Azman Azwan Azmawati,Rachel E. Khan

Pachinko (National Book Award Finalist) Min Jin Lee, 2017-02-07 A New York Times Top Ten Book of the Year and National Book Award finalist, Pachinko is an extraordinary epic of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). NEW YORK TIMES NOTABLE BOOK OF 2017 * A USA TODAY TOP TEN OF 2017 * JULY PICK FOR THE PBS NEWSHOUR-NEW YORK TIMES BOOK CLUB NOW READ THIS * FINALIST FOR THE 2018 DAYTON LITERARY PEACE PRIZE * WINNER OF THE MEDICI BOOK CLUB PRIZE Roxane Gay's Favorite Book of 2017, Washington Post NEW YORK TIMES BESTSELLER * #1 BOSTON GLOBE BESTSELLER * USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * WASHINGTON POST BESTSELLER There could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones. In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide*

Pension fund governance Michael Orszag, John Evans, John Piggott, 2008 'This collection of essays on a rapidly developing topic is a valuable addition to the field and the editors must be congratulated on beginning to bring the area to the attention of thinkers and government (not necessarily the same thing), who are charged with dealing with the challenge of controlling private pension provision.' - Robin Ellison, Pensions

Heritage, Culture and Society Salleh Mohd Radzi, Mohd Hafiz Mohd Hanafiah, Norzuwana Sumarjan, Zurinawati Mohi, Didi Sukyadi, Karim Suryadi, Pupung Purnawarman, 2016-10-26 Heritage, Culture and Society contains the papers presented at the 3rd International Hospitality and Tourism Conference (IHTC2016) & 2nd International Seminar on Tourism (ISOT 2016), Bandung, Indonesia, 10—12 October 2016). The book covers 7 themes: i) Hospitality and tourism management ii) Hospitality and tourism marketing iii) Current trends in hospitality and tourism management iv) Technology and innovation in hospitality and tourism v) Sustainable tourism vi) Gastronomy, foodservice and food safety, and vii) Relevant areas in hospitality and tourism Heritage, Culture and Society is a significant contribution to the literature on Hospitality and Tourism, and will be of interest to professionals and academia in both areas.

The Mystery of God Roderick L. Evans, 2012-04 What is the doctrine of the Trinity or Tri-une God? For years, the debate continues as to whether Jesus Christ and the Father are the same or if they are separate. Answers to this controversy are within the word of God which clearly reveals the truth. In the pages of this book, we will plainly discuss the Godhead; that is, the divine nature of God. Through the presentation of biblical truth, we will bring clarity to this controversial subject.

Report Of The Board Of Commissioners United States Soldiers' Home, 2019-03-25 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Social Media in Asia Azman Azwan Azmawati, Rachel E. Khan, 2016-09-23 As part of the advocacy of the Asian Congress for Media and Communication (ACMC) to promote regional studies in global academic discourse, this book contributes to a better understanding of social media within the context of Southeast Asian countries, with the addition of Sri Lanka. The contributors here are primarily Asian academics and practitioners, immersed in the fields of media and communication. Throughout the chapters, the reader will discover that social media has changed the paradigm of communication in the region: as an avenue for free expression; as a tool for news gathering and news distribution; as an aid in crime prevention; and even as a means to find a lifelong partner. For non-Asian readers, there is also an annex that provides a summary of social media statistics in the region to allow the countries mentioned in this book to be situated within the global context.

International Conference on Physics and its Applications Khairul Basar, Sparisoma Viridi, 2013-01-22 International Conference on Physics and Its Applications (ICPAP 2011) is aimed at providing the much needed forum of scientific communication and interaction among distinguished scientists working in the field of physics and related fields. The topics delivered in this conference cover: Theoretical High Energy Physics, Material Science and Technology, Biophysics and Medical Physics, Nuclear Science and Engineering, Earth and Planetary Sciences, Computational Physics, Instrumentation and Measurement, Physics Educations.

Diversity in the Workforce, 2006 Employment law can be a minefield. New employment regulations are coming into force constantly, expanding this area of the law and forcing companies to be aware of potential pitfalls. There is a particular focus on equality and discrimination in the workplace, and many companies are curious how to encourage and work with diverse collections of employees. This e-book looks at recent case-studies of discrimination, and also features interviews with high-profile experts in the field. This collection of articles pays particular attention to women's careers, age discrimination, the growing issue of obesity prejudice and the problems companies face when moving to new geographical areas and encouraging new members of staff.

Reconstructing Professionalism In University Teaching Walker, Melanie, 2001-07-01 * How can academics carve out new and effective ways of working with students against a background of constant change and policy pressure? * How can university teachers both enhance student learning and realize their own educational values? * What might be the shape of a new professionalism in university teaching? At the heart of this book is a small group of academics from very different disciplines making sense of their teaching situations. We witness each of their struggles and celebrations in designing a new course, engaging a large first year class, introducing a mentoring programme, nurturing independent learning through project work, using debates to develop students' critical thinking, and evaluating the success of their teaching. This book is the story of a higher education project, and central to the story are the attempts of university teachers to enact a critical professionalism in their everyday lives in teaching and learning; and also their development of a shared and collaborative dialogue. Each of the team seeks not only to improve their practice of teaching but also to explore amongst themselves what kind of professional they want to be and how to realize it in their work with students. Reconstructing Professionalism in University Teaching reveals how academics working together on researching their own teaching can both improve their students' learning and start to redefine their own professional roles.

Three Phase Partitioning Munishwar Nath Gupta, Ipsita Roy, 2021-08-11 Three Phase Partitioning: Applications in Separation and Purification of Biological Molecules and Natural Products presents applications in diverse areas of both chemical technology and biotechnology. This book serves as a single resource for learning about both the economical, facile and scalable processes, along with their potential for applications in the separation and purification of materials and compounds across the entire spectra of chemical and biological nature. The book begins by explaining the origins and fundamentals of TPP and continues with chapters on related applications, ranging from the purification of parasite recombinant proteases to oil extraction from oilseeds and oleaginous microbes, and more. Written by researchers who have been pioneers in developing and utilizing three phase partitioning Focuses on applications, with chapters detailing relevance to a wide variety of areas and numerous practical examples Designed to give laboratory workers the information needed to undertake the challenge of designing successful three-phase partitioning protocols
