Queer Popular Culture T. Peele,2007-04-30 This collection addresses the politics of queer representation in multiple contexts. Articles cover the rise of the queer cowboy, the emergence of lesbian chic, and the expansion of representations of blackness alongside work on queer, Taiwanese, online communities; a transgender Israeli pop star; and film mimicry in Kerala, India.

AsiaPacifiQueer Fran Martin,Peter Jackson,Mark McLelland,Audrey Yue,2010-10-01 This interdisciplinary collection examines the shaping of local sexual cultures in the Asian Pacific region in order to move beyond definitions and understandings of sexuality that rely on Western assumptions. The diverse studies in *AsiaPacifiQueer* demonstrate convincingly that in the realm of sexualities, globalization results in creative and cultural admixture rather than a unilateral imposition of the western values and forms of sexual culture. These essays range across the Pacific Rim and encompass a variety of forms of social, cultural, and personal expression, examining sexuality through music, cinema, the media, shifts in popular rhetoric, comics and magazines, and historical studies. By investigating complex processes of localization, interregional borrowing, and hybridization, the contributors underscore the mutual transformation of gender and sexuality in both Asian Pacific and Western cultures. Contributors are Ronald Baytan, J. Neil C. Garcia, Kam Yip Lo Lucetta, Song Hwee Lim, J. Darren Mackintosh, Claire Maree, Jin-Hyung Park, Teri Silvio, Megan Sinnott, Yik Koon Teh, Carmen Ka Man Tong, James Welker, Heather Worth, and Audrey Yue.

The Routledge Handbook of Translation, Feminism and Gender Luise von Flotow,Hala Kamal,2020-06-09
The Routledge Handbook of Translation, Feminism and Gender provides a comprehensive, state-of-the-art overview of feminism and gender awareness in translation and translation studies today. Bringing together work from more than 20 different countries - from Russia to Chile, Yemen, Turkey, China, India, Egypt and the Maghreb as well as the UK, Canada, the USA and Europe - this Handbook represents a transnational approach to this topic, which is in development in many parts of the world. With 41 chapters, this book presents, discusses, and critically examines many different aspects of gender in translation and its effects, both local and transnational. Providing overviews of key questions and case studies of work currently in progress, this Handbook is the essential reference and resource for students and researchers of translation, feminism, and gender.

Bill og Ben kuer kidnapperne Marshall

Grover, 2017-03-23 Bill og Ben føler ingen trang til at mægle i fejden mellem brødrene Kimball og brødrene Gaynor, da de rider ind i Follard disktriktet. Men de er ikke kommet ret langt, før de er nødt til at dukke sig for Kimballs kugler og slå Gaynors ud. Og for at gøre problemet endnu mere indviklet blander en flok skumle banditter sig i sagen og kidnapper en berømt sangerinde. De to texanske pistolslyngere går i gang med at rede trådene ud ved hjælp af knyttede næver og rygende seksløbere. Leonard F. Meares (1921-1993) var en kendt amerikansk forfatter, som af de fleste er bedre kendt under pseudonymet Marshall Grover. Han var kendt for sine utallige westerns og er en af de få forfattere, der har skrevet mere end hundrede bøger - 746 for at være helt præcis. Deriblandt er også mere end hundrede bind i westernserien Bill og Ben. Bill og Ben er en amerikansk westernserie skrevet af den berømte westernforfatter Leonard F. Meares under pseudonymet Marshall Grover. Serien følger de to cowboys Bill og Ben på deres utallige eventyr, der spænder over mere end hundrede bind. Klassisk og underholdende western til alle aldre.

The Laws of the Hittites Harry A Hoffner

Jr, 2023-08-14 A complete tool for understanding this oldest collection (about 1650 BC) of laws made by an Indo-European people. Incorporating many tablets published since the 1959 edition, and utilizing the latest lexical and grammatical insights, the author presents the text in the score format with translation, commentary, glossary, indexes, plates and bibliography.

Queer in Translation B.J. Epstein, Robert

Gillett, 2017-01-06 As the field of translation studies has developed, translators and translation scholars have become more aware of the unacknowledged ideologies inherent both in texts themselves and in the mechanisms that affect their

circulation. This book both analyses the translation of queerness and applies queer thought to issues of translation. It sheds light on the manner in which heteronormative societies influence the selection, reading and translation of texts and pays attention to the means by which such heterosexism might be subverted. It considers the ways in which queerness can be repressed, ignored or made invisible in translation, and shows how translations might expose or underline the queerness – or the homophobic implications – of a given text. Balancing the theoretical with the practical, this book investigates what is culturally at stake when particular texts are translated from one culture to another, raising the question of the relationship between translation, colonialism and globalization. It also takes the insights derived from intercultural translation studies and applies them to other fields of cultural criticism. The first multi-focus, in-depth study on translating queer, translating queerly and queering translation, this book will be of interest to scholars working in the fields of gender and sexuality, queer theory and queer studies, literature, film studies and translation studies.

The Ashgate Research Companion to Queer Theory

Mr Michael O'Rourke, Ms Noreen Giffney, 2012-12-28
This Companion provides an interdisciplinary and international overview of the increasingly important field of queer studies. The team of respected and experienced scholars and activists foregrounds and promotes the many intersections of queer studies in an accessible, clear and engaging style to produce an indispensable tool for scholars and students alike.

Postcolonial and Postsocialist Dialogues

Redi Koobak, Madina Tlostanova, Suruchi Thapar-Björkert, 2021-03-22
Through staging dialogues between scholars, activists, and artists from a

variety of disciplinary, geographical, and historical specializations, *Postcolonial and Postsocialist Dialogues* explores the possible resonances and dissonances between the postcolonial and the postsocialist in feminist theorizing and practice. While postcolonial and postsocialist perspectives have been explored in feminist studies, the two analytics tend to be viewed separately. This volume brings together attempts to understand if and how postcolonial and postsocialist dimensions of the human condition – historical, existential, political, and ideological – intersect and correlate in feminist experiences, identities, and struggles. In the three sections that probe the intersections, opacities, and challenges between the two discourses, the authors put under pressure what postcolonialism and postsocialism mean for feminist scholarship and activism. The contributions address the emergence of new political and cultural formations as well as circuits of bodies and capital in a post-Cold War and postcolonial era in currently re-emerging neo-colonial and imperial conflicts. They engage with issues of gender, sexuality, race, migration, diasporas, indigeneity, and disability, while also developing new analytical tools such as postsocialist precarity, queer postsocialist coloniality, uneventful feminism, feminist opacity, feminist queer crip epistemologies. The collection will be of interest for postcolonial and postsocialist researchers, students of gender studies, feminist activists and scholars.

The Gender Legacy of the Mao Era Xin Huang, 2018-08-01 Shows that the feminist interventions of the Mao era (1949–1976) continue to influence contemporary Chinese women. This book traces how the legacy of the Maoist gender project is experienced or contested by particular Chinese women, remembered or forgotten in their lives, and

highlighted or buried in their narratives. Xin Huang examines four women's life stories: an urban woman who lived through the Mao era (1949-1976), a rural migrant worker, a lesbian artist who has close connections with transnational queer networks, and an urban woman who has lived abroad. The individual narratives are paired with analysis of the historical and social contexts in which each woman lives. Huang focuses on the shifting relationship between gender and class, fashion and shame in the Mao and post-Mao eras, queer desire and artwork, and contemporary transnational encounters. By rethinking the historical significance and contemporary relevance of one of the twentieth century's major feminist interventions-socialist and Marxist women's liberation during the Mao years-The Gender Legacy of the Mao Era provides insight into current struggles over gender equality in China and around the world.

The Kitan Language and Script Daniel Kane, 2009
The Kitans established the Liao dynasty in northern China, which lasted for over two centuries (916-1125). In this survey the reader will find what is currently known about the Kitan language and scripts. The language was very likely distantly related to Mongolian, with two quite different scripts in use. A few generations after their state was defeated, almost all trace of the Kitan spoken and written languages disappeared, except a few words in Chinese texts. Over the past few decades, however, inscriptions from the tombs of the Liao emperors and the Kitan aristocracy have been at least partially deciphered, resulting in a significant increase of our knowledge of the Kitan lexicon, morphology and syntax.

Climate Change and Globalization in the Arctic E. Carina H. Keskitalo, 2012-05-04
Climate change vulnerability assessment is a rapidly developing field. However, despite the fact that such major

trends as globalization and the changing characteristics of the political and economic governance systems are crucial in shaping a community's capacity to adapt to climate change, these trends are seldom included in assessments. This book addresses this shortcoming by developing a framework for qualitative vulnerability assessment in multiple impact studies (of climate change and globalization) and applying this framework to several cases of renewable natural resource use. The book draws upon case studies of forestry and fishing – two of the largest sectors that rely on renewable natural resources – and reindeer herding in the European North. The study represents a bottom-up view, originating with the stakeholders themselves, of the degree to which stakeholders find adaptation to climate change possible and how they evaluate it in relation to their other concerns, notably economic and political ones. Moreover, the approach and research results include features that could be broadly generalized to other geographic areas or sectors characterized by renewable natural resource use.
