at recent case-studies of discrimination, and also features interviews with high-profile experts in the field. This collection of articles pays particular attention to women's careers, age discrimination, the growing issue of obesity prejudice and the problems companies face when moving to new geographical areas and encouraging new members of staff.

Social Media in Asia Azman Azwan Azmawati, Rachel E. Khan, 2016-09-23 As part of the advocacy of the Asian Congress for Media and Communication (ACMC) to promote regional studies in global academic discourse, this book contributes to a better understanding of social media within the context of Southeast Asian countries, with the addition of Sri Lanka. The contributors here are primarily Asian academics and practitioners, immersed in the fields of media and communication. Throughout the chapters, the reader will discover that social media has changed the paradigm of communication in the region: as an avenue for free expression; as a tool for news gathering and news distribution; as an aid in crime prevention; and even as a means to find a lifelong partner. For non-Asian readers, there is also an annex that provides a summary of social media statistics in the region to allow the countries mentioned in this book to be situated within the global context.

The book's power derives from the passion its author brings to the writing and the way in which she summons up the voice, the presence, the words of Jesus who tells the story.
