Polish Postcommunist Cinema Ewa Mazierska,2007 This book covers the history of Polish cinema from 1989 up to the present in a broad political and cultural context, looking at both the film industry and film artistry. It considers the main ideas behind the institutional changes in the Polish film industry after the collapse of communism and assesses how these ideas were implemented. In discussing artistry, the focus is on the genres which dominated the Polish cinematic landscape after 1989 and the most important directors.

Women in Polish Cinema Ewa Mazierska,Elżbieta Ostrowska,2006 This work aims to explore the main types of female character in Polish feature cinema, from its beginnings to contemporary times and also to analyse the work of the most prominent Polish women film directors against the background of the roles being played by women in Polish history and their positions within society.

Poland Daily Ewa Mazierska,2017-06-01 Like many Eastern European countries, Poland has seen a succession of divergent economic and political regimes over the last century, from prewar “embedded liberalism,” through the state socialism of the Soviet era, to the present neoliberal moment. Its cinema has been inflected by these changing historical circumstances, both mirroring and resisting them. This volume is the first to analyze the entirety of the nation's film history—from the reemergence of an independent Poland in 1918 to the present day—through the lenses of political economy and social class, showing how Polish cinema documented ordinary life while bearing the hallmarks of specific ideologies.

Benedict Cumberbatch: Transition Completed Lynnette Porter, 2014-11-21 Star Trek: Into Darkness, The Fifth Estate, 12 Years a Slave, August: Osage County, The Hobbit: The Desolation of Smaug—these would be milestones in most actors' entire career. For Benedict Cumberbatch, roles in these films are merely a year's additions to his already-vast resume. 2013 proved to be the final step in Cumberbatch's transition from respected working actor to bona fide worldwide celebrity and recipient of BAFTA Los Angeles' Britannia Award for British Artist of the Year. Like its predecessor, Benedict Cumberbatch, In Transition (MX Publishing, 2013), Benedict Cumberbatch, Transition Completed: Films, Fame, Fans explores the nature of Cumberbatch's fame and fandom while analysing his most recent roles. This in-depth performance biography does more than critique the actor's radio, stage, film, and television performances—especially his star turn in the long-awaited yet controversial third series of Sherlock. It also analyses how and why the actor's work is so memorable in each role, a perspective unique to this performance biography. Cumberbatch's role in popular culture, as much as his acting in multiple media, is well worth such scrutiny to illustrate that Benedict Cumberbatch represents both the best of acting and of the power of celebrity.

Polish Cinema Marek Haltof, 2018-10-19 First published in 2002, Marek Haltof's seminal volume was the first comprehensive English-language study of Polish cinema, providing a much-needed survey of one of Europe's most distinguished—yet unjustly neglected—film cultures. Since then, seismic changes have reshaped Polish society, European politics, and the global film industry. This thoroughly revised and updated edition takes stock of these dramatic shifts to provide an essential account of Polish cinema from the nineteenth century to today, covering such renowned figures as Kieślowski, Skolimowski, and Wajda along with vastly expanded coverage of documentaries, animation, and television, all set against the backdrop of an ever-more transnational film culture.

The Palgrave Handbook of Comparative New Cinema Histories Daniela Treveri Gennari,

Polish Film Charles Ford, Robert Hammond, 2015-05-07 When the Lumière brothers introduced the motion picture in 1895, Poland was a divided and suffering nation—yet Polish artists found their way into the new world of cinema. Boleslaw Matuszewski created his first documentary films in 1896, and Poland's first movie house was established in 1908. Despite war and repression, Polish cinema continued to grow and to reach for artistic heights. The twentieth century closed with new challenges, but a new generation of Polish filmmakers stood ready to meet them. Here is a complete history of the Polish cinema through the end of the twentieth century, with special attention to political and economic contexts.

Gendering History on Screen Julia Erhart, 2018-03-05 Movies about significant historical personalities or landmark events like war seem to be governed by a set of unspoken rules for the expression of gender. Films by female directors featuring female protagonists appear to receive particularly harsh treatment and are often criticised for being too 'emotional' and incapable of expressing 'real' history. Through her examination of films from the United States, Europe, Australia and elsewhere, Julia Erhart makes powerful connections between the representational strategies of women directors such as Kathryn Bigelow, Ruth Ozeki and Alexandra von Grote and their concerns with exploring the past through the prism of the present. She also compellingly explores how historiographical concepts like valour, memory, and resistance are uniquely re-envisioned within sub-genres including biopics, historical documentaries, Holocaust movies, and movies about the 'War on Terror'. Gendering History on Screen will make an invaluable contribution to scholarship on historical film and women's cinema.

Animating the Spirited Tze-yue G. Hu, Masao Yokota, Gyongyi Horvath, 2020-01-27 Contributions by Graham Barton, Raz Greenberg, Gyongyi Horvath, Birgitta Hosea, Tze-yue G. Hu, Yin Ker, M. Millie Young Getting in touch with a spiritual side is a craving many are unable to express or voice, but readers and viewers seek out this desired connection to something greater through animation, cinema, anime, and art. Animating the Spirited: Journeys and Transformations includes a range of explorations of the meanings of the spirited and spiritual in the diverse, dynamic, and polarized creative environment of the twenty-first century. While animation is at the heart of the book, such related subjects as fine art, comics, children's literature, folklore, religion, and philosophy enrich the discoveries. These interdisciplinary discussions range from theory to practice, within the framework of an ever-changing media landscape. Working on different continents and coming from varying cultural backgrounds, these diverse scholars, artists, curators, and educators demonstrate the insights of the spirited. Authors also size up new dimensions of mental health and related expressions of human living and interactions. While the book recognizes and acknowledges the particularities of the spirited across cultures, it also highlights its universality, demonstrating how it is being studied, researched, comprehended, expressed, and consumed in various parts of the world.
