Denise Huskins,Aaron Quinn,Nicole Weisensee Egan

TV Guide ,1987

Return of the Sea Otter Todd McLeish,2018-03-20 A science journalist's journey along the Pacific Coast from California to Alaska to track the status, health, habits, personality, and viability of sea otters--the appealing species unique to this coastline that was hunted to near extinction in the 18th and 19th centuries. These adorable, furry marine mammals--often seen floating on their backs holding hands--reveal the health of the coastal ecosystem along the Pacific Ocean. Once hunted for their prized fur during the 1700s and 1800s, these animals nearly went extinct. Only now, nearly a century after hunting ceased, are populations showing stable growth in some places. Sea otters are a keystone species in coastal areas, feeding on sea urchins, clams, crab, and other crustaceans. When they are present, kelp beds are thick and healthy, providing homes for an array of sealife. When otters disappear, sea urchins take over, and the kelp disappears along with all of the creatures that live in the beds. Now, thanks to their protected status, sea otters are making a comeback in California, Washington, and Alaska.

Our Subway Baby Peter Mercurio,2020-09-15 This gentle and incredibly poignant picture book tells the true story of how one baby found his home. Some babies are born into their families. Some are adopted. This is the story of how one baby found his family in the New York City subway. So begins the true story of Kevin and how he found his Daddy Danny and Papa Pete. Written in a direct address to his son, Pete's moving and emotional text tells how his partner, Danny, found a baby tucked away in the corner of a subway station on his way home from work one day. Pete and Danny ended up adopting the baby together. Although neither of them had prepared for the prospect of parenthood, they are reminded, Where there is love, anything is possible.

Victim F Denise Huskins,Aaron Quinn,Nicole Weisensee Egan,2021-06-08 The shocking true story of a bizarre kidnapping and the victims' re-victimization by the justice system. In March 2015, Denise Huskins and her boyfriend Aaron Quinn awoke from a sound sleep into a nightmare. Armed men bound and drugged them, then abducted Denise. Warned not to call the police or Denise would be killed. Aaron agonized about what to do. Finally he put his trust in law enforcement and dialed 911. But instead of searching for Denise, the police accused Aaron of her murder. His story, they told him, was just unbelievable. When Denise was released alive, the police turned their fire on her, dubbing her the "real-life 'Gone Girl'" who had faked her own kidnapping. In *Victim F*, Aaron and Denise recount the horrific ordeal that almost cost them everything. Like too many victims of sexual violence, they were dismissed, disbelieved, and dragged through the mud. With no one to rely on except each other, they took on the victim blaming, harassment, misogyny, and abuse of power running rife in the criminal justice system. Their story is, in the end, a love story, but one that sheds necessary light on sexual assault and the abuse by law enforcement that all too frequently compounds crime victims' suffering.

Ghost Hunter's Guide to Monterey and California's Central Coast Jeff Dwyer,2010 A guide to the most haunted and historic sites along California's central coast. Historical information, tips and guidelines to planning a ghost hunt round out this exploration of three hundred miles of haunted California coastline.

Art in Places Various,2018-06-01 The Living Arts Library is specially designed to stimulate children's interest and imagination in all aspects of the international arts. The activity-based approach encourages readers to try for themselves a variety of skills and techniques.

An American Genocide Benjamin Madley,2016-05-24 Between 1846 and 1873, California's Indian population plunged from perhaps 150,000 to 30,000. Benjamin Madley is the first historian to uncover the full extent of the slaughter, the involvement of state and federal officials, the taxpayer dollars that supported the violence, indigenous resistance, who did the killing, and why the killings ended. This deeply researched book is a comprehensive and chilling history of an American genocide. Madley describes pre-contact California and precursors to the genocide before explaining how the Gold Rush stirred vigilante violence against California Indians. He narrates the rise of a state-sanctioned killing machine and the broad societal, judicial, and political support for genocide. Many participated: vigilantes, volunteer state militiamen, U.S. Army soldiers, U.S. congressmen, California governors, and others. The state and federal governments spent at least \$1,700,000 on campaigns against California Indians. Besides evaluating government officials' culpability, Madley considers why the slaughter constituted genocide and how other possible genocides within and beyond the Americas might be investigated using the methods presented in this groundbreaking book.

American Judaism, Adventure in Modernity Jacob Neusner,1978

Population Control Jim Marrs,2015-06-23 From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In Population Control, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of Rule by Secrecy and The Trillion Dollar Conspiracy, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry - guns, oil, pharmaceuticals, food, and of course the media - and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive Population Control, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back.

Division Street Robert Gumpert,2022 In 2016 the Super Bowl came to San Francisco. The unhoused were moved to Division Street where, officials hoped, they would be 'invisible'. Amid the unlimited wealth of that 'super' week, the unhoused were crowded together in tents or sleeping rough on the ground. No facilities and no promises of permanent housing were given. The voices of the unhoused on Division Street are integral to this project. Through photographs, first-person storytelling, messages left on the street, media headlines and politicians' characterizations we see the invisible.

Pattern Recognition Applications and Methods Ana Fred,Maria De Marsico,Antoine Tabbone,2015-11-20 This book constitutes the thoroughly refereed post-conference proceedings of the Third International Conference on Pattern Recognition, ICPRAM 2014, held in Angers, France, in March 2014. The 18 revised full papers were carefully reviewed and selected from 179 submissions and describe up-to-date applications of Pattern Recognition techniques to real-world problems, interdisciplinary research, experimental and/or theoretical studies yielding new insights that advance Pattern Recognition methods.

The Once and Future Forest: California's Iconic Redwoods ,2021-08-03

Development of TV Boosters United States. Congress. Senate. Committee on Interstate and Foreign Commerce, United States. Congress. Senate. Committee on Interstate and Foreign Commerce. Reader's Theater Scripts for Your Classroom, Secondary Gail Hennessey, 2006-03-01 As students regularly read and perform these age-appropriate texts, they improve decoding, interpretation, fluency, and comprehension.

The Illio, 1911

This Morning I Met a Whale Michael Morpurgo, 2009 At sunrise, young Michael spots a whale on the shores of the Thames and thinks he must be dreaming. But the creature is real and it has a message for him - one that only an open-minded child can deliver to the rest of the world.

The Art of Relevance Nina Simon, 2016-06-14 What do the London Science Museum, California Shakespeare Theater, and ShaNaNa have in common? They are all fighting for relevance in an often indifferent world. The Art of Relevance is your guide to mattering more to more people. You'll find inspiring examples, rags-to-relevance case studies, research-based frameworks, and practical advice on how your work can be more vital to your community. Whether you work in museums or libraries, parks or theaters, churches or afterschool programs, relevance can work for you. Break through shallow connection. Unlock meaning for yourself and others. Find true relevance and shine.

Between the Lines Sandra Neil Wallace, 2018-01-23 "A visually striking, enlightening picture-book biography." —Booklist (starred review) "An absolutely indispensable illustrated biography." —School Library Journal (starred review) "A well-sourced, stirring account of an artist." —Publishers Weekly (starred review) "For sports fans and budding artists alike...a well-told, artfully illustrated story." —Kirkus Reviews (starred review) A 2019 Orbis Pictus Book Award Winner * An ALA-ALSC Notable Children's Book * A SCBWI Golden Kite Honor Book Award * A Booklist Top 10 Biographies for Youth * A Booklist Top 10 Art Books for Youth * A New York Public Library (NYPL) Best Book for Kids * A Chicago Public Library Best of the Best Book Discover the remarkable true story of NFL star Ernie Barnes—a boy who followed his dreams and became one of the most influential artists of his generation—with this beautiful and fascinating nonfiction picture book illustrated by four-time Caldecott Honor recipient Bryan Collier. "An artist paints his own reality." —Ernie Barnes Ernie Barnes was an NFL football player who longed to make art. Finally his dream came true. When Ernie Barnes was growing up in North Carolina in the 1940s, he loved to draw. Even when he played as a boy with his friends he drew with a stick in the mud. And he never left home without a sketchbook. He would draw families walking home from church, or the old man on the sofa. He drew what he saw. But in the segregated south, Ernie didn't know how to make a living as an artist. Ernie grew tall and athletic and became a football star. Soon enough the colleges came calling. Still, in his heart Ernie longed to paint. Would that day ever come? Ernie Barnes was one of the most important artists of his time known for his style of elongation and movement. His work has influenced a generation of painters and illustrators and can be found in museums and collections, such as the African American Museum in Philadelphia and the California African American Museum. Between the Lines is a story of inspiration, spirit, and of an American original who pursued his dream. This enchanting picture book includes pieces of artwork created by this little known artist who captured the truth and beauty of the world he saw around him.
